HOSTETTER'S BITTERS, MISHLER'S BITTERS, RICHARDSON'S BITTERS PLANTATION BITTERS, &c.
There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whisky or rum, disguised by the addition of some bitter barcks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart-load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.
"Look here, upon this picture, and on this"—SHAKESPEARE.
COPY.
Laboratory of Department of Agriculture
Washington, Dec. 28, 1869.
A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity 1.0009.
Mean of several determinations

Alcohol (by weight)	15.2-00	per cent
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Oananthine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.
Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.
This analysis shows that the ethereal principle of Wine (Oananthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.
From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters;" and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.
The greater portion of the alcohol found certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

To A. M. F. GIANELLI, Esq.
DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.
Yours truly,

MR. GIANELLI.
From the World-renowned Tragedienne
MADAME RISTORI.
(TRANSLATION.)
PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.
Al Signor Angelo M. F. Gianelli,
Montreal, Canada:
Gentilissimo Signore:
Fearing that a former letter which addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.
I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that have derived great benefit from its use.
An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honor.
As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.
With best wishes of success,
I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.
In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.
Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c per bottle
