VICINITY CHIPS

Mr. Wilfred Phillips of Palmerston called on friends here last week.

Miss Maud Richardson is visiting her sister, Mrs. Tait, at Lucknow.

Hear The Southland Serenaders Flesherton high school auditorium, Saturday, May 3.

Born--In Palmerston, on Friday, April 18, to Mr. and Mrs. Wilfred Phillips, a daughter.

Mr. Fred McTavish left last week to accept a position as trimmer with the Brantford carriage works.

Mrs. Gordon Laird, who has been visiting here for a month or so, returned last week to her home in Regina.

Rev. Mr. McVicar occupied his new pulpit on Sunday and preached a much appreciated sermon from John 12-34: "Who is this Son of Man?"

Married—At Wayne, Mich., on Monday, April 21, Dr. R. Baskerville of Detroit to Miss Georgina, daughter of Mrs. J. S Richardson of Wayne.

Mr. W. Barnhouse and daughter, Miss Elsie, of Toronto, visited with friends here for a few days last week. They left on Tuesday of this week for Edmonton, where they will in future reside.

The Southland Serenaders will give an entertainment in the high school auditorium on the evening of Saturday, May 3, under the auspices of Flesherton Hockey Club. There are six members of the company and their work is very highly spoken of.

Rev. James Buchanan has recieved a unanimous call from the Presbyterian congregation of Elmvale, Simcoe County. This is a large and prosperous church and the salary promised, we understand, is materially in advance of that received here. Mr. Buchanan is considering the call and in all probability will accept.—Dundalk Herald.

Mrs. Sam Hawkins of the 8th line had a painful experience when driving to town on Friday last. Some part of the harness gave away, the team ran away and Mrs. Hawkins was thrown out, sustaining some severe bruises. No bones were broken, however. The team ran around a mile and a quarter block and home.

Mr. H. C. Duff of the Department of Agriculture returned on Wednesday of last week with his party of over 100 young Scotchmen to distribute among the farmers of Grey county. About twenty of the party were destined for Markdale. There were none for Flesherton. The young men chosen by Mr. Duff are said to be a superior class and just such as are required to make good farmers.

Rev. Mr. McLaren of the Baptist church will leave on Tuesday next for his new charge at Peterboro. The family will remain here until after summer holidays in order that the children may continue their schooling without interruption. Mr. McLaren's new charge lies between Lakefield and Peterboro and consists of two churches.

Mr. R. Wilcock got the fore finger of his left hand into the gearing of a windmill on Monday and had that digit nearly severed. The injury was a painful one but under Dr. Carter's careful handling, Dick will still be able to count the entire four fingers when making calculations.

The Advance is pestered every few days by western real estate firms who want us to secure them an agent here. We pay no attention to these requests because, from what we can learn, most of the monied farmers in this district hold all the western real estate now that they wish to carry, and we do not care to assist in piling up the load. For some time past western real estate has been sold in great quantities throughout the Dominion and now everybody who bought is anxious to turn it over at a profit, and there are not enough purchasers to go around, so that there is sorrow among the speculators.

Miss Ella Karstedt entertained a few of her friends at a thimble party on Thursday last, in honour of Miss Ella Barnhouse.

A Touching Incident

A touching incident in the life of the late Herbert Strain was related to The Advance the other day, which is well worth recording. It occurred while Mr. Strain was doing business at Williston, during the building of the Great Northern Railway through Montana.

One Sunday a party of miners came in from fifty miles away to make some purchases. Mr. Strain refused to sell them a cent's worth on Sunday, but said he would open for them at the stroke of 12 o'clock at night, and they had to be contented with that. The men called him a d— fool for his scruples.

Some time afterward a man came to Williston riding on horseback carrying the dead body of his little boy. He enquired for the man that wouldn't sell on Sunday. He wanted him to say a prayer over the remains of his boy. He had no faith in "parsons," but he thought the man who would not open his store for gain on Sunday was sincere. Mr. strain officated at the grave and the father returned home with the solace of knowing his duty done.

Child Killed at Meaford

Meaford, April 20.—Childish curiosity to know what was inside a heavy iron roller proved fatal to the four-year-old son of Thomas Bumstead, a farmer near here. The little boy crawled part way into the roller at a moment when his father's attention was taken up with oiling a bearing, and the latter then started up his horses, not knowing the child's predicament.

Roy House, a neighbor who was passing, took in the situation at a glance, and instantly shouted to Bumstead to halt. The roller, however, had already begun to revolve, and the child's head was nearly severed from his shoulders, resulting in instant death.

Cheap John Back Again

J. M. Davis, Deputy Reeve of Euphrasia Township, as was reported in this paper a few weeks ago, went to Toronto looking for a printer that would work cheap. The kind of printer that is designated by the printing fraternity as a "Rat."

The cost of printing this year to Euphrasia township had to necessarily go up, and the Deputy Reeve ridiculed such presumption on the part of the nearby printers, and was simply going to get that printing done in Toronto at easily one half what was being asked by the local printers, so down to Toronto he went, came back again, but oh! how quiet he was when he did come back and how fortunate it was that "Jack" did all his knocking before he went, for when he returned there was not a kackle in him. Why, the Toronto printers turned out to be as barefaced robbers as the local fellows were, for the very best he could do was $100.00 for the Auditors Report, Voters' List and the December Statement, all other printing that the township might want during the year would be extra. Just imagine how cheap "Jack" must have felt, after all his boasting that HE would get the work done for half, to have to come back and admit that he laughed too soon. Not only was he humiliated at his failure to find the cut-rate printer, but he felt badly to think that the Clarksburg Review had caught on to his move, and to publish him as a "Cheap John," and still worse The Flesherton Advance actually copied the "Cheap John" article. Jack thinks some of his collegues on the Council board must have given him away. But he need not blame any of his associates at the Council table, he had better blame himself, for as long as he takes the stand against paying a fair wage for a fair day's work, or a good price for good work, just so long will his words and actions leak out, and just so long keep the municipality he represents undignified before the people. Euphrasia township is well able to pay a proper price for its wants and we believe the ratepayers of the township are satisfied to pay a living price to all who work for them.—Clarksburg Review.

Be Careful!

You better be careful in the selection of your twine this year. Be sure you get the best. Beware of mixed twines, which are really composed of low grade manila. They are unsatisfactory at the best, and they will annoy you to death straightening out tangles and picking up loose bundles. Buy good sisal, standard sisal, or high-grade manila binder twine and save yourself annoyance.

When you consider the satisfaction that sisal, standard sisal and high-grade manila binder twine will give and the amount of extra labor good twine will save, you will more fully understand the value of McCormick twines. McCormick binder twine is made in four brands—sisal, standard, manila, pure manila. Every brand is up to the McCormick quality. You will get perfect satisfaction if you use McCormick twine.

Don't be misled, come direct to us and we will explain the twine proposition.
