By-Law No. 12

OF THE MUNICIPAL CORPORATION OF THE VILLAGE OF FLESHERTOTN

A By-Law to raise the sum of two thousand dollars by the issue of debentures of the said Corporation for the purpose of constructing cement sid - walks in the said Village.

Whereas the Municipal Council of the Corporation of the Village of Flesherton has determined and agreed to raise the sum of two thousand dollars for the construction of cement sidewalks in the said village.

And whereas for the purpose of raising the money for carrying out the said work it is expedient and necessary to provide the sum of two thousand dollars by the issue and sale of debentures of the said Corporation for the sum of Two Thousand Dollars (which is the amount of the debt intended to be created by this by-law) bearing interest at the rate of five per centum per annum as hereinafter provided.

And whereas it is desirable to issue the said debentures at one time and make the principal of the said debt and interest thereon payable by yearly sums during the period of twenty years, being the currency of the said debentures, said yearly sums being of such amounts that the aggregate amount payable in each year for principal and interest in respect of said debt shall be as nearly as possible equal to the amount so payable in each of the other years of the said period of twenty years.

And whereas the sum of one hundred and sixty 49-100 dollars is the total amount required by the Consolidated Municipal Act 1903, to be raised annually by special rate for the period of twenty years for paying the said debt and interest.

And whereas the total amount of the whole rateable property of the said Village of Flesherton, according to the last revised assessment roll, is $114,944.00.

And whereas the amount of the existing debenture debt of the said village is $2180.00 and no part of the principal or interest is in arrear.

Now therefore the Municipal Council of the Corporation of the Village of Flesherton enacts as follows :

1 That for the purpose of raising the sum of $2000 for the purposes aforesaid, twenty debentures of the said Corporation, each for the sum of $160.49, shall be issued on the first day of October, A. D. 1912, each of which debentures shall be dated on the date of the issue thereof and shall be payable within twenty years thereafter, namely on the first day of October, A.D. 1913, and on the first day of October in each of the next succeeding nineteen years respectively at the office of the Standard Bank of Canada in the said Village of Flesherton.

2 Each of the said debentures shall be signed by the Reeve and Treasurer of the said Village, and the Village Clerk shall attach thereto the corporate seal of the municipality.

3 The said debentures shall bear interest at the rate of five per centum per annum, payable yearly at the said bank on the first day of October in each and every year during the currency thereof, which interest is included in the amount of the said debentures.

4 During the currency of the said debentures there shall be raised annually by special rate on all the rateable property of the said village the sum of $160.49 for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt as shown in Schedule A hereto annexed.

5 This Bylaw shall come into force and take effect forthwith after the final passing thereof by the Council.

6 The votes of the electors of the Village of Flesherton entitled to vote thereon shall be taken on this Bylaw on Friday, the twentieth day of September, A.D. 1912, at the Town Hall in the said village, and the Village Clerk shall be the Returning Officer, and Thomas Bulmer shall be the Poll Clerk. The poll shall open at nine o'clock in the forenoon and shall close at 5 o'clock in the afternoon of the same day.

7 On Monday, the sixteenth day of September, A.D. 1912, at the hour of eight o'clock in the afternoon, the Reeve of the said Village shall attend at his office in the said Village for the purpose of appointing in writing persons to attend at the said polling place and the final summing up of the votes by the Clerk on behalf of the persons interested in and desirous of promoting or opposing the passing of this Bylaw respectively.

The Clerk of the said Municipal Corporation shall attend at his office in the said village at one o'clock in the afternoon on Saturday, the twenty-first day of September, A.D. 1912, to sum up the number of votes for and against this Bylaw.

Read a first and second time in open Council the twenty-third day of August, A.D. 1912.

TAKE NOTICE that the above is a true copy of a proposed Bylaw which has been taken into consideration and which will be finally passed by the Municipal Council of the Village of Flesherton (in the event of the assent of the electors being obtained thereto) after one month from the first publication of the said Bylaw in the Flesherton Advance newspaper, the date of which first publication being Thursday, the 29th day of August, A.D. 1912, and the votes of the electors of the said Municipality will be taken thereon at the polling place mentioned therein on the twentieth day of September, A.D. 1912, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon.

Special Notice to Leaseholders.

And further take notice that in order for a leaseholder to qualify for voting on the said Bylaw he must at least ten days before the voting file with me a statutory declaratton that his lease contains a covenant whereby he agrees to pay all municipal taxes in respect of the property leases and that the lease extends for the period of time within which the debt to be contracted or the money to be raised by the said Bylaw is made payable and the names of leaseholders neglecting to file such declaration shall not be placed on the voters' list for such voting.

Village Clerk.

A Local Newspaper

A prominent national educator speaking of the home newspaper says "a local newspaper is absolutely necessary to any community. It may be that the daily papers, with their large news service and quicker facilities may have overrun the small weeklies, but the weeklies continue to fill a place that the dailies can never fill. It they keep the people of a community in touch with each other by giving them the news of their town and county, for that alone they are of value and are worth far more than the price that is paid for them. If they merely chronicle the progress of the community and keep the local pride and progress spirt around, they are worth still more—far more, in fact, than the town ever spends on them.

"Bear this in mind : No merchant nor town official who spends every year all that he can afford with the home paper—whether that expenditure is actually necessary or not—makes a wiser, more profitable investment. Some think they are giving the home paper something. On the contrary, the paper is earning every cent it gets and more—provided it is a paper worth picking up in the road. And if it isn't that sort of paper, it is usually the fault of the town in which it is published.

The average weekly editor usually has his all invested in his newspaper property. That investment generally represent from two to five thousand dollars. But it is worth more to a town than five times the amount invested in any other local enterprise. A a rule the newspaper represents to the outside world the town itself. Poor paper, poor town is the usual verdict. It is therefore to the interest of every town to support a good newspaper. Not through local pride alone, but from a practical business standpoint and reasons. A newspaper is constantly doing ten times as much for its town as it could ever hope to get pay for—more than it could charge for, if it would. The more prosperous a paper is, the more it is able to do. Show us a good weekly paper, full of live local advertisements, with a general circulation throughout the county, and we will show you an up-to-date, prosperous progressive community. And I will show you a paper that is worth five times as much to that community every year as the editor manages to make for himself. People should stop to think about these things. It is an important matter. It is the welfare and progress of their community, therefore of, themsevles individually.

Sue For Damages

Writs have been issued against the town of Meaford, the Georgian Bay Light and Power Company, and Clarke & Son of Owen Sound, contractors, in suits for damages instituted by relatives of William Cherry and Chester Johnston, who were electrocuted a few weeks ago while at work on the bridge which Clark & Son are building on Sykes street, Meaford. The fatality was caused by the pile driver coming in contact with a live wire. The writs have been issued by Lucas, Raney and Henry, of Markdale on behalf of Mrs. Cherry, widow of Wm. Cherry and by Robertson and McNabb, Walkerton, for the parents of Chester Johnston. The cases will probably be tried together as the question of responsibility for the deaths will be of importance.—Times.

A Note of Warning

There has been issued, by direction of the Minister of Agriculture at Ottawa, a conspicuous poster calling the attention of potato growers to the importance of examining their crop to ascertain whether or not it is infected with "Potato Canker." The hanger shows in natural colors a potato plant the whole yield of which is affected by the disease. It shows the appearance of individual tubers in which the Canker has started to work. Growers who discover suspicous symptons of the disease in there crop are requested to send affected specimens to the Dominion Botanist, Experimental Farm, Ottawa. The poster is issued as Farmers' Circular No. 3, of the Division of Botany and is deing distributed by the Publications Branch of the Department of Agriculture.

A cyclone did much damage in Dereham township.

Five men were killed and ten injured in a wreck on the C. P. R. at Mattawa.

Something a little out of the common is to be seen in the orchard of Mrs. F. Loree, Belwood, during the past week. She has an apple tree that is not only well loaded with fruit at the present time but also had a good showing of blossoms on the same branches as apples an inch in diameter.
