PARLOR ALBUM
IN FIVE QUARTO VOLUMES.
Price $9 00 per volume or
$40 00 Per Set Complete.

Description of the Work.

THE PARLOR ALBUM is doubtless the most extensive ART GALLERY ever published and, by those who have examined the several portions of the work, it has been pronounced "THE CLIMAX OF BEAUTY." Each volume contains 20 full page Chromo Lithographs, in Oil Colors, 40 full page Steel Engravings, 40 full page engravings on wood and 260 pages of reading matter, descriptive of the illustrations, the whole making each volume about one half as thick, and same sized pages, as Webster's largest Dictionary. Each volume is complete in itself and will be sold separately, if desired. SOLD BY SUBSCRIPTION, ONLY.

Vol. 1 is devoted to Wild American Birds.
Vol. 2 Contains Wild American Animals.
Vol. 3 American Domesticated Birds and Animals.
Vol. 4. Foreign Birds and Animals.
Vol. 5, Fishes, Reptiles and Insects.

This work will at once commend itself to the cultivated American people, and no library will, hereafter, be complete without this addition to its treasures; while as a parlor amusement it is unequalled by American publications.

Agents Wanted.

We will give Agents very liberal terms for selling the above described publications, and wish to appoint an Agent in every town in the United States and British Provinces. Experienced book agents and all other persons of respectability should apply at once. Any Young Man, or Young Lady, can, by devoting a short time during the day or evening, secure a complete set, free of expense, or, if preferred, we will allow a large Commission in Cash.

We have prepared a most beautiful SPECIMEN BOOK FOR AGENTS, containing 5 of the Oil Chromos, 10 Steel Engravings, 10 Wood Engravings, and 50 pages of descriptive reading, being selections from each volume, together with blank paper, specimens of binding, &c., &c.

Capital and Invested Funds, £750,000 Stg.
ANNUAL INCOME, £220,000 Sterling; Yearly Increasing at the rate of £25,000 Sterling.

THE important and peculiar feature originally introduced by this Company in applying the periodical Bonuses, so as to make Policies payable during life, without any higher rate of premiums being charged, has caused the success of the BRITON MEDICAL AND GENERAL to be almost unparalleled in the history of Life Assurance. *Life Policies on the Profit Scale become payable during the lifetime of the Assured, thus rendering a Policy of Assurance a means of subsistence in old age, as well as a protection for a family,* and a more valuable security to creditors in the event of early death; and effectually meeting the often urged objection, that persons do not themselves reap the benefit of their own prudence and forethought.

No extra charge made to members of Volunteer Corps for services within the British Provinces.

HOSTETTER'S BITTERS, MISHLER BITTERS, RICHARDSON'S BITTERS PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compounds are nothing more nor less than whisky or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of tattered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture
Washington, Dec. 28, 1869.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity 1.0009.

Mean of several determinations

Alcohol (by weight)	15.2-00	per cent.
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extract on was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Oinanthine of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oinanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your circular you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

MR. GIANELLI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signo rAngelo M. F. Gianelli,
Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I had addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honor.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of success,

I remain, truly yours,
ADELAIDE RISTORI DE GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, the Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants Druggists and Grocers. Retail price 75c per bottle

The New Remedy for Worms in Children or Adults
BARKER'S
WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

SARSAPARILLIAN RESOLVENT.
NEW PRINCIPLES OF CURE
Of all Wasting, Scrofulous, and Eruptive Diseases of the Eyes, Nose, Mouth, Throat, Ears, Head, LUNGS, Kidneys, Bladder.

THE SKIN MADE PURE, CLEAR, SMOOTH, AND BEAUTIFUL.

Dr. Radway's Sarsaparillian Resolvent establishes a new principle of Cure of all Chronic diseases, and proves to the medical world that Consumption and other Scrofulous diseases are curable. This fact has been demonstrated in over

One Hundred Cases of Confirmed Consumption, *where one lung in over twenty cases was destroyed and dead up, and in every*

SINGLE CASE OF SUSPECTED CONSUMPTION.

Dr. Radway three years since, published to the world the analysis of the Blood in the several stages of Consumption, showing in every stage, that where tubercles become deposited in the Lungs and other organs, as in the Kidneys, Liver, Spleen, Bronchial Glands, Intestines establishing Consumption of these organs, the Blood is thin, weak, pale, watery, and is deficient of such constituents as fibrin, Albumen, Phosphorus and the rich red color-giving discs of the Blood Corpuscles. In the absence of these constituents in the Blood, the Blood is exhausted of strength and nourishment, and wherever there is inflammation, it depends to deposit tubercle and its composition, it has not the power to hold in solution its natural constituents, and Ulcers, sores, Tumors, Cancers, and Virulent Humors are formed, the presence of which causes inflammation, gathering, and consequent suppuration.

This, reader, is the true cause of the formation of Tubercles and Consumption. Dr. Radway was the first to advance this theory of the cause of Consumption and its kindred diseases, and prepared the Radway's Resolvent to supply the blood with such constituents it was deficient of, in these conditions of system, and to give it the nourishment and strength to hold its natural constituents in solution. Dr. Radway's theory was published in England, France, Germany, and America, and was seized upon by the scientific men of both hemispheres. From his text medical books have been since published by medical writers, claiming to have discovered the cause of Consumption, but have *failed* to produce the remedy to cure. Dr Radway was the first to advance this theory, and the first and only discoverer of a medicine that will cure. In Radway's Sarsaparillian Resolvent the public have a remedial agent that will cure Consumption and all diseases of the Lungs, Bronchials, Kidneys, Bladder, Wounds, Throat, Glands, and Urinary Organs.

In all Wasting Discharges, such as Involuntary Loss of Sperm, Emissions, Weakness of the Genital Glands, Leucorrhœa, and all Uterine difficulties, Gravel, Lime Stone, Brick Dust, Uric Acid, and Calculous Concretions, the Sarsaparillian Resolvent is a positive cure. In Dropsy, Diabetes, unnatural Venereal, Syphilis in its many forms, it cures when all other medicines fail.

CERTIFICATE OF BEAUTY.

The following letter is from a highly-gifted lady, well known in the "circles of our best society":

LONGWORTH, Feb. 20, 1869.
DR. RADWAY—Sir: I had not much confidence in your SARSAPARILLIAN RESOLVENT, but having used a few bottles I find it does all you claim for it. My complexion was SALLOW, FLESH PIMPLY, BLOTCHY and TURBID. I received at all events to try it, and took TWO TEASPOONFULS three times a day, as directed. It is not two weeks since I commenced its use, and my complexion is as fair as any lady's, and my flesh is firm and healthy. The change is wonderful. I shall use no other medicine while it produces such results. Yours truly,
SARAH H. TREMONT,
Jersey City P.O.
