PRICEVILLE

On Tuesday was a week (to use an old Scottish expression meaning a week ago) we realized the experience of the Irishman who called to stop "There was a man on board who was left behind." We fully meant to go on the Manitoulin Island trip that day, but observing the rules of the road too closely, green lights, stop signs, etc., we were tantalizingly shown the departure of the fine boat. It was a little risky for our good clothes to take a running jump, and it so near our 84th milestone, but we enjoyed the ride to the county town and back, the scenery through Glenelg township and the sylvan beauty of the Irish Lake, but oh, the hills and hollows, just like Scotland, they say. Well, "maybe."

We were favored with a beautiful bunch of heather on Friday last, by the pleasant and affable Miss Mary Aldcorn, daughter of Mr. Aldcorn of this town. She had just returned from a trip to Europe in company with Misses Ella and Laura McKinnon of Toronto and visited the grave of the latter's brother, who made the supreme sacrifice there. They also visited Blair Goury, Scotland, the birthplace of their father, Neil McKinnon, many years postmaster here. They also visited the Burns and Scott neighborhoods and some of the fine Lochs. The journey was made pleasantly without, any mal-de-mer, or sea sickness. Miss Aldcorn left for her home at Regina on Saturday.

Miss Mary Tryon made her annual visit to the old home last week, and returned on Saturday to her office in Detroit. Her brothers, Rev. Sager and James Tryon of the U.S.A. made a one day visit to old friends here. Before Dr. Tryon left, she rented her house to Mr. and Mrs. A. Bell, principal of the school here, who will now be nearer to the seat of "larnin."

A comforter and kimona, both fine, were presented, among other things, coupled with best wishes. Dancing was held until an early hour.

Mr. W. G. McBride, treasurer of St. Columba church, gave a satisfactory statement of finances, with still cash in the bank, and mentioned improvements contemplated.

HONOURABLE EARL ROWE
States His Party's Stand on Labor

The national policy of the Liberal-Conservative Party, Provincial and Dominion, for many years has been to create industry for the purpose of providing work and wages for labor and a profitable home market for the farmer; the lumberman and other primary producers. The Party's sympathetic attitude towards labor is evidenced by the Social legislation on our statute books.

The Liberal-Conservative Party believes that labor should receive a fair share of the fruits of industry and is entitled to organize in order to improve the lot of the worker as regards wages, hours, security in old age and all other conditions of industrial life. The Liberal-Conservative Party reaffirms its traditional policy of insisting upon the maintenance of law and order in all industrial disputes and pledges itself firmly and scrupulously to uphold the laws of Canada.

The Liberal-Conservative Party in Ontario stands for the following:

1. The right of employees to bargain collectively through their own representatives chosen without dictation, coercion or intimidation.

2. It is and has for many decades been a fact that both capital and labor are International in their organization. Accordingly the right of the worker to belong to the union of his choosing, Canadian or International, craft or industrial, is fully established; provided always that the unions must observe, and that capital must observe, in all their actions, the laws of Canada.

3. The Liberal-Conservative Party is unalterably opposed to the introduction into Ontario of sit-down strikes, sabotage or other violations of our law, and for the purpose of clarity hereby places itself on record as being opposed to such illegalities whether they are introduced into Ontario by labor unions affiliated with the C. I. O., the A. F. of L., or any other organization, capital or labor.

4. That representatives from other countries, both of capital and labor, shall be subject on the same principles as other people to our immigration laws and that they shall when admitted to this country, strictly observe the laws of the land.

5. The primary function of the state in all industrial disputes is FIRST—to take no sides and to maintain law and order without the display of unnecessary or provocative force, and SECOND, to enact and impartially administer adequate legislation for the conciliation of industrial disputes.

6. The right to work in Canada is not dependent upon membership in any organization.

7. That no strike shall take place until all reasonable methods of conciliation are exhausted and the worker should have the right of secret ballot free from improper influence or coercion in all decisions relating to the dispute.

8. The Liberal-Conservative Party will continue in the future as in the past to defend the principle of freedom of association within the law. The party re-affirms its belief that the essence of democracy is trust in the people and to rely on freedom and not in dictatorship, that public opinion may be led but not driven and that the greatest safeguard of orderly progress and reform is the sound common sense of all classes of the Canadian people.

I have stated frankly and fearlessly my party's policy toward labor and law enforcement. I stand now, as always, for law and order, for all, under all circumstances. This policy is the democratic British method and I shall apply these principles in the administration of our provincial affairs.

Earl Rowe.

Leader of the Liberal-Conservative Party in Ontario
