Little Jimmie Stewart, son of Mr. Will Stewart, fell through a hole in the hay loft of their stable alighting on his shoulder. He was badly bruised and shaken, but no bones were broken, and he will recover. A few years ago the little fellow was an invalid from a weak back and it was feared he would be permanently injured by this fall, but the doctor does not think this will be the case, which is cause for thanksgiving.

Mr. Charley Crossley was presented with a set of military brushes and an address by some of his young friends on Monday evening prior to his departure for Whitby.

Don't forget the old time meeting of the Ladies' Aid of the Methodist church to be held in the town hall, on Friday, Dec. 5, 1913. Performers dressed in costume of early Victorian age. Barrels of full. Come and your troubles will vanish as the mist before the dawn. A good musical programme is also being provided.

Collingwood town council at its last session passed a resolution asking the H. E. Commission to "Take into their serious consideration the building of an electric railway from Guelph to the Georgian Bay, and that said railway run from Guelph through Flesherton to Collingwood, thence to Thornbury, Meaford and Owen Sound." That is as it should be, and we are glad to see Collingwood in line, but Thornbury would have to be tapped first.

Mrs. Thomas Bentham of Chatsworth passed away at her home there on Tuesday, Nov. 18, and the remains were brought to Flesherton for interment on Thursday. The funeral took place to Flesherton cemetery on Friday afternoon from the residence of Mr. Bentham's brother, Richard, of the suburbs. Mrs. Bentham was an invalid for the past twenty years and her passing was a happy release. She was a comparatively young woman being only 57 years of age. She leaves a sorrowing husband but no family.

Now that the auction sale season is on it is in order to remind prospective sellers that an itemised list of sales will be published in this paper at from $1 to $1.50 according to size. In this way sales are brought to the knowledge of hundreds of prospective buyers who would never see a bill. It is much more pleasant, too, to read over a list by your own fireside than it is to stand before a telephone pole and shiver while you read. A free local goes with all sale bills printed at this office, but those who have tried it say it pays many times over to have the whole list inserted in the paper. Try it when you have your next sale.

Farm Machinery

While it is true that many farms are not equipped as they should be with proper machinery, it is also true that hundreds of dollars are lost in unnecessary outlay, and thousands in unnecessary depreciation.

During the Agricultural Survey work conducted by the Lands Committee in 1913, some interesting facts in this connection were revealed. A farmer near Moosomin, Sask., who after twelve years, was giving up farming, held an auction sale. His binder brought $80 and his other machinery sold proportionately high. It had all been well housed each year and the necessary repairing and painting had been done. On a neighboring farm a binder which had been used for only three years, but left out of doors and neglected during that time, went to the scrap heap and a new one was purchased. Conditions similar to the latter obtain over the whole of Canada, but more frequently in Western Canada. An implement house costs money, but if the depreciation on housed and well-cared-for machinery is only one-third or less of that on machinery left out of doors, it is good business to put a roof over the implements.—F.C.N.

The Sale Was Cancelled

The sale of lot 5, Eugenia, belonging to the Georgian Bay Power Co., for taxes, as chronicled in The Advance two weeks ago, has been cancelled. There appears to have been some irregularity in the assessment, the tax against the lot sold amounting to only $32, and the balance of the amount due should have been distributed over all other lots owned by the company. This being the case, the county treasurer decided to cancel the sale and this has been done.
