TOWN AND COUNTRY.

ST. PAUL'S READINGS.—Do not forget the last Reading of the Series this evening in the Victoria Hall.

THE WEATHER is very pleasant to-day. January is going out with a capital grace, just as it conducted itself throughout.

A SOCIAL will be held in the Sandhill School House, Pittsburgh, on St. Valentine's night. A musical and literary programme is being prepared.

A LECTURE will be delivered by Professor Murray, of Queen's College, Kingston, to-morrow evening in the St. Andrew's Mission Church, Toronto.

FOR THE PENITENTIARY.—A lad, aged 15, named Matthew Middleton, arrived in the City to-day in custody of Deputy Sheriff Hobson, of Welland, where the prisoner was recently convicted of indecent assault, and sentenced to serve a term of two years in the Penitentiary.

POLICE COURT, Wednesday.—Before Mr. Strange, P. M.—A respectable woman was charged with drunkenness. First offence; discharged. One summons for throwing garbage on the streets; dismissed after the usual caution. The police have reported several more citizens for not clearing away the snow from in front of their premises.

ONTARIO MISSIONS.—The annual meeting at Ottawa in connection with the Missions of Ontario Diocese came off on Monday evening. His Excellency the Governor General presided. Addresses were delivered by a number of Clergymen, including the Rev. A. J. O'Loughlin of Kingston, and Rev. C. P. Mulvaney, late of Clark's Mills. The collection was large, and the meeting very interesting and successful.

TOWNSHIP OF PITTSBURGH.

AGRICULTURAL MEETINGS.

A meeting of the agriculturists was held at the Finger Board School House on Wednesday, 24th Jan., at 12 o'clock. Mr. Benjamin Whitney was called to the chair, and Mr. Alfred Brown appointed secretary.

Mr. Whitney briefly stated the object of the meeting, which was to discuss the subject of co-operative action on the part of the farmers.

Mr. R. J. Milton was called upon to address the meeting, and briefly noted the losses resulting to the producer from the combined action of grain buyers in monopolizing the purchase of grain, and keeping down prices, thus making out of the earnings of the producer speedy and large fortunes. The co-operative system, so successfully carried out in the cheese factories, was held to illustrate the benefits of co-operation, and the same system could be enunciated with respect to other farming pursuits.

Remarks were made by Messrs. John Wilmot, H. McCaugherty, Charles Hyslop, J. Ferguson, T. C. Stark and A. Brown. It was the unanimous opinion of the meeting that the farmers of Pittsburgh should form an association to co-operate in carrying out some arrangement for the better management of their affairs in general.

Moved by T. C. Stark, and seconded by R. J. Milton, that a meeting be held on Friday evening, 2nd February, at Cowan's School House for the purpose of calling attention to and discussing the above matters.—Carried.

In accordance with the above resolution the second meeting of farmers was held at the same place on Friday night last, the object of which was to take into consideration the best means to be adopted for some co-operative action on the part of the producers, with the design of disposing of their grain to better advantage in the autumn than hitherto, and placing on the market barley of a uniform good quality. These subjects were carefully discussed, and the opinion of the meeting was in favour of extended and co-operative action to attain these results. It was stated that the barley produced in this township was of a very superior quality, as many of the brewers and maltsters in Kingston could testify. It was also shown that losses to the farmers in consequence of the fluctuations in this article, last fall, amounted to a very large sum, caused by the heavy delivery early in the season by farmers, who were induced to sell with the offer of the rise to a certain period, which period elapsed before the rise or advance in the value of the article took place. It was stated that at Napanee, Bath and other points not so accessible to vessels as Kingston higher prices were paid continously, thus drawing away the legitimate trade, and that one should be fostered from Kingston to an injurious extent. It was resolved to hold another meeting with the same object in view in another part of the township at Cowan's School House on Friday evening, 2nd Feb. next.—*News.*

THE SEASON.—While our allowance of snow seems to be rather less than usual, other places have been visited with snow storms extraordinary. At Buffalo the other day they had the severest snow-storm known for years. On the same day they had snow in Savannah, Ga., for the first time in thirteen years. At Selma, Ala., the weather was intensely cold, and they had their heaviest snow of the last ten years. From Cheyenne westward, the Pacific Railroad at numerous points is badly blockaded by snow, and the cold, at some points thirty-six degrees below zero, along the whole is intense. On the same day, in the latitude of New York, and for hundreds of miles north and south, from the Atlantic westward to the great Plains, the skies were bright and the air was sharp and fresh, like that of a dry, dusty, blustering day in March.—*Gazette.*

$153,000 GOLD COIN PRIZE.—Highest prize $53,000 Gold Coin, to be distributed legally by chance, January 30th, 1872, in aid of the Mercy Hospital, Omaha, Nebraska. Patton & Gardiner, General Managers. See Advertisement.

An Eminent Divine says, "I have been using the Peruvian Syrup. It gives me new vigor, buoyancy of spirits, elasticity of muscle." J. P. Dinsmore, 36 Dey Street, New York, will send, free, a pamphlet of 32 pages, containing a full account of this remarkable medicine, to any one sending him his address.

The crown of womanly beauty is an elegant coiffure. As this cannot be obtained without the use of some Hair Gloss or Lustreur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age, *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's moustaches.* Ask for *Coco-Glycerine.* 14

Consumption, Bronchitis, General Debility.—Caution.—Hypophosphites.—Fellows' Compound Syrup of Hypophosphites. As this preparation is entirely different in its combination and effects from all other remedies called Hypophosphites, the public are cautioned that the name of Fellows & Co., blown on the bottle. The signature of the inventor, James I. Fellows, is written with red ink across each label, and the price is $1.50 per bottle.

Be Wise.—Too often a cold or slight cough is considered a very ordinary, trifling affair, just as well left to go as it came, and hence systematically neglected until a simple curable affection is converted into a serious pulmonary disease. The more prudent, aware that a cough or cold should never be trifled with, promptly use "Bryan's Pulmonic Wafers," which have sustained their reputation for over 30 years. They are always efficacious, and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all druggists and country merchants. Price 25 cents per box.

Two Questions Easily Answered.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c.; they act like a charm. Ministers and lawyers use them, physicians recommended them, and singers and public speakers say they are the very best medicine for the cure of all complaints. Sold by all medicine dealers, at 25 cts. per box.

Not Quite So.—"It is among the most savage and debased tribe only that the condition and comfort of the horse have been neglected," but we believe there are many in civilized countries who are guilty of the same neglect, and without the excuse of the former; here all may avail themselves of the use of an article which has done more than anything else heretofore known to improve the condition and relieve the suffering of the horse. Those who will not use it will be the losers, their horses the sufferers: to avoid both use Darley's Condition Powders and Arabian Heave Remedy," and you will be satisfied with the result. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., Proprietors for Canada. Sold by all Dealers.

We received a very pleasant letter of thanks from our old friend Kendall, since his return home, for a bottle of Johnson's Anondyne Liniment which we gave him, and which he says has entirely cured him of the troublesome and dangerous cough he had when here.

On the death of one of England's most eminent physicians, all his effects were sold by auction, and among other things was a sealed packet, marked "Advice to Physicians," which brought a great price. The purchaser on opening the packet, read as follows: "Keep the head cool, the bowels open and feet warm." If physic is necessary, use Parson's Purgative Pills; they are the most scientifically prepared pill that has appeared in the last hundred years.

MARAVILLA COCOA. *No breakfast table is complete without this delicious beverage.*—The Globe says "Various imposters and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to the finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage. Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London, Exports, Chickory Mills, Bruges, Belgium.

One or two bottles cures bad cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Lioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nunda, N.Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." "Rev. J.
