Mr. J. F. VanDusan, who moved to the West in the early spring, intending to locate at Midicine Hat, Alta, in the jewelry business, was dissatisfied with the outlook, after visiting various other points, and has returned to Toronto. He thinks Old Ontario is about the best there is. When he was in town last week renewing acquaintances he had not yet decided where he would locate.

A very serious accident was narrowly averted Monday forenoon, when a team belonging to Mr. James Keating took fright at a passing auto. Mr. K. had just finished his shopping and was ready to start for home. He had a load of lumber and shingles on a wagon rack and had driven up to Tom Macintyre's for some parcels. He was off the wagon standing on the sidewalk when the horses started up. Mounting the wagon in an endeavor to get the lines the upright at the front of the rack broke and he fell at the horses' heels as they turned the corner at Ritchie Bros. The wheels passed over the upper part of Mr. Keating's legs and one of the horses struck him in the mouth with its foot. The wagon came into contact with a telephone guy wire and stopped the progress of the team nearly in front of the Herald Office. Mr. Keating was carried on a stretcher to Dr. Martin's office. Fortunately no bones were broken and he was able to be moved to his home in the afternoon. Although he has suffered a good deal of pain he is grateful that he escaped from the mix-up so well.—Herald

WESTERN CANADA

A BUMPER WHEAT CROP

THOUSANDS OF MEN REQUIRED

This Year's Harvest promises to be the largest in THE HISTORY OF CANADA

According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborer of the East to assist in harvesting the world's greatest bread basket.

The Governments of the respective Provinces state that many thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.
