A sad accident occurred here on Monday about noon, by which little Victor McKenzie, son of Mr. James McKenzie, might easily have been killed, getting run over by a load of gravel driven into the yard by J. R. Lush. In some way Victor climbed onto one of the wheels of the wagon and was thrown to the ground having his head and shoulder hurt, his jaw bone broken and otherwise injured. The little fellow lies in a precarious condition. All hope for his speedy recovery.

Berry picking is the order of the day.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

Among the sports was a game of baseball between Kimberley and Vandeleur, which resulted in a victory for the latter, the score being 12-4 Stuart and Ellis delivered the slants for Kimberley, while Graham was in the mound for Vandeleur. Graham had the game well in hand at all stages and held the boys from the Valley down to a few scattered hits. It was a swatfest royal for Vandeleur, who pounded the pellet to every corner of the field. Vandeleur is one game ahead now, but we look to see our boys vindicate themselves when the two teams clssh at a garden party here on August the 20th.

Mr. J. R. Fawcett visited Heathcote friends on Saturday last.

Maxwell

About ten days ago Miss Alice Fenwick invited her Sunday school class to come to her home for the afternoon of August 10. With joy her girls watched for the day and were there in good time The afternoon was made enjoyable to them by Miss Alice having prepared for them treats of candy, peanuts, bananas and ice cream, and at lunch hour seated them before a beautifully spread table. An afternoon thus spent will help fix in the minds of those girls a kindly remembrance for their teacher that time will not efface. Such an act is praiseworthy upon the part of any Sunday school teacher, but especially upon the part of Miss Fenwick, just at this time, because upon the Thursday before, Miss Fenwick, from a fall received a broken wrist, yet she would not postpone the party for the girls lest it would be a disappointment to some. To teachers thus minded and willing to make a little sacrifice, Sunday School work has its bright side, and the bright side is the knowledge that you are on the right side, when you are striving to win your class for Christ for whom you labor.

French Dry Cleaning

We have put in a French Dry Cleaning Plant and are prepared to do this work on short notice and at reasonable prices.

A method introduced by the French for the purpose of cleaning the finest as well as the heavier garments worn, such as wool, felt, linen, cotton, leather, gloves, fur, feathers, straw, lace and waterproof goods without washing or shrinking them so as not to get them out of shape or fade the most delicate fabric trimming.

The fact is well known that a garment of silk or wool, if steam cleaned or washed, can never be pressed into shape, and it takes all the oil out of the wool; so that goods will never wear or look as well again besides shrinking the goods.

Therefore, figuring the small extra expense of Dry Cleaning, no one can afford to take chances of having their work done otherwise.

Many household articles, such as curtains, table covers, drapes, etc, that would be utterly ruined if washed, can be dry Cleaned, thus restoring them to their former beauty and usefulness and will not cause them to fade or the colors to run.

The Dry Cleaning Process prevents the carrying of contagious diseases on garments thus treated; it is also a disinfectant and moth preventive.
