TOWN AND COUNTRY.

COL. SHAW, of Kingston, Emigration Agent to the South of Scotland, will leave for Glascow in a few days.

THE Ottawa *Citizen* thinks that the Hon. Minister of Justice will report favorably on the petition for the release of Grace Marks.

THE DEATH of Mr. Vanneck, an officer who was well known and popular when his regiment, the 47th, was in Kingston, died in New York on Tuesday. His death will give regret to many in Kingston.

THE MISSION.—Father Lancake preached last night at St. Mary's Cathedral, to a very large crowd of worshipers. He chose for his subject Eternal Punishment, and in forcible and eloquent language, depicted the sufferings of the lost. Each of the mission services attracts large numbers. They have so far been very successful, and do great credit to the piety and zeal of the missionary.

SHORT NOTES.—One of the most prominent and best known quarters in Winnepeg is "Brown's Block." Sandy's spirit and enterprise will take the lead anywhere.—The Hon. Sir Francis Hincks and Mr. Morris took only an imaginary trip to Kingston last evening. Our cotemporary was a little premature in announcing their actual arrival, and many callers upon them this morning at the British were disappointed.—Good steady winter weather; nice for winter sports.—When Lent comes, then the concerts will cease, which will be a respite for the amateurs.

RELIGIOUS ITEMS.

—Lord Napier is very favorable to the missionary work in India.

—Archbishop Lynch lectured recently in Toronto on "The Vatican Council."

—The Archbishop of Paris permits his clergy to wear beards—Sensible man.

—Ottawa is to have two new churches—one Episcopalian, the other Church of Scotland.

—The Rev. Wm. M. Punshon will preach in Kingston on Sunday, March 2nd.

—The *Catholic Standard* proposes as a subject of their prayers to all devout Catholics, Henry Ward Beecher.

—Crowds are still in attendance every evening to hear the sermons of Father Langcake, the Jesuit priest.

—The New York "Herald" speaks in terms of praise of a "beautiful and devoted Quakeress," whose preaching is exciting much attention in New York.

—Protestant services are increasing in Rome. The Episcopalians, Presbyterians, and Wesleyans have missions there, as well as in other parts of Italy.

—The General Assembly of the free christian churches of Italy was recently held at Florence. Twenty-three churches were represented. The next meeting will be held at Rome.

—A New York paper says that the Rev. Dr. Newman, of the Methodist Metropolitan church, Washington, and chaplain of the Senate, is likely to go to China as a missionary.

—Father Damen, an eloquent Jesuit, has been preaching in Ottawa on Protestantism. The Rev. Wm. Stephenson, on the other hand, has been delivering Sunday evening lectures on, "Why I am a Protestant."

—New York is well supplied with churches. The Protestant Episcopal churches are 74 in number: Methodist, 50; Presbyterian (all kinds), 51; Roman Catholic, 40; Baptist, 30; Jewish Synagogues, 25; Reformed Dutch, 20; Lutheran, 15; Congregational, 5; Unitarian, 4; Universalist, 5; Friends, 3; and miscellaneous, 18.

—Several eminent ministers, formerly residents of Great Britain and Ireland, have during several years past accepted charges in the United States. The Rev. W. M. Taylor, of Liverpool, Presbyterian, has accepted the pastorate of a Congregationalist church, New York; and the Rev. Thomas Guard, of the Irish Wesleyan church, for eight years a missionary in Africa, is to settle in Baltimore.

JEFF DAVIS A YANKEE.—A curious fact has just come to light concerning Mr. Jefferson Davis. Evidence has been found to be in existence that, instead of being born in Kentucky, as has always been supposed, (and he has always asserted) he was really born in Massachusetts, and therefore, instead of being a pure-blooded son of Southern chivalry, he is only a Massachusetts Yankee. Lanman's Dictionary of Congress puts Davis down rather indefinitely as having been born in Christian County, Kentucky, in 1808. Persons who claim to be well informed say that Jeff was born in old Stockbridge, Mass., in 1808, and removed to Kentucky with his father, when a small child. His father is said to have been a wheelright by trade, and the house where he lived on one side of the road, and the shop where he worked on the other side, are well remembered by living witnesses.

CURRENCY.

The masons and bricklayers of Toronto are establishing a trades union.

"Assault with intent to become insane," is the way they put some of their attacks now.

The remarkable phenomenon has been witnessed in Boston of a gas company cheated by a citizen.

A professional female pugilist is carrying terror into the hearts of the male inhabitants of Louisville.

A rowing match over the Kennebecasis, four miles for $1,500, has been at length arranged between Fulton and Brown.

Mayor Hall has been indicted by the Grand Jury of New York for signing warrants for the payment of fraudulent bills.

A Committee was appointed at Toronto to wait on Government and require a subsidy for the completion of the Narrow Gauge Railway.

While cravats for a gentleman in full dress are no longer considered *comme il faut*, and black silk, black or brown lace, has been substituted.

Decatur, Ill., boasts of a dog that never barks, but crows like a cock instead. He has been brought up and educated among the fowls of the farm yard and has learned their language and forgotten his own.

It is hardly safe to make instructions too general. The marshal of Keokuk, Iowa, received a telegram the other day directing him to arrest a girl with a green dress on. He arrested twenty-two such, but did not secure the right one.

A young gentleman in one of the photograph galleries of Hamilton, was nearly poisoned by inhaling cyanid of potassium, which he has been in the habit of using to remove the stains of nitrate of silver from his hands.

A minister took for his text—"The flesh, the world, and the devil," and informed his astonished audience that he should dwell briefly on the flesh, pass rapidly over the world, and hasten as fast as he could to the devil.

Jem Mace, not exactly liking to have O'Baldwin, the Irish Giant, acknowledged as the champion of the world without struggle for that honor, has put up $500 in the hands of Mr. Ed. James, a well-known sporting man of New York, as a forfeit, for a match with O'Baldwin for $1,500 a side and the championship of the world. The fight may take place in Virginia, Maryland, or any suitable place which may be mutually agreed upon.

GLASS PIPES.—A new kind of pipe has been devised for the conveyance of water. Hitherto no one could drink water that had long stood in common lead pipes without danger of taking a poisonous oxide. The new pipes, it is thought, will carry the water as pure as when it first entered them. They are made with an outside of iron and inside of glass, while between these two surfaces there is a cushion of plaster of Paris, which, being a non-conductor, keeps the pipe cooler in summer and warmer in winter than the ordinary kinds. The smoothness of the glass also decreases the friction, so that water can be carried to a greater height with the same force, while the pipes cost less than lead pipes, and less than half the price of tin-lined or block tin pipe. This pipe, it is also said, can be used for the conveyance of gas, the glass preventing the loss which takes place through the pores of iron pipes, and of other liquids which it is desirable to keep pure.

COMPULSORY SCHOOLING.—The Committee on Education in the Maine Legislature has reported a bill providing for compulsory education in that State. It provides that parents or guardians having charge of children between 8 and 14 years of age shall send them to a public school at least twelve weeks in every year, not less than six of which shall be consecutive, unless such children are excused attendance by the school officers of the town on the ground of mental or physical debility, or because they are taught the ordinary branches of learning at home or in a private school. Provision is made for the enforcement of the act by fines for violation thereof. New Hampshire has already a compulsory school law, and several Western States are discussing the subject.

$150,000 IN CASH PRIZES.—Highest prize $50,000 Gold Coin, to be distributed legally by chance, January 30th, 1872, in aid of the Mercy Hospital, Omaha, Nebraska. Pattee & Gardiner, General Managers See Advertisement.

Dr. Wistar's Balsam of Wild Cherry is 'a combination and a form indeed' for healing and curing diseases of the throat, lungs, and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus removing the cause, instead of drying up the cough and leaving the disease behind.

The extraordinary effect of Fellows' Compound Syrup of Hypophosphites is due to its power of imparting the vital principle to all constitutions impaired by wasting or debilitating maladies. It is acceptable to the palate, and suitable for all ages and all constitutions. The blood is restored to purity and health, the nerves and muscles are strengthened, while tuberculous or consumptive deposit is retired.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats*. Ask for *Coco-Glycerine*. 14

Bryan's Wafers, (the great public remedy,) have now been in use over twenty years, hence it cannot be said that they are on trial. They have been thoroughly tried, and pronounced (on the authority of those whose lives and health they have preserved) to be a cure, harmless and eminently salutary preparation, and if taken in season will invariably cure colds, coughs, sore throat, and all Bronchial affections. One fair trial will convince the most skeptical. Sold by all medicine dealers, at 25 cts per box.

Two Questions Easily Answered.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c.; they act like a charm. Ministers and lawyers use them, physicians recommended them, and singers and public speakers say they are the very best medicine for the cure of all complaints. Sold by all medicine dealers, at 25 cts. per box.

Physicing Horses.—Many persons physic their horses frequently—especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic as it is usually given, often produces inflammation of the bowels which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels, and act upon the liver and lungs, removing all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtaxing any, which is accomplished by the use of "Darley's Condition Powders and Arabian Heave Remedy"—it is always safe and certain. Remember the name, and see that the signature of Hurd & Co is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

MARAVILLA COCOA. No *breakfast table is complete without this delicious beverage.*—The Globe says: Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire stability, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage. Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate. Steam Mills—Brick Lane, London, Exports, Chickory Mills, Bruges, Belgium.
