CAUTION.

GENUINE PANCREATINE!

AND

PANCREATIC EMULSION.

The efficacy of these Medicines in the treatment of Indigestion, Bronchitis or Pulmonary Catarrh, Consumption, Wasting, &c., depending entirely upon their purity and strength, Messrs. SAVORY & MOORE caution the public against the imitations of them which are set forth as possessing the remedial properties of the true preparations, but which are in reality either superfluous compounds, ointments or pomades without a trace of the Pancreatic principle and entirely unfit and useless as medicines. These imitations are calculated to produce serious disappointment and to injuriously affect the reputation which the Genuine Pancreatine and Pancreatic Emulsion have acquired. It is therefore highly important that purchasers examine the labels on the bottles for the names and Trade Mark of

"SAVORY & MOORE,"

The Original and only Manufacturers, Chemists to the Queen, H.R.H. the Prince of Wales, H.I.M. Napoleon the Third, the Khedive of the Kuedive of Egypt, &c.,

143, New Bond Street, London.

Extract from an Analytical Report upon a foreign specimen of a so-called Preparation of Pancreatine.

This compound resembled an Ointment or Pomade in appearance and consistency, and was flavoured with Essence of Almonds or Prussic Acid. It was strongly alkaline, indicating free ammonia, which a long month at, produced the usual saponifying result: the whole being a granular moist mass of soap, glycerine and water. This ointment was physically and chemically different from the true Pancreatic Emulsion which I have also examined and which, besides being rich in Pancreatic juice, has the delicate smooth appearance and consistency of fresh cream; is palatable and readily taken."
