Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.
A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Falling or gray hair is soon restored to its original color with all the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the roots entirely decayed. But such as remain can be saved for usefulness by this application. Instead of soiling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. It wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white linen, and lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.
The reputation this excellent medicine enjoys is derived from its cures, many of them the most truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and taints, which would else be lurking in the blood, to the ruin of health, are thoroughly eradicated by the search-ing virtues of this medicine.
they were painfully afflicting have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.
Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unsuspected tenant of the organism undermines the constitution and invites the attack of enfeebling or fatal diseases without exciting a suspicion of its presence. Again it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one of other of its hideous forms, either on the surface or among the vitals. In the latter, internal ulcers may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcers broken out on some part of the body. Hence the absolute necessity of a bottle of this Sarsaparilla in all cases where a cathartic is required. The following complaints generally find immediate relief, and a cure, in the end, from the use of this Sarsaparilla: *Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous disease*. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Uterine* affections of the muscular and nervous systems.
Erysipelas and Neuralgic Diseases are cured by Sarsaparilla when all other means fail.
Multitudes of Females, suffering from obstructions, leucorrhœa or *whites*, *Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minor disorders such as are found in our Almanac, as *Blotches, Pimples, Eruptions*, and *Scurf*, disappear on the establishment of vigorous health in the blood, which quickly results, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the lurking poisons in the blood. The *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Dyspeptic, Scrofulous* and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

FARM TO LEASE.
THE undersigned wishes to lease for a term a Farm of about 400 acres, nearly all cleared, within one mile and a half of the city limits, and capable of keeping from 60 to 70 cows the year round. The owner would stock the farm with cows, if desired, as he has about half the number required. There are new Stables for nearly that number, and five large Barns, and it is one of the best Dairy Farms in the County, having water in nearly every field.
I would sell the farm or divide it in two, to suit purchasers, on very reasonable terms of payment.
Possession could be had on the first of March.
