THE CASH BONUS SYSTEM

LIFE ASSOCIATION

OF SCOTLAND

(Class A.) reduces the outlay of the Policy Holder to 12s. 6d. or 15s. instead of 20s. per £1 of the usual premiums. Until the time of participation in Bonuses, a portion only of the premiums need be paid, and the Annual payments for Policies are thus as follows:—

Age.	£300	£500	£1000
30	$27 37	$45 62	$91 25
40	35 69	59 47	103 97
50	51 10	85 17	170 33

In Class B. the Bonuses are Accumulated as Additions to the Sums Assured, and are available as a Provision for the Policy-Holder himself in Old Age.

A late statement in the *Times* Newspaper, of the Business of 70 Life Offices, for 12 months, showed that out of 69 British Offices, Sixty-five transacted less business than the Life Association of Scotland.

WEDNESDAY MORNING, APRIL 5, 1871

Town and Country.

THE Canadian steamer *Peruvian* arrived at Portland on Monday night.

THE medical matriculation examinations take place in Kingston to-day and Thursday.

FRONTENAC VS. KINGSTON.—In Chancery Chambers Mr. Dalton delivered judgment, and directed that the pleas and demurrer should be struck out.

THAT CROSSING on Princess Street has been scraped. We are not quite despondent of a new walk being laid down now after all.

THE APRIL SHOWERS have prepared the ground for farming operations and they have been begun with spirit in this locality.

THE KINGSTON MILLS MURDEROUS ASSAULT.—The unfortunate man Gallagher was yesterday in a dying state, and the worst intelligence in regard to his case may be expected at any moment.

WE are requested to contradict the report from another source, that the Messrs. Folger and Mr. Jas. Swift have had something to do with the proposed purchase of the steamer *Aurora* for the Kingston and Gananoque route.

THE STONE WALKS are everywhere doomed. Almost the last one of the kind in Kingston, that on the south side of the Market Square, is to be removed. Montreal is of the same opinion as Kingston in this matter. The Council of that city are considering the substitution of Nicholson or other material for the present stone pavements.

RATHER FORGETFUL.—Spriggins is a little forgetful sometimes. Yesterday when the Census Enumerator called on him, he counted his children, but could only make fourteen. "How is this?" he asked his wife; "I thought there were fifteen of them at the last census?" "So there were, my dear—but little Sammy was drowned since then." "Indeed;" said Spriggins meditatively; "why, it seems to me I heard of that at the time."

SAFETY.—Since an accident, almost fatal has occurred at the quarry hill, the City Council have ordered the bluff of the hill to be fenced around, so that accidents are now by no means so likely as before to occur on dark nights in that dangerous locality. It will be more of a pleasure now to live in that quarter, as a fellow can go home as tight as he likes, and need only expect to bob up against the fence. Before he might expect to bring up at the bottom of the quarry with his breath and his brains knocked out.

THE PARK.—It will be seen by our City Council report that the City Fathers are taking a new and proper interest in the City Park, a long neglected institution. We hope in consequence, that the caretaker and the Park Committee will be aroused to greater activity and a more careful attention to their duties. The farce of preserving the enclosure as a meadow for the benefit of somebody, certainly not the corporation, should at once be abolished, and the grass kept short and clean, so that the Park may become what it was designed to be,—a wide recreation ground for the children, and a pleasant resort for the citizens. To be compelled to confine leisure strolls to the muddy walks, and to forego even the pleasure of the umbrageous (?) shade of the young trees, is not what is associated in the ideas of most people with the benefits, purposes and pleasures of a City Park. The trees will now require a little attention; we hope it will be afforded. We are pleased to see a desire to protect the trees in Park avenue, and to increase the number about the Park. It is the taste in the ornamentation of the American cities by foliage that makes them so attractive. Kingston already picturesque from the water, can be made very attractive to land view as well by very little more than a slight effort.

POLICE COURT.

Before the Mayor.

MONDAY.—There were a number of cases this morning, and there would have been more but—but—for a good reason. We will give the cases, a la *Star*, but as all the subjects did not appear in court, this must be one of the days when we do not give all the names:—

FIRST CLASS.—Simple drunks:—One unknown and Thos. Smith; $1 and costs.

SECOND CLASS.—Drunk and a little more so:—One guess him if you can, and one pensioner, $2 and clear out. The latter however, was committed for 30 days in default.

THIRD CLASS.—Prime first class drunk and using indecent language: Another indefinite subject; $2 and costs, which are said to include a good character.

FOURTH CLASS.—Superior first class—loitering and using abusive language to passers-by at the foot of William street. One case; fined $5 and costs.

FIFTH CLASS.—Extra superior first class drunk and vagrant: Thos. Burrowes; $2 and never come back again. Won't he though? He has spent all winter in gaol, and it finds a comfortable home. He was sent back again for a month, not having any $2 notes about him to pay.

None of the still higher classes were represented—Some superfine double extra exes are loose about the city, though, and we have hopes that the police will gather them in.

LIGHT WEIGHT.—Edward Doyle was again summoned for non-payment of wages to a hired man named La Rue, but the case was adjourned. Several boys were amusing themselves on Barrie street on Sunday evening, and on some man coming up and interfering a cap was thrown in his face. This capped the climax. Archibald Sheridan, one of the boys, was summoned up for the act, but as the complainant could not positively state him to be the offender he was discharged. It will be a lesson for Archy to be a good boy on Sunday, in future.

TUESDAY.—Yesterday's haul was an exhaustive one. There will have to be some more genial weather or a gaol delivery to bring out the hard cases. This morning there were no prisoners. A couple of summons cases, however, relieved the barren aspect of the docket. Edward Doyle appeared again in that tedious, never-to-be-ended wages case. La Rue claims $35.25. Doyle says he paid him all he earned. Then of course there is a discrepancy or a question of veracity. The evidence of both parties was taken, with no nearer approach to a solution than at first. So the case was adjourned for more satisfactory evidence. Mr. J. Sullivan appeared for Mr. Doyle.

Five boys, who are not expected to be very discreet, and a man named O'Shaughnessy, who is old enough to know better, but whose moral education has been neglected, were charged with acting disorderly on Barrie Street on Sunday evening. The big boy was fined $2 and costs. The other boys were discharged with a reprimand, and their cases are recommended to the philanthropic attentions of Dr. Mair and the Kingston Sabbath Reformation Society.

DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is the best tonic for use, because it is the most physiological, being composed of ingredients absolutely essential to the development of the system. It speedily relieves Indigestion, promoting a vigorous appetite and hearty nutrition. All cases of debility arising from wasting diseases, such as Consumption and Scrofula, and diseases of the skin, diseases of the blood, prostration of the nervous system, caused by protracted mental exertion, anxiety, or over-work, will obtain immediate relief, frequently beginning with the first dose. It is a delightful cordial to take, and its use may be protracted for an indefinite period without becoming disagreeable to the patient. Evans, Mercer & Co., Wholesale Agents, Montreal, and sold by all Druggists.

SOFTENING of the brain is becoming uncomfortably prevalent. Statistics show that in ten years, 1856-66, 11,685 deaths were registered from this cause in England alone. This disease emanates from overtaxing the brain, and not supplying substance to replace the waste. By the use of FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES the material for thought is supplied, and mind made vigorous, and the body fortified against disease.

Price $1 50 a bottle; 6 for $7 50. Sold by apothecaries and by F. Cundill & Co., wholesale agents, Montreal.

☞ Did you ever think that what is termed a common cold, when systematically neglected, often leads to that most fatal and distressing disease—consumption—but when attended to at once is generally easy of cure. If you are troubled with a cold or cough, "Bryan's Pulmonic Wafers" will be found to be most efficacious in removing it. They give immediate relief, and generally effect a cure when used in time. Sold by all Druggists and country dealers. Price 25 cents per box. 68

GREAT CONDITION MEDICINE.—As a condition medicine for Horses "Darley's Condition Powders and Arabian Heave Remedy" has no equal, its effects in this respect are astonishing; many horses that were supposed to be broken down and almost worthless, have by the use of a few packages been restored to a healthy and sound condition, all traces of the disease having been completely removed, and have been sold for from $50 to $75 more than they would previously have brought; when you want a horse medicine get 'Darley's Condition Powders and Arabian Heave Remedy,' we know you will be perfectly satisfied with the result. Remember the name and see that the signature of Hurd & Co is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

THREE SCORE YEARS AND TEN instead of being the limit assigned to human existence, should be its average duration, if people would avoid the causes that excite disease, or use the proper remedies to remove it. At this season when the melting snows and the spring showers make earth and air equally damp, the respiratory organs are peculiarly liable to be affected, and a neglected cold often settles down upon the lungs, producing Consumption, Asthma, Bronchitis and other formidable disorders. Three remedies are however to be found which obviate such evil consequences, viz. HOBART'S PULMONIC TROCHES as an internal medicine: ARNOT'S ARNICA ANODYNE, used externally on the chest and throat; and in chronic cases. HOBART'S COD LIVER OIL WITH HYPOPHOSPHITES. Every one suffering from a cold should profit by this advice.

AYER'S AMERICAN ALMANAC, for the New Year, has arrived for delivery gratis by druggists to all who call for it. This little annual has the largest circulation of any book in the world, made by the fact that it furnishes the best medical advice which is available to the people—enables them to determine what their complaints are and how to cure them. It contains the startling announcement of the conflagration of a world, or the combustion of one of the stars in the firmament, with all its attendant planets. 60

BREAKFAST.—EPPS'S COCOA.—GRATEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favourite. The CIVIL SERVICE GAZETTE remarks:—"The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalist. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills." Made simply with boiling water or milk. Sold by the Trade only in ½lb., ¼lb., and 1lb. tin-lined packets, labelled—JAMES EPPS & Co., Homœopathic Chemists, London, England.

BEAUTY.—The largest collection of beauty ever published in the United States is afforded in the Parlor Album, advertised in another column. This Album embraces the finest specimens of chrome lithographs, steel engravings, and fine wood engravings ever afforded the public. The American Publishing Company of Rutland, Vt., desire an active Agent in every town and village, to whom they offer liberal terms. Read the advertisement of PARLOR ALBUM. 54

HOW TO MAKE MONEY.—Send to the American Publishing Company, Rutland, Vt., for their beautiful Specimen Book, and make ten dollars the first day you show the book. Read their advertisement in another column, concerning the Parlor Album, and you will get full particulars. The Parlor Album contains more beautiful embellishments than any other work extant. The Specimen Book is sent free on receipt of postage.
