TO THE ELECTORS OF THE UNITED COUNTIES OF LANARK & RENFREW.

GENTLEMEN,—In compliance with a Requisition presented to me by many of the respectable Electors of the United Counties of Lanark & Renfrew, I am a Candidate for your suffrages at the approaching Election.

Having been a resident of the County of Lanark during a period of thirty-one years commencing with the formation and settlement of the Village of Lanark and surrounding Township, my character and conduct must be well known to many of you.

The position which I have occupied for the last twenty years as a Merchant, has given me opportunities of becoming acquainted with the real wants of the country, and of knowing by what means our happiness and prosperity as an Agricultural and Commercial people may be advanced and secured.

Should I have the honor to be elected your Representative, I shall enter Parliament free and independent of any political party, and at liberty to choose whatever line of policy my judgment may direct to be most conducive to the best interests of our common country; and I shall support or oppose any Government, no matter by what political name it may be known, according as the acts of the Government may appear to me beneficial or injurious to the prosperity and welfare of this Province.

I have the honor to be, Gentlemen,
Your obed't servant,

TO THE ELECTORS OF THE COUNTY OF HASTINGS.

GENTLEMEN,—The Elections are close at hand, and it will soon be your privilege as well as duty to appear at the Polls to record your votes. Every attempt will be made by my opponents to hoodwink and deceive you as to my votes on the subject of the Clergy Reserves and Rectories as well as those Reforms which are necessary to give the people that power which has been too long withheld from them, by the old irresponsible retarding party. It will be my duty as far as is practicable, to place those votes before you, that you may judge for yourselves whether there has been anything inconsistent in the course pursued by me. In the meetings I have held, I have come to you depending on the justice of my cause, and have not asked the assistance or the speeches of my supporters from Belleville, to aid me in those measures. I have not, like my opponent, drawn in my train a host of Lawyers and others to plead my cause, but single handed I have, when permitted to do so in peace, given you my views on those important subjects which demand consideration at your hands.

I have the proud satisfaction of knowing that I have not directly attended or indirectly through my friends annoyed Mr. Murney at any of his meetings; and although I am accused by his Belleville friends as well as by himself of treating him unfairly—that I had thrown down the gauntlet, and that I had backed out, being afraid to meet him and his friends; I can assure that it is untrue. I had no desire to stir up neighborhood strife, nor could I have supposed (until I saw it) that Mr. Murney would have done so. He promised to publish my votes, but I have not seen them. I am perfectly willing he should do so if he pleases, but I hope he will publish the whole in connexion. Providence permitting, I shall meet him on the day of nomination, when I trust fair play will be shown me, and I shall be able to explain my votes to the entire satisfaction of my supporters, if not of at least some portion of my opponents.

At McKim's School house, a few of my friends from Belleville attended: they would not have done so, but for the *host* that followed Mr. Murney; and at that or any other meeting I have held, I have not refused to answer any question put by the people after the close of my address,—which has generally given satisfaction.

I believe that the Electors in Townships are as capable of understanding and of asking questions as the would be aristocrats of the town, who at Huntingdon with Mr. Murney interrupted me repeatedly during my address, contrary to the word given by the man they delight to honour,—and which caused me to abandon the meeting.

I think Mr. Murney feats that his craft is in danger,—hence the ungentlemanly opposition which has been given me.

Yours &c.,
B. FLINT, Jn

It is deemed unnecessary to dwell upon the advantages of first class steamers passing direct from the head Lake Ontario to Montreal, and *vice versa*, over those of Lines that involve a transhipment (on the downward trip) at an unseasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for meals.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL ONE MILLION.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are 'Mutual Tables' adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction: if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions* and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that *it invests all its funds in Canada*, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
