CONSTITUTIONAL
CATARRH REMEDY.
CATARRH
Cannot be cured by Snuffs, Washes, or Local Applications. It is a weakness of the constitution, developing itself in the nasal organs first, afterwards extending to the throat and lungs, ending generally in Consumption, if not checked by proper remedies. Pains in the head, back, loins and weakness of kidneys are its attendant diseases. More people have Catarrh than any other disease. It is easily cured. Thousands of cases, some of forty years standing have been entirely cured the past three years by the Contitutional Catarrh Remedy. Certificates to back the above and a treatise on Catarrh sent free on application to T J B Harding, Chemist, Brockville, Ont. Send name on postal card and it will only cost a cent. Price—$1 per bottle, or six bottles for $5. For sale by all Druggists and Medicine dealers.
T. J. B. Harding, Esq.
Brockville, Feb. 9, 1872.—Sir: Having had Catarrh for a number of years, and having tried nearly all the remedies advertised that promised relief or cure, without the desired result. I came to the conclusion that it was useless in trying to cure the disease. I was advised last fall to give your "Constitutional Catarrh Remedy" a trial, and did so, with very little faith as to the result. But I am happy now to say, that after using three bottles, I am entirely cured, and do not feel as if I ever had Catarrh. I also cheerfully recommend it to all those that suffer from that disease, and am satisfied that if they will only try one bottle, it will need no other recommend, and will convince the most sceptical.
Yours Respectfully,
JOHN C. BANN,
St. Lawrence Hall.
For sale by all Druggists.

MONDAY EV'NG, JUNE 19, 1876.

FORGOTTEN.

BY CONSTANCE FENIMORE WOOLSON.

Once looking through a little sheaf
Of papers stored from girthood's years,
I chanced upon a faded leaf,
And read, half smiling, half in tears.

This legend on the wrapping set
In delicate girl writing small:
"Never this day, this leaf, forget;"
And, lo! I had forgot it all.

Nor could I think with all my care
What it did ever mean, and so
I slowly let the summer air
Waft it away, and watched it go

With dreaming gaze. And it is thus
I mused, with this world's joy and grief?
"Never forget," it seems to us,
As I wrote on my little sheaf;

When, lo! without our knowledge, curled
Our scroll of earth; its story small
Comes not into that higher world;
Besides—we have forgot it all!

GOOD NIGHT.

What do I see in Baby's eyes?
So bright! so bright!
I see the blue, I see a spark,
I see a twinkle in the dark—
Now shut them tight.

What do I see in Baby's eyes?
Shut tight—shut tight,
The blue is gone, the light is hid—
I'll lay a soft kiss on each lid.

*"THE LEAVES * * * WERE FOR THE HEALING OF THE NATIONS."*

In the modest little plant found growing by the roadside and known as Smart-Weed, or Water Pepper, reside medicinal properties of more than ordinary value. In Dr. Pierce's Compound Extract of Smart-Weed, these wonderful properties are combined with other vegetable extracts of acknowledged virtues in such a manner as to make it a most efficacious remedy for Colic, Cramps, Summer Complaint, Diarrhœa, Dysentry, Cholera and Cholera Morbus. A celebrated medical author says: "A friend of mine had an only child dangerously ill with the Summer Complaint. He had employed a great variety of the usual means for relief, but all appeared unavailing. The child was finally given Smart-Weed which was entirely successful. It arrested the vomiting and purging in a short time, and without the aid of other medicine entirely restored the little patient." Dr. Pierce's Extract of Smart-Weed is sold by all druggists.

OUR MINERAL WEALTH.

NEW DEVELOPMENTS EVERY DAY.

Mr. George Oliver, of Perth, has just returned to town from the township of Palmerston, where he has discovered a deposit of magnetic iron of apparently inexhaustible extent. For a large area, the ore is from fifteen to thirty feet in depth, and lies directly at the surface. The "find" is not a hundred yards from the line of the Kingston and Pembroke. Apparently the mineral resources of our back country are wonderfully rich.—*Perth Courier.*

A Correspondent of the Perth *Courier* writes:—The re-opening of the phosphate mines at Lake Opinicon, induced me to pay them a visit, especially as rumors were afloat that Mr. J. S. Stevenson, of Brockville, had made some fresh discoveries on a Canada Co. lot 21 in the 15th Con. of Storrington. I found that the show of phosphate he had unearthed, was on the edge of Hunter's Mill Pond; and on the miners clearing away the mould, greenish phosphate was found. I saw them taking out large pieces of the finest quality, which would average about 95 per cent. I have had many opportunities of seeing the mining of phosphate going on here, at Cowan's mine and others, but the quantity and quality mined on Saturday, were the best I have yet seen. The layer of phosphate appeared to be about 4 by 3 feet, extending into the Mill Pond. This is undoubtedly a phosphate region, and only wants opening up to be more fully known, and as the demand is becoming greater for this chemical manure it is hoped there will be no slackness in carrying on the work. Phosphate can be traced along the shore of the lake, and is known to exist on many of the lots adjoining those worked on.

The effect of the greatest triumph in medicine can be only transitory, while man persists in the gratification of vicious and pernicious habits; and—Strength to subdue the passions is the best guarantee of mental vigor, and of becoming a strong and long-lived man. There are very explicit directions on this point accompanying Fellows Hypophosphites, for, however quickly a patient may recover and approach towards robust health, he must abolish the habit and practices which induced the disease, and which may tend to hopeless irrecovery.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—These are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas Eclectric Oil. Read the following and be convinced.—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man." —A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Ruzan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."
