A gigantic and ponderous living
RHINOCEROS,
the undoubted "Leviathan" of Holy Writ, of whom it is written: "His scales are his pride, shut up together as with a close seal." "He esteemeth iron as straw and brass as rotten wood." This is the only full-grown monster of its kind ever imported into the United States. His weight is

to draw the enormous den which confines him.
Second:

"Honor Your Own John A."

For the British Whig.

"Honor your own John A,"—
Yes, land him to the sky,
But do what you will, we Grits are bound
His political death he'll die.

"Honor your own John A,"—
He's been an idol too long;
We'll change him from a demi-God
And make him a demi-John.

"Honor your own John A,"—
Ye Tories flow your pipes!
Sir John has resigned o'er us too long,
For political death he's ripe.

"Honor your own John A,"—
You'r paid to tune your song;
We want a man o'er us to sing:
We'll have no demi-John.

"Honor your own John A,"—
An extra puff take in;
No matter what money you spend,
We Grits are bound to win.

"Honor your own John A,"—
That cry is long played out;
In rank and file, we'll change the Host
And put Sir John to rout.

"Honor your own John A,"—
Ye *Custom Officers*, cry,
Resign your posts and vote your worst
Sir John—is doomed to die (politically.)

"Honor your own John A,"—
That cry is much "too thin;"
We'll oust Sir John—in right good style
And vote Carruthers in.

GRIT.
Kingston 1872.

Loyalty and Valor Rewarded.

The *Canada Gazette* announces the receipt of twenty Martini Henry rifles, with 10,000 rounds of ammunition, valued at £200 sterling, being the result of a collection made under the auspices of the Duke of Cambridge, the Lord Mayor of London, and a committee of distinguished noblemen and gentlemen as a testimonial to mark the feeling entertained towards the Canadian active militia for the loyalty and valor displayed by them in repelling Fenian attacks on the Dominion. With a view of carrying out the wishes of the committee these rifles, with the proportion of ammunition, will be offered as prizes to be competed for by the active militia in the several Provinces during the autumnal meetings of the Provincial Rifle Associations for 1872. The distribution will be made in the following proportions:

	Rifles.	Rounds Ammunition
Province of Ontario	6	3,000
" Quebec	5	2,500
" N. Brunswick	3	1,500
" Nova Scotia	3	1,500
" Manitoba	1	500
" B. Columbia	2	1,000

NEWS ITEMS.

One of Mr. Blake's children has died since his departure for Europe.

Seventy-one miles of timber limits were sold yesterday at Ottawa for $90,500.

Forlong, who absconded from the Bank of Commerce, Toronto, is a defaulter in $1,400.

The Cobourg Town Council propose giving $100,000 deferred stock to the Cobourg and Peterboro RR. Company.

Sir Arthur Guiness, whose family has done so much for Ireland, lately received a menacing letter, styling him "an Orange whelp."

St. John, N.B., is to have its population augmented by one hundred domestic servants and one hundred boys, who are coming through the (Miss) Rye.

The Pembroke *Observer* comes to us this week enlarged and greatly improved. It is now one of the most interesting of our exchanges, and a credit to the energetic community in which it circulates.

A frightful and destructive storm visited various parts of the United States. The lower portion of New York and Brooklyn were flooded and a good deal of damage was done. Ohio and other of the Western States were also visited by the storm.

A bill has been introduced into the British Parliament to prevent children from performing as acrobats. This is a desirable reform, and one which should meet with general approval. The stunted suffering appearance of the majority of children who tempt danger on the flying trapeze must prevent the intelligent sects or from taking any pleasure in witnessing their performances. The little creatures usually appear in charge of some so-called professor, of whom they are in mortal terror. These children have as much right to the protection of the State as dumb animals, for they are equally at the mercy of their owners.

Made Kingston Unknown

The Kingston *News* claims that Sir John "has made Kingston known by being its representative." That is a startling doctrine for a journal to hold, and has not the poor merit of being true in its slavishness. Sir John has not made Kingston known, for it has made the least progress of any city in Canada since he became its representative. He does not want to see its progress lest in its growth it should receive additions to its population unfavorable to its complete subjection to him politically, and so he has kept it down. Kingstonians are finding that out and there are good reasons for believing that it will reject him at the coming election. Cornwall and Kingston are both ours in the Local House and they will both be ours in the Dominion Parliament.—*Hamilton Times.*

ROBINSON CRUSOE'S ISLAND.—Robinson Crusoe's Island, Juan Fernandez, is at present leased from the Chilian government by a gentleman residing in Valparaiso. There are but twelve persons in all now living there, whose occupation is the cultivation of the soil and the care of the live stock, which consists of some fine cattle and a few fowls.

Do you know the best shoe ever made, one that will not rip or come apart? Then buy the CABLE SCREW WIRE BOOTS AND SHOES—all have the patent.

PARENTS, lessen your Shoe Bills "two-thirds" by buying only CABLE SCREW WIRE fastened Boots and Shoes. Never rip or tear.
All genuine goods bear the Patent Stamp.

A Household Remedy.—No family should be without some efficacious remedy for the cure of affections so universally prevalent as coughs, colds, sore throat, whooping cough, and croup—some remedy, too, which can be relied upon as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry combines this desideratum.

☞ *Consumption*, so prevalent and so fatal, is dreaded as the great scourge of our race, and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers." They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs—but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25 cts per box.

The relaxing power of Johnson's Anodyne Liniment is truly wonderful. Cases are already numerous where bent and stiffened limbs have been limbered and straightened by it. When used for this purpose, the part should be washed and rubbed thoroughly. Apply the Liniment cold, and rub in with the hand.

A crowd of "Horse Men," and others, daily throng the stores in country and town for Sheridans Cavalry Condition Powders. They understand that horses cannot be kept in good condition without them, and with them can be on a much less quantity of grain.

Office of Evans, Mercer & Co., Wholesale Druggists, Montreal November, 1871.
Mr. James I. Fellows. Dear Sir: We have a large and increasing demand for your Compound Syrup of Hypophosphites and there is no doubt as its valuable properties become more generally known, its sale will still further increase. The best proof of the efficiency and high character of the preparation is that medical men are largely prescribing it; and we hear from Dispensing Chemists that prescriptions for Syr. Hypo. C. Fellows are daily on the increase. We are respectfully, EVANS, MERCER & CO.

"*Every pleasure has its necessary pain.*"—This maxim of the Greek philosopher is daily verified during the summer season, when our pleasure in eating delicious fruits is somewhat dulled by the doleful prospect of colics, cramps, diarrhœa, dysentery, cholera, and other disagreeable consequences of an over-feed. But the pain of anticipation vanishes and the present pleasure alone remains, when we reflect that "every bane has its antidote" and that all diseases of the bowels are checked and cured by the timely use of ARNOTT'S ARNICA ANODYNE.

Very Natural.—When a person has proved an article and found it good, and answering the purpose for which it is intended, he will not readily abandon it for one of doubtful reputation, or concerning which he knows nothing. We are led to make these remarks owing to the course always pursued by those who have used that celebrated and truly valuable horse medicine known as "Darley's Condition Powders and Arabian Horse Remedy." All are so well pleased with it that they will not use any other; many have waited several weeks until the agent could obtain a new supply. There is nothing equal to it as a condition medicine, or for any complaint affecting the wind of horses. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all Medicine dealers.

A Chemical Food & Nutritive Tonic.

THE GREAT POPULARITY OF DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is owing to its perfect reliability in building up constitutions run down with diseases of the Stomach, Liver and Kidneys which arise from Dyspepsia or Feeble Digestion, and result in poor blood and breaking down of the general health. It effectually relieves pain or a sense of fullness in the Stomach after eating, Heart burn, Flatulence, Constipation from torpid liver, Bilious Headaches, Irritation of the Kidneys and Bladder from the red deposit in the Urine, irritability and restlessness followed by nervous prostration and general debility which inevitably arise from the one common cause—Dyspepsia or feeble Digestion. All those delicate constitutions that lack energy and vitality, and are unable to arouse themselves to any exertion or undergo any fatigue, will be benefited at the rapidity with which the whole system is raised out of this prostrate condition and energized and vitalized under the use of this preparation. It is harmless, delicious, does not lose its effect, and is not followed by a relapse. Sold at $1 00.

MARAVILLA COCOA.—Opinions of the Press:—"Those who have not yet tried Maravilla will do well to do so."—*Morning Post.* "It may justly be called the perfection of pure Cocoa."—*Medical Journal.*

MARAVILLA COCOA.—The Globe says, "Taylor Brothers' Maravilla Cocoa has achieved a thorough success, and supersedes every other Cocoa in the Market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For Invalids and Dyspeptics, we could not recommend a more agreeable beverage."

HOMŒOPATHIC COCOA.—This original preparation, which has attained such a world-wide reputation, is manufactured by TAYLOR BROTHERS under the ablest homœopathic advice, aided by the skill and experience of the inventors, and will be found to combine in an eminent degree the purity, fine aroma, and nutritious property of the fresh nut.

SOLUBLE CHOCOLATE, made in one mixture without boiling. The above articles are prepared exclusively by Taylor Bros., the largest manufacturers in Europe and sold in tin lined packets only, by Storekeepers and Grocers all over the world.
