Outrage at Creemore

Geo. Alderson was arraigned before R. H. Little, J. P., in Lisle, on Saturday afternoon, charged with having assaulted Miss Hales on the public highway on the evening of Christmas day. It appears that Miss Hales, who lives with her parents about a mile out of Lisle, started to walk home from the village between six and seven o'clock, and was followed by Alderson and a young man named Geddes, in a cutter. When they overtook the young lady Alderson got out of the cutter, seized hold of her, threw her to the ground and maltreated her most shamefully. Just at this juncture Harvey Brown, a member of a private detective agency in Toronto, who was spending the holiday with his wife's friends, near Lisle, came driving along and stopped to see what he at first thought was a drunken row. Alderson then desisted and the young lady made her way to Brown's cutter and claimed his protection. Alderson in the meantime got into his cutter again and drove rapidly away. The detective took Miss Hales back to Lisle and on getting her account of the assault got out a warrant for Alderson and taking Constable Anderson with them next day to Alderson's residence, a few miles out, arrested him. On being brought before the magistrate the evidence was so strongly against the prisoner that the magistrate had no alternative but to commit him for trial, and he was taken to Barrie that evening.

Two Collingwood Fatalities

While a number of young men were out shooting on Christmas day a gun, in the hands of one of them by name of Jack Deer, of Stayner, went off, the discharge entering the abdomen of young Alex. Fisher, son of Mr. Richard Fisher, a prominent farmer living on the 6th line. The injured youth was rushed to the Collingwood hospital, but all efforts to save his life proved unavailing, and he passed away on Saturday.

Paul Sherwood, a gardener, who has been in the employ of Smart Bros. for a number of years, was fatally kicked in the abdomen by a horse, one of a team he was hitching up on Friday last, and succumbed to his injuries last Sunday in the hospital, to which he had been removed after the accident. The deceased was only 27 years of age and was highly respected by all who knew him. The funeral took place yesterday, the body being interred in the Methodist cemetery.—Enterprise.

A rather peculiar incident occurred on Christmas morning, at the outskirts of the village. A large well-antlered deer appeared in F. V. Bellamy's orchard, coming across the Carson and Johnson farms. After leisurly surveying the outlook, the animal started off by Gordon's corner, in the direction of the swamps back of Proton Station. Mr. Sam Bellamy's little son was struck with a bright idea and was seen following the animal's back tracks. When called to return, he replied that he was sure the deer was one of Santa Claus' runaway drivers and he was bound to go back and find the cutter with its load of toys.—Dundalk Herald.

Dr. N. A. Gummer, of Kincardine, has a freak tooth, which he extracted recently. It consists of a perfectly good tooth growing at right angles to a wisdom tooth, about a quarter of an inch below the root. The two teeth were perfectly formed and solidly joined together. The doctor has sent it to the dental museum in Toronto.

The Winner of this Prize, offered in last week's issue of this Publication, and who gave the correct name of "Body Builder" Flour, is

Ed. Best, Flesherton, Ontario.

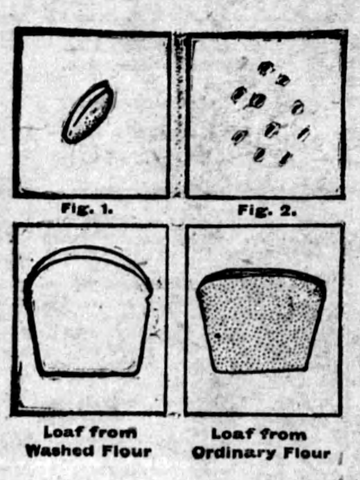

Figure 1 shows a wheat kernel.

Figure 2 shows the specks of dust and dirt which lodge in the crease of every wheat kernel.

It takes about 25,000 wheat kernels to make one loaf of bread.

If there are only 10 bits of dirt in each wheat kernel, there will be 250,000 bits of dirt in the loaf of bread unless this dirt is TAKEN OUT IN THE MILLS.

Every Kernel of Wheat
