Republican Demonstration — The British Cabinet—The Hibernia Lost—33 Persons Lost.

Vienna, Dec. 5.

The Emperor Francis Joseph has made Baron Von Beust, Prime Minister, a count, as an acknowledgement of his valuable services.

Madrid, Dec. 6.

The Imperial Newspaper urges the concession of every liberal reform to Cuba, and the speedy settlement of the question of slavery, but says that Spanish honor demands the suppression, at any cost, of the insurrection, which it deplores was incited and is kept alive by American filibusters.

London, Dec. 7.

The Times this morning publishes the Observer's list of the probable members of Mr. Gladstone's Cabinet, but asserts that Earl Russell will not accept office. It also thinks the appointment of Earl Spencer as Lord Lieutenant of Ireland, and of Messrs. Bruce, Villiers and Coleridge to seats in the Cabinet, doubtful. The Times adds to the Observer's list the name of Mr. James Moncrief as Lord Advocate of Scotland.

Madrid, Dec. 7.

The republicans paraded the streets of Cadiz yesterday with arms in their hands and made other demonstrations threatening to the public peace. The troops were called out, dispersed the processionists, and prevented further proceedings.

Similar demonstrations have been made by the republicans at different points.

Liverpool, Dec. 7.

Intelligence has just reached here that the steamer Hibernia, from Glasgow, bound for New York, foundered off the Irish Coast. The captain and 31 passengers are reported to have been saved. One of the steamers' boats, with 33 persons on board, was lost.

London, Dec. 7.

George Peabody has made another donation of £100,000 sterling for the poor of London.

LATEST.

Liverpool, Dec. 7.

Additional particulars have been received of the loss of the Hibernian. She sailed from New York on the 14th of November for Glasgow. She sunk on the 25th November, seven hundred miles to the westward of the Irish coast. The passengers and crew all took to the boats, five in number. Two of the boats having been picked up. One is known to have been capsized, and all on board were lost. The fate of the people on the remaining two boats is as yet unknown. It is now certain that 52 persons, including the captain of the Hibernian, are saved. The first mate was drowned.

The total subscriptions of Toronto to the Red River fund have been $2,000.

If Lady Young is dressed as well as Sir John is addressed, there'll be a sensation among Ottawa ladies.

Mr. Gustave A. Drolet, a returned Pontifical Zouave, it appears, married a lady in Montreal worth $15,000.

Water famine has begun in Montreal. The gas is also bad. Some nights portions of the city are in total darkness, and recourse is had to oil lamps.

St. Andrew's Society of Ottawa went back three hundred years to prove Sir John Young "sin a thistle."

Four men entered a house in Mindon, secured the man, while two others went into the field, cut off the ears of a cow, and stole the bell.

The Anglican and Presbyterian churches have had thanksgiving day. The crops of other denominations must have been slim, when they're not worth thanking for.

A Montreal milkman living near Lachine named Thornthwaite, on returning from serving his customers in Montreal, found his barn and contents consumed by fire. Loss $2,500.

The Crown land timber license owners have adopted a memorial to the Lieutenant-Governor, praying for an order in council providing for a renewal of the license system for 21 years, or such lesser period as licenses may desire.

The Dundas Banner warns the public not to cross the Burlington Heights canal bridge if they have any regard for their lives, and puts the startling question to the authorities—figure up how long it would take to sink gradually to the water's edge, if it goes down half an inch every twelve hours?

The great case of Connolly vs. Woolrich is now being heard in the Court of Appeal Montreal. The question involves property to the amount of sixty thousand pounds, and in reality turns upon the validity of the marriage of a former factor with the daughter of an Indian chief, according to the rites used nearly half a century ago in the north-west. Judge Monk gave judgment some time since to the effect that such marriage was lawful and blinding, in any part of Her Majesty's Dominion.

The Journal de Quebec says that the Lieutenant Governor had the happy idea to re-establish last year an old custom fallen into disuse, by celebrating the commencement of the year by a grand soiree. It is said that this year the fete will take place on Dec 30, seeing that New Year's Day falls on Friday. A good idea!

The Montreal papers announce the death of Mr. Mederic Marchand, Advocate. Mr. Marchand possessed very considerable ability, but he injured his chances of professional advancement by the interest he took in politics. Although a warm politician, his natural amiability prevented him from becoming a bitter one. During his last term of the Court of Queen's Bench Mr. Marchand conducted the Crown business along with Mr. Ritchie.

Singular Tragedy.—A singular and lamentable tragedy was performed in Rochester, N. Y., on Friday last. The particulars are as follows:—A beautiful and accomplished young lady, Miss Emma W——, a stranger temporarily lodging at the Osburn House, disguised herself in male apparel and proceeded to No. 27 South St. Paul street, where several of her friends, including her uncle and mother, were passing the evening, whom she first accosted in a friendly manner, and conversed with pleasantly enough, though rather excitedly for an hour or two. She is said to be a person of singularly romantic and erratic disposition, and her freak of donning man's attire therefore attracted little attention and created no surprise. In the course of the evening she suddenly became insane, and drawing a knife, attacked and fatally stabbed an old gentleman who endeavored to curb her eccentricities, and then rushing upon her uncle, whose name was King, killed him with a single blow of her weapon. Before the horrified spectators summoned presence of mind enough to seize the infuriated lunatic, she swallowed some potent poision, apparently strychine, and died in a few minutes.

NEWS OF THE DAY.

WEDNESDAY MORNING, DEC. 9, 1868.

The Trains.—The first detention of the season occurred on the Grand Trunk yesterday, as owing to the storm of the last two days, the trains were all a few hours late in arriving. The G.T.R. lately has kept very excellent time, and the public may rely this winter on the careful running and regularity of the trains, as far as the season will permit. The passengers by yesterday afternoon's trains report that the snow storm in the localities both east and west of Kingston has been much heavier than it was here, judging from the depth of snow that has fallen.

Immaculate Conception. — This fete was observed yesterday among our Roman Catholic citizens. Service was held in St. Mary's Cathedral.

Clean your Sidewalks.—The police will doubtless at once remind those who have not complied with the city by-law, and cleared the snow from the sidewalks in front of their dwellings, to do so, and save further trouble. Consult your own and your neighbor's comfort and convenience by clearing off the snow.

Good Sleighing.—The snow which fell on Monday, lies on the ground to the depth of over a foot. Yesterday the sleighing began in earnest, and the merry, merry bells were heard in all directions. The snow drifted considerably all day, but the country roads are being well broken in, so that there will be excellent travelling to and from the city in a couple of days. This is the first severe touch of winter.

Arrest.—It is reported from St. Johns (P.Q.) that two women are under arrest in that place for murdering a soldier of the detachment of the R.C. Rifles stationed there.

Police Court, Tuesday.—The only case of interest was that of Alfred Foster, who was charged with stealing a spaniel from Francis Frazer. Mr. F. C. Draper appeared for the complainant, and Mr. C. V. Price for the defendant. The facts of the case are these:—Mr. Frazer lost the spaniel, which is Cocker spaniel of the King Charles breed, on Monday the 30th ult., and made inquiries of several of his friends, which led to the information that Mr. John Dennis, of the Albion Saloon knew something respecting the animal. Upon inquiring of that person, it transpired that the animal was in his saloon on the previous Sunday, where also was the defendant and a friend. The latter having taken a fancy to the dog, and being told that Mr. Dennis was not its owner expressed his determination to steal it, which was objected by Mr. Dennis. It transpired in evidence that the friend of the present defendant did finally steal the dog, and took it with him to Toronto, but there was nothing to show any complicity on the part of the defendant, who wrote to his friend requesting him to return the animal if in his possession, and received an answer that he (the friend) would send the dog back to Kingston. The dog was finally lost, and Mr. Tracy has not yet recovered his property. The case was dismissed. Two drunks were fined the usual fee.

Wistar's Balsam of Wild Cherry.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflamation of the Lungs, while even Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield Me—About eight years since my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs and general debility, so much so that our family physician declared him to have a "Seated Consumption." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase one bottle of Wistar's Balsam of Wild Cherry, which benefited him so much I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all its purports to be—the Great Lung Remedy for the Times! The above statement, gentlemen, is my voluntary offering to you in favor of your Balsam, and is at your disposal.

Prepared by SETH W. FOWLE & SON, 18 Tremont St. Boston, and for sale by Druggists generally.

GRACE'S CELEBRATED SALVE.

Amesbury Mass., Oct. 13th, 1863.

Mr. Grace—Dear Sir:—Having been afflicted grievously for several weeks with a severe abcess upon my side, I used several remedies for its eradication without receiving any relief, until I applied your salve, which effected a speedy and permanent cure. I therefore feel happy to certify my confidence in its virtues. Yours with respect.

JAMES BEAN.

I certify to the truthfulness of the above statement.

The mind governs the Muscle throught the Nervous system, as the telegraph apparatus is influenced by a remote operator through the new wire. If the Mind is impared by age or disease, the muscles are made to preform strange or unnecessary acts; but if the Nervous System is decreased, the muscles of the Stomach, Liver, Heart, Lungs, are sure to suffer, and from their inaction produce Dyspepsia Disease of the Heart, Lungs, and General Debility, with their accompanying trains of evil and resulting diseases.

A Diseased Nervous System, Vitiated Blood, Bad Digestion and Weak Lungs, always precede Consumption.

By the timely use of Fellows' Compound Syrup the Nerves regain their vigor, the Brain becomes clear and powerful, the Muscle healthy, Dyspepsia a disease of the past, the Hearts regular action is restored, the Blood made pure, the Lungs strong, and all the functions of the body are brought up to a healthy standard.

We are enable to state the above on the most convincing testimony.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
