Wm. Rombough, who surveyed the counties of Grey and Bruce, died in Toronto on Saturday.

Dr. W. Johnston of Trenton and wife called on his cousin, Mrs. Dr. Murry, on Monday.

Mrs. S. Smith of Little Current is the guest this week of her aunt, Mrs. W. P. Crossley.

Mrs. W. P. Crossley returned this week after seven weeks' visit in Manitoba and Saskatchewan.

The sidewalk by-law voting on Friday last was unaminously in its favor, there not being a dissentient vote.

Big potato stories are now in vogue. The Durham Review chronicles one as weighing 2¾ pounds.

Inspector N. W. Campbell of Durham called on friends here Thursday last. Mrs. Campbell accompanied him.

Dr. Ryckman of Maxwell has disposed of his practice to Dr. A. E. Roszell of Smithville, Ont., and intends moving to Hamilton to follow specialist work there.

Robert Legate, an old pioneer of Egremont township, and grandfather of Mrs. Robert Wright of Flesherton, died at the home of his son, William, near Durham, at the age of 84 years.

The Ladies' Aid of Chalmers' church have been busy for some time preparing a missionary box, which was packed last week with a valuable consignment of clothing and other articles for distribution among the needy on one of the mission fields in the West.

Mrs. W. A. Armstrong, Mrs. Jos. Clinton and Mrs. Thurston attended a convention of the Women's Missionary Society at Owen Sound last week. The latter went on to Lion's Head to spend a few week's with her daughter, Mrs. Shaw.

Miss Laura Armstrong wrote off a supplementary examination in Owen Sound recently. Last week she received word that she had passed and on Saturday left for Toronto to attend Normal.

Sir Wilfrid Laurier is to make a tour of Ontario, and will speak in Mount Forest on Monday evening, Oct. 7th. Hon. Geo. P. Graham, Hon. Chas. Murphy, Hon. MacKenzie King and other well-known speakers will assist.

The township of Derby will be completely covered by rural mail delivery. We hope the time is not far distant when all the townships in Grey county will be served in a like manner. Artemesia is getting there by degrees. The latest route advertised to be laid out is that from Markdale to Vandeleur.

The citizens of Flesherton are exceedingly pleased over the amount of new sidewalk that has been laid down during the past summer. The village is now pretty well covered. The amount laid this summer was 28,307 square feet of cement and 3300 square feet of board walk where cement was impracticable. All this was put down for less than the $2000 provided.

At the recent meeting of Owen Sound Presbytery the clerk was instructed to write to all congregations paying less than one thousand dollars salary, calling attention to the new minimum, $1000, set at last meeting of General Assembly. In the West $1200 is the minimum. The increased cost of living made this move of the church imperative.

A team belonging to Mr. James McClocklin ran away Tuesday. Nearly opposite the Advance office they cracked off a lamp post and both animals fell broadside on the cement sidewalk. Eddie the 5-year-old son of Mr. Malcom McDonald, was knocked down by the team, and Thelma Wilson, the same age, barely escaped by dodging into a doorway. It looked wild while it lasted—about three seconds. The animals were not injured. The only real injured was to a strap or two of the harness.

Mr. James Cargo met with a painful accident one day last week which will lay him up for a week or two. Councillor George Watson owns a houn dawg which was tied in his stable with a chain attached to a long wire for exercising purposes. Mr. Cargo was working for the owner of the dog and went a little too near, when the dog grabbed his hand and gave it a very severe wound before letting go. Mr. Cargo ardently wishes that dog would take exercise some other way.

The municipalities in the Huron-Bruce-Grey district, which have been waiting for hydro-electric power, will not have to exercise their patience much longer, says the Mail-Empire. The measuring of the flow of the Maitland, Saugeen and Beaver rivers from which the Hydro-Electric Commission expects to generate power for the northern counties has been completed by the commission's engineers. Their report has been received by the Hon. Adam Beck and the preparation of definite estimates of power cost is going ahead. While the Minister has not made public the report of the engineers, it is believed their year-long observations revealed a better flow of water than was expected, it being demonstrated that no obstacles to the success of the enterprise existed in the freezing of the rivers in winter.

If you knew of the real value of Chamberlain's Liniment for lame back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

TOM PHILLIPS' AUTO BE MORE CAREFUL

An automobile accident, which might have resulted seriously, happened Monday afternoon about four o'clock, says the Owen Sound Sun. A man named Phillips, together with two Markdale young men, Clare Mercer and Pat Kelly, left Markdale yesterday with the idea of showing the natives of the peaceful village of Chatsworth how an automobile should be driven. Not content with startling the Chatsworthites, they proceeded towards Owen Sound to paint the dry town red, as it were. On their way they picked up a farmer and everything went smoothly until they came to the corner of Garafraxa and Campbell streets. In making the turn the car skidded in the mud and turned turtle, precipitating the occupants into the ditch on the side of the road with the car on top of them. The innocent farmer was pinned down under the side of the car and when he extricated himself he fled in terror, vowing this to be his first and last auto excursion. Later in the evening he came to town and consulted a doctor to find out if he had sustained any serious injuries, but he had only received a few bruises. Kelly had a bone broken in his hand and his leg was injured, and Mercer received a few scratches about the face and a black eye. The whole party were well shaken up and the car, which is at present in Bowman's garage, is badly damaged. Phillips, who is a lumberman, and hails from Artemesia, is the owner of the car.

September Rod and Gun

Bonnycastle Dale's "Every day scene with the Indian trapper" opens the September issue of Rod and Gun in Canada. The adventures of a German hunter in America, being a translation from the German by Hon. William Renwick Riddell, LL.D., etc., relates the experiences of Freidrich Gerstacker, who visited America in 1837 and went bear hunting in the Ozark mountains. This is "some bear story." Duck hunting is given considerable attention in this issue and includes duck shooting on the river Scugog, at Long Point, on the St. Lawrence, in the Kootenay district and an amusing western tale entitled "Hunting in Sage Brush Ike's duck pond." Decoy shooting by Reginald Gourlay is deserving of special mention, as is also a well illustrated article on rearing wild ducks in captivity. Mr. James Dickson, a veteran sportsman, makes some suggestions and criticisms regarding Mr. Kelly Evans' Fish and Game Report. "Pens and Dens" is the subject of the Fox article in this issue.

An article that has real merit it should in me became popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller." For sale by all dealers

John Hummel was sentenced at Berlin to five years in the penitentiary for three horse thefts in 1910.
