VICINITY CHIPS

Mr. W. Buskin is in Owen Sound on jury duty.

Mrs. G. Mitchell spent the past week with friends in the Queen city.

The Advance had a short call from Mr. T. Grainger of Markdale one day last week.

Miss Gladys Cornfield, who is attending Collegiate in Toronto, is home for Easter holidays.

Mr. Will Glennie of Toronto is the guest this week of his aunt, Mrs. W. A. Armstrong.

Miss Laura Armstrong, who is attending Normal in Toronto, is home for Easter vacation.

Miss Lulu Mitchell, who has been visiting friends in Toronto, Detroit and Harrisonville, Mich, returned home on Saturday.

Mr. J. A. Boyd expects to leave this week for a prospecting trip through the West. He expects to go as far as Fort George, B. C., before returning.

Mrs. D. McTavish gave a thimble party to about twenty-five of her friends last Wednesday. A very pleasant and profitable afternoon was spent, as the ladies quilted and bound three quilts.

There was no carnival in the rink here on Friday night last as announced, and the elaborate costumes prepared were laid reverently away for future use. The weather was too warm for comfortable skating.

Among those who left for the West on Tuesday were: Bert Best, Wes. Orr, Chas. White and Ed. Loucks of this section; and Robt. and Thornton Pallister of Maxwell. There were others whose names we have not learned.

For four days last week we had a foretaste of spring, with balmy winds from the south and rain, winding up Friday night with vivid lightning and thunder. The snow largely disappeared from the fields and the roads were made almost impassable. Things froze up solidly again Saturday night.

A telegraphic despatch received last week by friends here announced the death of Charles Rutledge, a brother of Mrs. George Bellamy of town, and son of Mrs. Robert Rutledge. The young man died of pneumonia at Alsask, Sask. We understand that the body is being brought home for interment.

The Saugeen river went on the rampage at Durham during the thaw last week and caused a large amount of damage in the town. The course of the river was diverted by an ice jam above the dams and the river went pouring down the streets of lower town, flooding cellars, etc. The greatest damage was done at McGowan's oatmeal mill, where the costly cement dam was carried away by the flood, entailing a loss of about $3000.

The annual Easter meeting of the Women's Missionary Society was held last Thursday. After the devotional exercises and routine business, Mrs. W. Moore read "Why Paris Green was able to give a Thankoffering;" Mrs. Wellwood gave a reading, and Mrs. W. Armstrong gave some reasons why we should be interested in Missions; Mrs. R. Wright and Miss Boyd gave a duet and Miss Richardson, a solo. Tea was served to about twenty-five ladies and the thankoffering amounted to nearly fifteen dollars.

A little 6-year-old son of Rev. T. A. Rodgers of Owen Sound was struck on the head by a large piece of falling ice from a roof and had his skull crushed in. He was taken to the hospital and an operation performed. After some hours the little lad regained consciousnes and it is thought he will recover. Rev. Mr. Rodges is well known here, having preached here on several occasions. He also held a series of evangelistic meetings here previous to taking his charge in Owen Sound.

It looks like spring.

Mr. Beddingfield of Maple will preach at Eugenia on Sunday.

Mrs. Fred Rutledge of Woodbridge is the guest of Mrs. George Bellamy.

Mr. Andrew Bentham of Toronto spent the past week with friends in town.

Mrs. Gordon Laird of Regina is visiting her parents, Mr. and Mrs. J. A Boyd.

Mr. W. J. Bellamy is delegate to the Workmen Grand Lodge in Toronto this week.

Mrs. Huff, wife of School Inspector Huff, died on Sunday at her home in Meaford of pneumonia.

Mrs. Howard, who has been visiting her brother, Mr. W. H. Bunt, for some weeks, returned last week to her home in Toronto.

Mr. W. W. Trimble has taken up his residence over the postoffice until such time as his own residence, opposite the Baptist church, is completed.

Rev. H. E. Wellwood preached a very interesting and instructive sermon Sunday evening in the Methodist church taking his theme from the life of Livingstone, the centenary of whose birth occurred on Wednesday of this week. The morning sermon from Revelation—"The seal roll opened"—was also considered to be one of the pastor's best efforts. Mr. Wellwood is a pastor who wears well, and there is universal regret that the time of his departure draws near. We belive that no pastor on this charge has ever endeared himself more to the hearts of his people than the present incumbent.

HOCKEY

Flesherton hockey youths journeyed over to Durham on Wednesday night last to play a return match with the club which they had defeated in Flesherton, but found themselves up against a team of veterans, only two of whom had played here. They "played the game," however, but in a half hearted way, as they were completely outclassed by the Durham team. The score was only 12 to 2 in favor of Durham! But these things are liable to happen in the best regulated hockey teams and the boys here are not giving away their sticks as some of the Markdale players did after their defeat by Flesderton.

Easter Services

The Easter program of services in the Methodist church will be as follows:

A.M.—172—"He dies, the friend of sinners dies." Anthem—Christ the Lord is risen to-day (Choral). 173—"Sons of God, triumphant rise." Easter Scripture and resurrection message. Organ postlude, Mendellsohn. 174—"Christ, the Lord, is risen to-day—hallelujah! March Herrique, Schubert,

P.M.—Organ prelude, bass melody, Mozart. 175—"Come, ye saints, look here and wonder." Anthem Nature's Easter, Choir. Easter Scripture and resurrection message. 179—"Our Lord is risen from the dead." Anthem, The Lord of Life is risen, Choir. 174—"Christ, the Lord, is risen to-day—hallelujah. Organ, March from Tannhauser, Wagner.

Single Fare for Easter Via Canadian Pacific Railway

Return tickets will be issued at Single Fare between all stations in Canada, Port Arthur and east, also to Niagara Falls and Buffalo, N. Y., Detroit and Sault Ste; Marie, Mich. Good going March 20, 21, 22, 23 and 24. Return limit March 26, 1913. This is an excellent opportunity for a trip at moderate expense, the return limit being exceptionally long for an event of this nature. Full particulars from any C.P.R agent. See that your tickets read via C. P. R.

THE MARKETS.

Fowl	10 to 13
Turkeys	22 to 22

Elbert Hubbard, the well known lecturer and writer, says: The sixth most important thing in the world is advertising, and advertising is telling who you are, and what you have to offer the world in the way of service or commodity. The only man who should not advertise is the man who has nothing to offer, and such a person is a dead one—whether he knows it or not. For him, Charon's mud-scow is grating on the sands, and the boom of the surf can be heard just beyond the harbor-bar.

Odds and Ends

Dairying for Profit

Everyone dairying for profit will find that a cream separator is indispensable. It is, therefore, simply a question of which separator will best meet his requirements.

The Dairymaid cream harvester has been designed to meet all demands. It is built of the best material by experienced workmen.

The essential points of the Dairymaid cream harvester are:

Simple construction, Large capacity, Durable construction, Easy cleaning, Close skimming, Light running.

These, and many others, are valuable features which make a Dairymaid cream harvester best suited to those dairying for profit.

For every up-to-date, well regulated farm, a Dairymaid cream harvester is a necessity. It will save you the inconvenience of hauling your milk to the creamery, and bringing back cold and tainted or sour skim milk.

Use a Dairymaid cream harvester and separate your milk while it is still warm and secure all the butter fat.

Call and examine a Dairymaid cream harvester and secure one of the handsome little booklets telling you more about this separator.

S. Hemphill, Agent, Ceylon
