NEWS OF THE DAY.

WEDNESDAY MORNING, OCT. 28, 1868.

POPULAR LECTURES.—It is, we are glad to hear, the intention of some Kingston gentlemen to inaugurate a series of fortnightly lectures, to be delivered in St. George's Hall throughout the coming winter season, for the improvement and gratification of the people of the city. The Rev. Mr. Moffatt, Messrs. J. Riddell, Dupuis and other well known literary gentlemen have kindly consented to lend their aid to the undertaking by delivering lectures. The first lecture of the series will be delivered on the evening of the 6th of November, by Mr. Riddell, on "National Scottish Food and Dishes," a subject well capable of being digested. This lecture, as well as the others to be subsequently announced, will be both instructive and interesting, and we hope to see them patronized as they should be by the good people of Kingston. The praiseworthy efforts of the gentlemen, which have been instrumental in the matter, deserve to be liberally supported and encouraged.

THE ASSIZES.—The Jury in the case of Rourk vs. Harty returned a verdict for plaintiff and one shilling damages on Monday night, and the Court then rose after an unusually short session of five days. In this last case Mr. Galt, Q.C., and Mr. McIntyre were for the plaintiff, and Mr. Jas. O'Reilly, Q.C., and Mr. Britton for the defendant.

SOCIAL.—On Monday evening a Social was given in the Primitive Methodist Church, Brock Street, under the patronage of Mr. and Mrs. Bajus. It was an extremely large gathering, the basement being filled to completion. After the usual and bountiful refreshments had been discussed with a relish, the Rev. J. Tracey was called to the chair, and made a few remarks in his usual happy and pleasant way. Afterwards addresses were made by the Rev. Mr. Wilkinson, (late of England) the Rev. Mr. Swift, the Rev. Mr. Cook, of Sydenham, and Jas. Linton, Esq. Miss Mary E. Lacey read interesting extracts from her diary of a late tour in Europe, and acquitted herself with a deal more credit than many older and more experienced, but not wiser, heads could have done. She concluded with the remark that she loved England because it was the birth-place of her parents, but loved Canada still more as it was her own birth-place, and because she had so many pleasant recollections of it. On taking her seat she was well applauded. The choir, led by Mr. W. P. Lacey, sang several fine pieces. During the evening Mr. Swift, the Pastor, on behalf of the ladies, (God bless them) presented to Mr. J. P. Lacey a very handsome writing desk, to Mr. Robt. Carnovsky a handsome China Tea-sett, and to Mr. W. P. Lacey a Silver Tea-sett of four pieces, each bearing a suitable inscription. Appropriate acknowledgments were made, and the party broke up about half past ten o'clock, "sorry to part." The proceeds amounted to a handsome sum.

A CARD.

A CLERGYMAN, while residing in South America as a Missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE. Address

BLOOD TELLS.—Pure, rich, strong blood makes healthy flesh and fibre. When the blood is pure the system is free from disease, and the surface free from sores, and skin eruptions. Dr. Radway's Sarsaparillian makes the purest and best, strongest and richest blood, that ever circulated through the veins of man, woman or child. If the blood is deficient in either of its natural constituents, a few doses of Radway's Sarsaparillian will supply the deficiency. Some men have more courage, endurance, and superior physical power than others. The secret of this is in the blood, and that which will supply the blood with nourishment, strength and purity, will develope in the physical organization those qualities that are present in a healthy body.

RADWAY'S SARSAPARILLIAN RESOLVENT cures the worst diseases that ever disfigured the tabernacle of the flesh, and its effects are experienced so quick, that every day the patient realizes some new change that fills with hope of a final cure, and every day he sees and feels the disease departing from him. No wonder either; for this great remedy is prepared for the best species of Sarsaparillian, Pareria Brava, Fuci, and other roots of rare excellence, that are gathered in their proper season by agents of intelligence under the exclusive pay of Dr. Radway, so that not one atom of impure or spurious substance is mixed with these roots. You feel at once the strengthening power of Radway's Sarsaparillian Resolvent, and in a few days those who are annoyed with Blotches, Sores, Eruptions, Pustules, Tetters, &c., on the surface of the body, will see them disappear and the skin become clear and beautiful.

Those afflicted with Chronic disease—such as Fever Sores, Scrofula, Syphilis, Salt Rheum, and the several species of Skin diseases—will feel better in health, and receive, by its wonderful effects on the system, assurances of a cure. Those suffering with Kidney, Bladder, Uterine complaints, with Gravel, Diabetes Brick Dust deposits in the urine, and pain when discharging water, will derive quick benefit.

In Consumption, Asthma, Bad Coughs, Bronchitis, it affords immediate relief, and has made astonishing cures. As an evidence of the importance of young children using this remedy, if they have been sick with Measles, Scarlet Fever, Erysipelas, Smallpox, Varilbid, &c. where the disease has been smothered only, and not fully cured, we publish the following letter. In all cases where persons know that in their bodies lay some hidden taint,—as Scrofula, Consumption, Dropsy, or any other Family Complaint,—Radway's Sarsaparillian should be given to the child; this will exterminate the virus of the disease from the blood of the child. Think of this, parents! and start your children with a good constitution to begin with.

[PROV.]

Russell, Ont., Sept. 28, 1868.

DR. J. RADWAY,—

Dear Sir:—I herewith send you a voluntary statement regarding the case of my son. He will be, if he lives until November next, five years of age. From his birth he has been a sickly, and in every way delicate child. When a year and a half of age he had an attack of measles, and since then he has suffered from a cutaneous eruption of a very severe type. His face, neck, arms and head were completely enveloped with disagreeable sores and with sores in the head, which at times, destroyed his hearing, and caused us to despair of his life. The sores or eruptions first appeared in bright red spots like burns, and then, after a time blistered and became running sores. I tried several physicians of high repute, and numerous proprietory and other preparations highly recommended for cutaneous disease, but the little sufferer continued to grow worse.

I was induced to try your Sarsaparillian Resolvent, but without the slightest hope of the benefit of my child, but to my surprise, he speedily recovered under its use. I first commenced administering it in very small doses, half teaspoonful three times a day, and after using one bottle, to my surprise and pleasure, he was perfectly cured.

I cheerfully recommend it to others afflicted with disease of a similar nature, knowing its efficacy by actual observation.

Your humble servant,
NATH. HELMER,

Sold at 439 St. Paul Street, Montreal. Six bottles for $5 will be sent by express.

HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the* cheapest *preparation ever offered to the public; as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
