VICINITY CHIPS

Mr. R. Cornfield of Weyburn, Sask., is home visiting relatives for a month.

Mrs. R. Goldhawk is visiting friends in Shelburne for a few days.

Mr. Alex. Stewart has gone to visit his daughter, Mrs. Nixon, at Mono Road.

Miss M. Kindree of Winchester is visiting her sister, Mrs. H. S. White.

Mr. and Mrs. A. Roy of Innisfree, Alberta, are the guests of the latter's sister, Mrs. S. Roy. Rock Mill's.

Mr. J. R. Fawcett, Kimberley, and Mr. H. Down of Hatherton spent Sunday with friends in town.

Several of our citizens took in a Methodist tea meeting at Kimberley on Friday evening last and report an enjoyable time.

Mr. Mark Wilson recovered one of his truant foxes on Thursday last from a hollow log near Blakeley's mill pond. The other two are still on the hunt for mice.

Dr. Burt, specialist in disease of the eye, ear, nose and throat, will be at the Munshaw House, Flesherton, for consultation, Wednesday, January 28. Eyes tested and glasses supplied.

Miss Maude Boyd gave an "after rink" party to about thirty-five of the young people on Friday evening last. Maude is a charming little hostess and a very happy time was spent by all.

Mr. James Cargo, who has been seriously ill of stomach trouble for a long time, was taken to Toronto on Saturday to undergo an operation. A physician came up from Toronto and accompanied him down. We understand that the case is a very serious one.

A school lad who can ill afford the loss, had an overcoat taken from the rink on Monday night. The coat contained one of his school books which he needs badly in his work. Will the party who took the coat, presumely by mistake, return it to this office, and the loser will be grateful.

The funeral of the late Mrs. Alex. Stewart was largely attended on Friday last. The remains were taken to the Presbyterian church, where the pastor, Rev. Mr. McVicar, preached a touching sermon, after which interment was made in Flesherton cemetery. The pall bearers were all sons-in-law of deceased.

Mrs Jessie Watt, sister of Rev. L. W. Thom, died at Creighton, Nebraska, on Dec. 11, at the age of 62 years. Mrs. Watt was well known here, having kept house for Thom previous to his marriage. The Crichton News of Dec. 18 published a most eulogistic notice of the deceased lady, whose estimable qualities appealed to all who knew her. She leaves a son. Harry, and daughter, Mrs. Wismer, of Bristol, Mass.

Leonard Betts, one of the oldest residecis of Artemesia, passed away at his home, Collingwood gravel, on Wednesday night of last week, at the ripe age of 95 years. Mr. Betts was always a hard working, frugal man, and amassed a fair proportion of this world's goods, He leaves two sons, Thomas and Levi, the latter on the homestead and the former on a farm opposite. There are a number of daughters, among whom are Mrs R. Akitt and Mrs. E. Binnington.

Story Dates Back to Lord North

There are some good stories in Mr. Reginald Lucas' bioghraphy, just out, of Lord North. One tells of an amusing blunder. Lady North was no beauty. It is said that one night at the opera somebody asked:

"Who is that plain-looking lady in the box opposite?"

"That," said North, "is my wife."

"I did not mean her," came the obvious rejoinder; "I meant the lady next to her."

"That, sir, is my daughter; and I may tell you that we are considered to be three of the ugliest people in London."

HOCKEY

On Thursday evening last a number of the enthusiastic citizens of Flesherton, accompanied the hockey boys to Markdale where they witnessed the first hockey match of this season between the boys of that place and Flesherton. It was really most painful to watch the puck slip in past the goal keeper until they numbered 1-11 or something in that vicinity at the end of the game in favor of Markdale. We are safe in saying that Flesherton can not support the same bunch of men this season as they did last. The referee, Chas. Richardson, gave entire satisfaction to both sides. One redeeming feature was that there were no penalties of any account.

The return shooting match was played here on Monday night, when the Markdale home brews won, 5-2. The locals were out played at most points of the game, and the visitors did not require the aid of the referee, which he freely gave, and in one instance he failed to see a deliberate foul by his own man, and when the local player deliberately struck the Markdale player in retalliation the referee lacked nerve to put either one off, as he should have done. Possibly glasses were required.

Pat Kelly, goal umpire, filled with patriotic spirit, declined to admit it when one of the locals' two goals was scored, and so was put off the ice. This was the signal for a general shake-up behind the nets.

In the closing minutes of the game the locals spurted and scored the two points, pushing the Markdale defence to its limit, repeatedly they shot, but without result, and the visitors broke away, scoring the final point just before the bell rang.

George McTavish played a strong game and led in the rush at the finish, while Sullivan figured in the firing line in each goal scored, but he was well watched. Piper was aggressive, and Mitchell as point broke up many fine shots. Cairns in goal showed his old time form, (padded, etc, but still serviceable) and stopped some nice shots.

o o o

The Flesherton high school and public school hockey teams met on Friday evening to play their first game this season. The playing was clean and of unusual interest. Both teams put up some fast players and the struggle was desperate. In the first half of the game fortune appeared to favor the public school team which managed to score two goals, while their opponents scored one goal. But when the second half began the high school players seemed to take heart and entered into the struggle determined that the high school would not be beaten, and succeeded in scoring two goals to their competitors one, thus tying the score at three goals. The referee did his duty efficiently and justly.

Eighth Line Osprey

Sought to Converse.

Seated comfortably in the railway carriage a commercial traveller found beside him a rather sedate looking gentleman with whom he sought to converse, and began by explaining what goods he sold, and in what large quantities he sold them. "And you, my friend," he added, "what is your line?" "Brains," answered his companion gruffly. "Ah! brains, you say? That must be nice. You carry no samples, I see."
