VICINITY CHIPS

The Advance had a pleasant call from Rev. Mr. Adams of Markdale on Monday.

Mr. Wilmott Buskin of Guelph visited over Sunday with his uncle, Mr. Wes. Buskin.

Miss Clara Chard of Markdale spent most of the past week with Miss Rita Buskin.

Mr. George Hacking, wife and children, of Emo, Ont, are holidaying with friends here.

Miss Annie Wilcock spent the week with Mrs. Kuhn, Watermelon Cottage, Buffalo, N. Y.

Mr. and Mrs. Will McGuffin of the Soo were guests of Mr. and Mrs. Will Moore last week.

A three-year-old girl died at St Thomas from eating fruit, the skin of which was poisoned by spraying.

Mrs. R. H. Wright, who has been in the West for the past couple of months, returned home last week.

Miss Ellison and Miss Lila Ellison of Tottenham have been visiting their uncle and aunt, Mr. and Mrs. Holland. The latter will remain and attend high school.

Mr. Hugh Fenwick, Feversham, writes: "You asked if anybody could beat 4 ft. 4 in. for oats. I have them 4 ft. 8 in. with 129 kernels to the head, Abundance by name and abundant by nature."

The Village Council held its first Court of Revision on Wednesday evening of last week. There were only two appeals, which speaks well for the assessing. The Park House business tax was lowered $250 and a small lot owned by S. Colquett was lowered fifteen dollars. This completed the business of the Court.

The schools opened on Thursday with good attendance. The public school has the same staff as last term, viz., Mr. Holland as Principal with Miss Bell and Miss Switzer in the lower forms. The High school is presided over by Mr. H. S. White and Mr. Harold Brown. The pupils are entering upon the term in this school with enthusiastic hopes for a good year.

Mr. Harry Bailey of the telephone gang was seciously injured on Thursdayl ast, when felling a tree. He with another man attempted to run but the tree in falling caught them. Bailey's right arm was broken, his back inquired and head cut. His partner was scratched but not seriously hurt. The injured man was a native of England and has no reatives here. The young man was taken to the hospital in Owen Sound.

A man named Reginald Holmes of Owen Sound, who was working with the telephone gang here, was caught recently in the act of rifling County Constable Cook's cellar at Ceylon of butter and ham. Magistrate McMullen sent him to Owen Sound for trial. He came before the County Judge on Friday last and was sentenced to three years in the penitentiary. This was a pretty stiff sentence, but was given for the man's own benefit in order that he might rid himself of certain deep-seated habits and learn a trade.

The extreme humidity has been extremely favorable to fungus growths this fall, and the mushroom season opened unusually early. One day last week Master Elijah Bentham of the suburbs brought to The Advance a huge "puff ball" which measured 45x48 inches in circumference. By the way, comparatively few people know that this form of fungus growth is wholesome and delicious if cooked in the proper way. The vegetable must be gathered in a fresh state, before the worms penetrate it. Then slice thin, peel, dip in beaten egg and fry in buttered pan. Not one of the puffball family is poisonous and all are good eating. Try them.

Miss Celia VanDusen of Toronto spent a few days of the past week in town.

Mr. McMaster, well driller, had an annoying experience on Saturday when his drilling apparatus upset owing to a coupling giving way. The ponderous machine was overturned into a ditch at Hewett's swamp on the Meaford Road. Great difficulty was experienced in righting the machine.

Mr. and Mrs. John A. Boyd have announced the coming marriage of their second daughter, Miss Lillie, to Mr. Gordon McDonald Laird, son of Mr. Robert Laird of Sumatra, Straits Settlement. The happy event will take place on the 17 th inst. and will be of a private nature, owing to Mrs. Boyd's indisposition since her accident on the railway.

Mrs Hillyard, who left Maxwell some time ago, and who now conducts an hostelry at Thornbury, was up before a magistrate the other day charged with selling liquor. It is said her husband informed on her. When the case came up for trial, however, Hillyard's memory was a blank. He only remembered having found a bottle of whiskey when looking for his cow, and as a result knew nothing that had occurred for one whole day. The case was dismissed.

Mr. George Bellamy's residence was struck by lightning early Sunday morning during a heavy thunderstorm. The roof was badly shattered and the chimney demolished. Mr. Bellamy's two little sons had an extremely narrow escape. They were sleeping immediately below where the bolt entered but their father had taken them downstairs shortly before the crash came. The damage to the house is considerable but is covered by insurance.

During the past year or two accounts have come from various sources throughout Ontario of a new enemy to the potato beetle which has made its sppearance. Recently Mr. R. Gourley of Eugenia handed The Advance a few samples of this welcome bug, from egg to adult specimen. The adult looks like a full cousin to the potato beetle, slightly longer, more pointed head and brilliant colorings of black and red. The wings are jet black, body red, head red with two minute black spots; proboscis black; red horseshoe-like marking on back. The insect is very lively. He stabs his game with a spear-like apparatus and after sucking it dry discards the shell. The eggs are black and laid in clusters similar to those of the potato beetle. It is quite interesting to watch these little fellows spearing young potato beetles and annihilating them. These new insects do not appear to eat vegetation of any kind, their sole food being the potato beetle. May their seed wax great in the land until the potato beetle scourge becomes but a memory.

Osprey Field Crop Winners

Osprey Agricultural Society held a standing field crop competition this summer, the cereal chosen being oats. Following is a list of the winners and the points allowed:

1—E. Buckingham, Maxwell, Banner, 85 points.

2—S. Fenwick, Feversham, Abundance, 83⅓ points.

3—R. J. Allister, Feversham, New Century, 82 points.

4—J. A. Kernahan, Feversham, Abundance, 81 points.

5—Joseph Allison, Maxwell, New Century, 78½ points.

6—H. Hawton, Feversham, New Century, 77½ points.

7—W. H. Guy, Maxwell, Banner, 75 points.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

Cash and jewelry to the amount of $1000 were taken from the strong box of B. Doyle, proprietor of the National Hotel at Wingham. The burglary was a daring one the box having been taken from the sleeping room of Mr. Doyle presumably while they slept. The thieves overlooked a roll of bills amounting to $500. Several suspicious characters in the town, are being watched and arrests will likely be made. Mr. Doyle was formerly proprietor of the McCullough House, Dundalk.

Division Court

Quite a lengthy Division Court was held here before Judge Widdifield on Wednesday of last week, when the following cases were disposed of:

McCannell v. Acheson.—McCannel sued Acheson for damages for selling him bad timothy seed, and claimed $100 as a solace. The Judge allowed him $40 and costs.

Sherwood v. Betts.—Jos. Sherwood purchased a mare from Levi Betts and afterwards sued for $100 for breach of warranty. The Judge did not consider the case proven and dismissed the action with costs to plaintiff.

R. J. Colquett v. Robert McMaster, Geo. Johnston garnishee.—Action on account for $18.71. McMaster presented a contra account which was not allowed. Judgment against primary creditor and garnishee for full amount of $18.71.

John Gardiner v. Thomas Demmons, J. J. Marshall garnishee—Action on account for $24.57. Judgment for full amount.

John Paul v. W. Henry, S. Galloway and C. and R. Sword.—This was an action brought to discover who was responsible for a debt of $64.25, incurred at the death of the late Mrs. Henry. The judge is still deliberating as to where to place the responsibility.

Loughead v. Brown.—The parties live near Singhampton. Brown bought a quantity of straw from the plaintiff to be fed on the farm. Plaintiff thought hay had also been fed and sued for $25 to cover the amount he considered had been taken. Brown strenuously denied having used any hay and the Judge believed him, dismissing the case without costs.

G. A. Robinson v. D. W. Clinton.—Robinson sued Clinton for $21 damages for non-delivery of four head of cattle. The Judge allowed him $9 and costs.

The Rocky mountain spotted fever, a disease so important that the U. S. public health ahd marine hospital service has been studying it for two years in the Bitter Root valley in Montana, has developed in San Fracisco. The state board of health announced one case, the first in the city's history and the second time it has been known to occur in the state. It is carried by ticks on animals There are two types of the disease—one, that in Montana, is fatal in 75 to 95 per cent of the cases, and the other, in Idaho, where it is mild, with a fatality of about 5 per cent.

The Meaford High School

Will re-open on

TUESDAY, SEPT. 3, 1912

When classes will be formed for matriculation into all the professions, entrance into the Normal schools and into the Faculties of Education, Commercial Specialist and Commercial Diploma.

The rapid growth of this school is a striking illustration of that true old adag that

NOTHING SUCCEEDS LIKE SUCCESS.

We would like all parents having children to educate to consider seriously the following points about this High School:—

1. BUILDING, grounds and equipment unexcelled in the Province; four and a half acres of ground with splendid athletic field, well ventilated class rooms; first class gymnasium; healthy town; good board in private families:—cheaper than in cities. FEES, $10 a year.

2. The splendid work of this school has attracted to it from far and wide large numbers of students and has caused its attendance to increase rapidly. During 1911 our students came from forty different centres.

3. THE HIGH STAND taken by its students in the various Universities and the large number of its University graduates holding important positions to seats of learning.

4. A NEW and up-to-date Science Room, fully equipped, in which the student performs HIS OWN experiments under the supervision of the teacher.

5. A FULLY ORGANIZED Commercial Department in Book-keeping, Stenography, Business Law, Type-writing English Branches in the hands of a specialist who is a chartered accountant. Special attention is given to writing and spelling. This department is equipped with seven of the latest Underwood Typewriters. Each graduate recieves a beautiful diploma. Our graduates easily obtain positions. No expensive Business College fees to pay.

RECORD FOR 1912.

6. IN 1912 this school passed 24 out of 30 candidates for entrance into the Normal schools, 15 of these securing honor certificates, 13 out of 18 matriculants, the whole class for entrance into the Faculties of Education, 3 in number with two honor certificates, 17 out of 20 in lower school examination, the whole class for Commercial Diploma with 2 honor certificates.

7. INSPECTOR WETHRELL in his report says, "It is with unusual pleasure that I make my first report on the Meaford High School. No school in the Province is in a more flourishing condition. The Trustees are alert and progressive and all the members of the staff are energetic and capable. The spirit of the school is admirable and impress a a stranger at once as quite out of the common."

Send the Principal for beautifully illustrated announcement mailed free on application.

A. A DUNDAS, B. A., Prin,
A. W. RIXON, Sec.-Treas.
