VICINITY CHIPS

Mrs. Hickling is visiting with friends in Toronto.

We can supply the daily Globe until Jan. 1 next for two dollars.

Miss Ettie Thompson has gone to spend a fortnight with friends in Owen Sound.

Mrs. J. Jamieson returned last week after spending the winter at Winnipeg and Porcupine with her sons.

Miss Amanda Stewart entertained a number of her friends at a birthday party one day recently and an enjoyable time is reported.

Boreas bore down upon us again Saturday and gave us another little winter. The robins and the general public vote boreas a bore and wish him borne so far away that he cannot return for six months.

Mr. and Mrs. Andrew Wickens, who have spent the past year in southern California, returned to their home here on Saturday. Mr. Wickens says they had a most delightful visit, and they liked California.

Mr. R. Genoe of Eugenia writes The Advance that on Thursday night, April 3, a certian party boiled six or seven dollars worth of maple syrup in his sugar bush. Next morning he tracked the party to his own gate. Mr. Genoe says he will prosecute if his nocturnal visitor does no call and settle immediately.

The village council meet last week but there was not much business to be done beyond making provision for raising money to meet current expenses and the payment of three small accounts. The Reeve was also authorized to pay over the money due the township of Artemesia by the village.

The pastor will preach morning and evening next Sabbath in the Methodist church: 11 a. m., the 9th study in the book of Revelation—"The Lamb on the Mount Zion and the Harvest, and the Vintage of the world,"—Rev. 14. 7 p. m. —The third Study in Jesus' "Sermon on the Mount." "The second Door to Blessedness," found in the second Beatitude. A hearty welcome to all to come and worship with us.

Miss Jean McPhee, honor graduate of Household Science, McDonald Institute, Guelph, and expert demonstrator, will demonstrate bread and pastry making to the ladies of this section in the town hall on Wednesday, April 23, 1913, showing how easy it is to make the nicest and lightest bread in four hours, also showing easy methods of pastry making. This is under the auspices of the W. I. Members and non-members heartily welcome at 2.30 p. m. sharp. Admission 10c.

Little Miss Evada Wilson brought The Advance an egg one day last week, laid by one of her prize pullets, that discounts anything we have seen in the egg line. It is multum in parvo with a vengeance and would lead one to believe that biddy was somewhat crowded for space. Take one medium sized egg and another two-thirds the size. Crush the eggs together end to end until one-third of the smaller is submerged in the latter, without breaking either shell, and you have a replica of this sample. The shells are normal but both grow together as one.

A liquor trial held in the town hall before J. P's McMullen and McGill on Wednesday of last week attracted considerable attention. The defendant was James Radley of Ceylon and the complainant was Inspector Halbert. Some five or six witnesses were examined but none of them could recollect having got anything stronger than cherry wine on the dates mentioned in the information. Mr. Radley swore that he had not sold any intoxicating liquor on these dates nor for thirty days previous. As there was absolutely no evidence against the accused the case was dismissed.

We print an item elsewhere from the Durham Chronicle regarding a bunch of hogs which sold on the Durham market last week and brought $200, the price paid being $9.50 per hundredweight. On the same date no hogs sold on the Flesherton market at less than $9.70 and some prime stock brought as high as $9.90. That 20 cents extra should have paid the Durham farmer to bring his hogs over here to market. At the lowest price paid here he would have received $4.20 more for his load here, and if they had brought top figure his pocketbook would have been added to to the extent of $8.40, approximately. Moral—Sell your pigs on the Flesherton market if you live within fifteen or twenty miles of us. The high prices prevailing now do not represent the top notch that has been paid on this market, as some may think. Four years ago as high as ten dollars was paid here.

The Orillia Times, reporting the meeting of Barrie Presbytery at which the call from Flesherton to Rev. A. McVicar, was dealt with, said: "Representatives were present from both Mr. McVicar's present charges, and expressed deep regret at the possibility of losing so able a minister. They bore high testimony to the excellent service he had rendered during the years of his ministery there. The Presbytery dealt with the call and presented it to Rev. Mr. McVicar, who, while regretting the severance of the tie that bound him and his people so closely together, felt that in the interests of the education of his family, it was his duty to accept. The Presbytery agreed to the translation, and Mr. McVicar will preach his last sermon as pastor of the Oro churches, on April 13. Rev. Mr. McVicar has been a useful member of Presbytery as well as a faithful pastor, and members of Presbytery keenly regret his leaving." Mr. McVicar and family will arrive here next week and his induction into this charge will take place in Chalmer's church at 1 o'clock on Thursday afternoon, April 17th. The manse is being renovated by the Ladies' Aid and a new furnace is being put in for the comfort of the new minister and his family.

Rod and Gun for April

April Rod and Gun in Canada publish- by W. J. Taylor Limited, Woodstock, Ont. is of particular interest to the fisherman. "The Giant Trout of Nipigon" is the opening number and describes the excellent trout fishing that is to be had on this famous stream, which is probably not excelled by any other trout fishing stream in the Dominion. Prof. Edward E. Prince, Commissioner of Fisheries, contributes an article on The Pealsides: A Luminous Fish New to Canada." "The Amateur Fisherman —Also His Wife" is a humorous sketch of a day's fishing that proved disastrous alike to the fisherman's tackle and to his temper. Fishing stories from British Columbia, Alberta, Cape Breton, Ontario, etc., serve to maintain the repsesentative character of the magazine while other topics including another article on the fox industry and number three of the series "Small Fur Bearers and How to Take Them," give variety to the issue in which they appear.

Cheap John

Euphrasia Township Council don't like the cost of printing this year, and were not a little surprised when tenders were opened for the year's printing, to find that all tenders were very much higher than in former years. However, after some talk a majority of the Council remembered that everything had gone up, and it was reasonable to suppose that printing had to also to go up. Mr. J. M. Davis, of the Basswood Tavern who wholloped Mr. Murray last January for the Deputy Reeveship, thought different and was quite sure that he could get the township printing done in Toronto at away down prices, so was allowed to take the matter to Toronto to get it done at starvation prices. J. M. familiarly known as "Jack," went to Toronto some time ago, is back quite long enough to have reported his success, but up to the other day had not made any report to the Council if he had or had not found some printer who must work cheap to get work at all.

Some people are wondering when "Jack" intends reporting, and if he is going to put in a bill for his expenses to to Toronto.—Clarksburg Review.

Fresh Oysters, Fish ane Herring,
Canned Goods—Salmon, Tomatoes, Corn and Peas, and allkinds of fresh groceries at lowest prices.

W. L. Wright, Grocer, Flesherton.

You better be careful in the selection of your twine this year. Be sure you get the best. Beware of mixed twines, which are really composed of low grade manila. They are unsatisfactory at the best, and they will annoy you to death straightening out tangles and picking up loose bundles. Buy good sisal, standard sisal, or high-grade manila binder twine and save yourself annoyance.

When you consider the satisfaction that sisal, standard sisal and high-grade manila binder twine will give and the amount of extra labor good twine will save, you will more fully understand the value of McCormick twines. McCormick binder twine is made in four brands—sisal, standard, manila, pure manila. Every brand is up to the McCormick quality. You will get perfect satisfaction if you use McCormick twine.

Don't be misled, come direct to us and we will explain the twine proposition.

S. Hemphill, Agent, Ceylon
