We notice by several exchanges that cemetery lots have been raised in price in several localities, and now to the high price of living is to be added the high price of dying. This is carrying the joke too far.

Miss Laura Armstrong, who has been attending normal school in Toronto, has secured her third class certificate, and is receiving the congratulations of her friends. Miss Bernice Scott of Inistioge secured her interim second class certificate in the same examination.

Mr. Charley Best had an old time barn raising on Monday. George Cairns and Fred Mathewson captained the struggle. Combined with good work, and good judgement Mr. Mathewson's side pulled out ahead. The frame went up without a hitch.

The Bell Telephone Co. have laid off nearly all their linemen in this section, and as a consequence large numbers of men were thrown out of work. The Company it seems have abandoned for the present, some $4,000,000 worth of extensions to their lines in Ontario owing to the tightness of the money market.

It will be noticed by our advertising columns that Messrs. J. & W. Boyd are putting on a big broker's sale, which began on Wednesday of this week. The buying public have certainly been favor- this spring with bargains in merchandise, and these bargains promise to be maintained for a few weeks yet. Read up the large announcement on our back page.

Every day will be Friday bye and bye if the Fisheries Department of the Dominion Government accomplish the object of their exhibit at the Canadian National Exhibition this year. This exhibit is intended to show the people of inland Canada what they are missing in not using salt water fish as a steady diet. It will show the various varieties of the finny tribe, and just how each should be cooked to become a delicacy. The Department is spending $10,000 on this exhibit, so it will be seen they are in deadly earnest. This should easily be one of the most interesting exhibits in the Fair.

The Orange demonstration in Markdale Saturday last was one of the most successful ever held in this district, there being nineteen lodges in the procession. The speakers were Dr. Sproule, I. B. Lucas, the local ministers and others. The day was wet in the forenoon but the afternoon was fair and the crowd present was a large one, and orderly. The prize winners were: Best fife and drummer, Ceylon lodge, No. 883; Lodge coming greatest distance, Griersville, No. 576, 1st, Bognor, No. 67, 2nd; Best dressed lodge, 4th line, Artemesia, No. 1132, 1st, Bognor No. 67, 2nd; Largest turn-out, Eugenia, No. 1118, 1st, Berkeley, No. 176, 2nd.

Died

WILSON—At the parsonage, Haileybury, on Tuesday, July 8, Mary Ruthena Marr, beloved wife of Rev. J. S. I. Wilson.

Interment took place in Prospect cemetery, Toronto.

Lower School Examination

The lower high school examinations were given out last week. Twenty three pupils wrote from the Artemesia high school and nineteen passed, an unusually good record, of which the teachers as well as the public may be proud. The pupils who passed here are as follows: L. S. Beattie, P. A. Beattie, Maud Boyd, L. A. Ellison, H. W. Field (H), M. R. Henderson, Kate McMillan, T. E. Orr, Stella Orr, V. B. Scilley, H. W. Shunk, H. I. Shunk, R. Spencer, M. Stafford, D. Thurston, V. Stafford, G. R. White (H), Irene Wilson, Elsie Wright (H).

There were 102 successful pupils in the whole county, and of these Flesherton passed nearly one-fifth. There were nine examining centres in the county.

The Flesherton school passed exactly the same number of pupils as the town of Meaford, where twenty-two wrote.

To Teach Agriculture

The Education Department has announced its intention of adding a course of study in agriculture to the curriculum of the High Shools and Collegiate Institutes, when they open in September. The students will carry on their experiments in suitable plots of ground, with which all schools will be provided.

The larger part of the grant of $195,000 that was received by the Province, from the Federal Government for this purpose will be expended in extending the summer school for teachers at the Ontario Agricultural College, Guelph, where special courses are held for High School teachers.

To High School teachers taking up this work will be paid $75 and the school boards employing them will be given grants of $100.

To aid in this venture the Department of Education will grant $50 to every Public or Separate school board employing a teacher holding a certificate of agriculture. The teacher's salary will be augmented with a $30 bonus given by the department.

Courses are also open to inspectors of rural schools for the purpose of stimulating interest of agricultural education in these schools.

Saturday Nigh's "Gold and Dross" man says this about land syndicates:—My advice to one and all—save those who know the game—is to keep your money out of land syndicates. They are dangerous, complicated and unsafe. True many work out all right, but on numerous occasions shareholders suffer either loss of interest or their capital is tied up for a period none of them contemplated when going in. If you must syndicate, have your legal man advise every foot of the way.

On Friday afternoon, Mr. Thomas Bertram's hired man helped himself to a nice sum of his employer's money and a new hat and left Mr. Bertram's farm in Arthur township arriving at Arthur station in time to catch the afternoon train for Toronto. However Mr. Bertram missed the man and the money shortly after they departed and hurried to town. The Toronto police were communicated with, detectives placed at the West Toronto, Parkdale, and Union stations. At the latter station, the thief was captured and the greater part of the money recovered.—Grand Valley Star.

Mrs. R. E. McCallum, of Teeswater, had a most miraculous escape from death, says the Fordwich Record. It seems that a neighbor woman had informed Mr. and Mrs. McCallum that her telephone was burning out, and they both started over to her place across the street. As they were passing under the electric light wires, one of them fell upon the ground striking Mrs. McCallum on the hand, burning it severely, and knocking her unconscious. Medical aid was at once summoned and she was carried to a neighbor's, where she came to after a time. The fact that it was raining and the lady had an umbrella up was all that saved her life, as the wire carried 11,000 volts of electricity and would have fallen directly on her only for the protection of the umbrella which caused it to glance off.
