DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE effectually checks and arrests those often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Colic, Toothache, Menstruation, &c.

FROM LORD FRANCIS CONYNGHAM, Mount Charles, Donegal, 11th Dec., 1858.

"Lord Francis Conyngham, who the time last year brought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a very wonderful medicine, will be glad to have half a dozen bottles sent at once to the above address."

Earl Russell communicated to the College of Physicians the receipt of a despatch from Her Majesty's Consul at Erzeroum, that the Cholera has been remarkably successful, and that the ONLY remedy of any service was CHLORODYNE.—See *Lancet*, 11 December, 1864.

CAUTION—BEWARE OF SPURIOUS IMITATIONS.

CAUTION—Vice-Chancellor Sir W. PAGE WOOD stated that Dr. J. COLLIS BROWNE'S CHLORODYNE was undoubtedly the Inventor of CHLORODYNE; that he was the only person who ever made CHLORODYNE; that Mr. DAVENPORT was merely a vendor of a secret nostrum, which he was ordered to stop, and had been known to be a vendor of Spurious Chlorodyne.—See *Times*, 10th July, 1864.

Sold in Bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government Stamp. Overwhelming Medical Testimony accompanies each Bottle.

SOLE MANUFACTURER—J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London. 26

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, or received such unqualified commendation for its virtues as a family physic. Being sugar coated, they are pleasant to take, and no person will refuse to take them when they know what they are for. Their action is mild and certain when used for any purpose they are adapted to, and their effects are salutary upon the entire system they control. Being purely vegetable, no injury can result from their use in any quantity.

Their operation by purging, purifies the blood, and stimulates vital energy in the stomach, bowels, liver, and other organs of the body, restoring their irregular action to healthy vigor. They carry off those accumulations in the alimentary canal which are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills speedily cure:—

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be taken for the purpose of stimulating the liver to healthy action, when no other cathartic is required.

For Dysentery or Diarrhœa, but one pill is in most cases sufficient.

For Rheumatism, Gout, Gravel, Inflammation of the Heart, Pain in the Side and Limbs, they should be taken in large doses as required, to change the diseased action of the system. With such change these complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as soon as the disease is discovered, to produce the effect for which it is recommended.

As a Dinner Pill, they are unequaled. They promote digestion and relieve the stomach.

An occasional dose stimulates the stomach into healthy action, restores the appetite, and invigorates the system. Those who are contagious when no serious derangement of the stomach exists, may safely use these pills to purge off the disease. Sugar coating does not hinder the action of these Pills, makes them perfectly safe, and renders their operation more certain and decided in all cases requiring a cathartic medicine.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine has anything been so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character, its power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a protection against sudden attacks of Croup, it should be kept in every family, and indeed as all are to sometimes subject to colds and coughs, it should be provided with this antidote for them.

Although settled Consumption is thought to be incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*, so complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, time, the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved, and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, miasmatic, or miasmatic poisons.

As the name indicates, it does cures, and does not fail. Containing neither Arsenic, Quinine, Bismuth or any other mineral or poisonous substance whatever, it is a strengthening medicine. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of American medicine. Our agents are gratified in the acknowledgments we receive of the radical cures effected by obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through malarious localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE $1.00 PER BOTTLE.

The New Remedy for Worms in Children or Adults

BARKER'S WORM SYRUP.

GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for want of a certain and reliable medicine.

The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety in the most delicate children, and on account of its pleasant taste children will take it readily. A large number of testimonials have been received from parties who have used the Syrup with the greatest success; also from several Physicians, recommending its use.

The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.
