The New Remedy for Worms in Children or Adults

BARKER'S WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

HOSTETTER'S BITTERS, MISHLER' BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compounds are nothing more nor less than whisky or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture

Washington, Dec. 28, 1869.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity 1.0009.

Mean of several determinations

Alcohol (by weight)	15.200	per cent
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Oinanthine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oinanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters;" and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,
Chief Chemist U. S. Dept. Agriculture

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

MR. GIANELLI.

From the World-renowned Tragedienne,

MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:

Gentiluomo Signore:

Fearing that a former letter which addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honor.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of success,

I remain, truly yours,

ADELAIDE RISTORI DE GRILLO

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, the Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

SARSAPARILLIAN RESOLVENT.

NEW PRINCIPLES OF CURE

Of all Wasting, Scrofulous, and Eruptive Diseases of the Eyes, Nose, Mouth, Throat, Ears, Head, LUNGS, Kidneys, Bladder.

THE SKIN MADE PURE, CLEAR, SMOOTH, AND BEAUTIFUL.

Dr. Radway's Sarsaparillian Resolvent establishes a new principle of Cure of all Chronic diseases, and proves to the medical world that Consumption and other Scrofulous diseases are curable. This fact has been demonstrated in over

One Hundred Cases of Confirmed Consumption, *where one lung in over seventy cases was destroyed and dried up, and as over*

500 CASES OF SUSPECTED CONSUMPTION.

Dr. Radway, three years since, published to the world his analysis of the Blood in the several stages of **Consumption,** showing it every stage, that where tubercles become deposited in the Lungs and other organs, as in the Kidneys, Liver, Spleen, Bronchial Glands, Intestines, establishing Consumption of those organs, the **Blood** is thin, weak, pale, watery, and is deficient of such constituents as fibrin Albumen, Phosphorus, and the rich red coloring discs of the Blood Corpuscles. In the absence of these constituents in the Blood, the Blood is exhausted of strength and nourishment, and wherever there is inflammation, it deposits tubercles and decomposition, it has not the power to hold in solution its natural constituents, and Ulcers, Sores, Tumors, Cancers, and Virulent Diseases are formed, the presence of which causes inflammation, gathering, and consequent suppuration.

This, reader, is the true cause of the formation of Tubercles and Consumption. Dr. Radway was the first to advance this theory of the cause of Consumption and its kindred diseases, and prepared the **Radway's Resolvent** to supply the Blood with such constituents it was deficient of, in these conditions of system, and to give it the nourishment and strength to hold its natural constituents in solution. Dr. Radway's theory was published in England, France, Germany, and America, and was seized upon by the scientific men of both hemispheres. From his text medical books have been since published by medical writers, claiming to have discovered the cause of Consumption, but have *failed to produce the remedy to cure.* Dr Radway was the first to advance this theory, and the first and only discoverer of a medicine *that will cure.* In **Radway's Sarsaparillian Resolvent** the public have a remedial agent that will cure Consumption and all Diseases of the **Lungs, Bronchial, Kidneys, Bladder, Womb, Furnace, Glands, and Urinary Organs.**

In all Wasting Discharges, such as Involuntary Loss of Sperm, Emissions, Weakness of the Genital Glands, Leucorrhea, and all Uterine difficulties, Gravel, Lime-stone, Brick Dust, Uric Acid, and Calculous Concretions, the **Sarsaparillian Resolvent** is a positive cure. In Dropsy, Diabetes, Secured Venereal, Syphilis in its many forms, it cures when all other medicines fail.

EVERY DAY

an increase of flesh, weight, and strength is experienced. It is Fat-Genic. Calorific or Heat making. It is to the blood what oxygen is to the atmosphere; air—it supplies the life principle. It swiftly removes from the surface all Spots, Blemishes, Pustules, Tetters, Rash, Flesh Worms, Scrofula, &c., imparting a **Clear & Beautiful Complexion** to all.

CERTIFICATE OF BEAUTY.

The following letter is from a highly gifted lady, well known in the "circles of our best society."

Gentlemen, [illegible] 1869.

I had not much confidence in your RADWAY'S RESOLVENT, having been disgusted by the bad cure results with BLOTCHES and PIMPLES. I received, at an expense to me of $5, and took TWO TEASPOONFUL three times a day, as directed. It is now quite ONE MONTH since I commenced to use. To-day there is not a BLOTCH, spot, blemish, or indication of any kind on my person.
