MASSEY-HARRIS
REDUCES
FARM IMPLEMENT PRICES

"Massey-Harris Company is pleased to announce substantial list price reductions on Tractors and General Farm Machinery, effective November 1st, 1938.

"The reductions are the result of a desire on the part of the Company to share with its customers the benefits of economies effected, together with the savings resulting from the present slight decreases in prices of raw materials.

"That these reductions will be of material benefit to the farmer who needs to replace his machinery is evidenced by the fact, that according to sizes, reductions on Tractors range as high as $84.00; on Plows up to $7.00; on Grain Drills as much as $8.00, and on Enclosed Gear Binders up to $9.75, and on the Open Gear Binder up to $30.00.

"It is gratifying to Massey-Harris, whose interests are so closely linked with those of the farmer, to be able to make these reductions at this time."
