Gody's Lady's Book
FOR 1852,

INCREASE OF ORIGINAL MATTER!!!

THE LADY'S BOOK for the ensuing year will present many novel features suited to the advancing demands of the public taste. It has ever been the object of the publisher

TO TAKE THE LEAD

among the popular Magazines of the country; and the host of imitators, who have been constantly following—toiling after him in vain—are an excellent attest his brilliant success. The promptness with which every new idea that he suggests is adopted by others, is a sufficient reason for his not being very explicit and exact in his promises of what is yet to come. He does not wish to lay out plans for others to follow. It is sufficient, however, to say that all the existing popular features of the LADY'S BOOK will be retained; many new ones, particularly attractive to the Lady's Book and Family Magazine, will be introduced. The useful and the elegant will always be kept in view.

To the Magazines alone we must look for the effusions of the master minds of Literature. It is useless to publish a list of names—suffice it to say, that we have published articles, and have them to publish, from

ALL THE BEST AMERICAN WRITERS

MALE AND FEMALE.

GODY'S LADY'S BOOK for January, 1852, will contain in addition to the most beautiful and numerous Engravings—three of which are colored—an additional quantity of reading, by American authors. There is no question about the fact and the tens of thousands of notices that we have seen the contemporary press will establish it, that it is

THE MOST MAGNIFICENT PERIODICAL IN THE WORLD!

The publisher will give 12 Nos. for 1852, that the London Arts Union would be proud of, and the price is $10 a year.

It must be observed that the Lady's Book caters to the taste of the American Ladies. It furnishes them with everything that can interest a Lady—and among others is the following—

GODEY'S RELIABLE FASHION PLATES MONTHLY!

with full descriptions—besides chit-chat upon the Fashions every month—giving full explanations of everything new in the Fashionable World.

OUR MODEL COTTAGES.

This is a department peculiarly our own, and the beauty and utility of our models has everywhere been acknowledged.

FOR THE LADIES!!

We have unlimited Receipts, Model Cottages, Model Cottage Furniture, Patterns for Window Curtains, Crochet Work, Knitting, Netting, Patchwork, Crochet Flower Work, Hair Braiding, Ribbon Work, Chenille Work, Lace Collar Work, Children's and Infant's Clothes, Capes, Caps, Chemisettes—in fine, everything that can interest a Lady, will find its appropriate place in Godey's Book.

THOMAS A. CORBETT,
Sheriff U. C. F. L. & A.
Sheriff's Office,
Kingston, Sept. 24, 1851.

Another Living Witness of the Hydropathic and Botanic Medicines, from CAPTAIN McMASTER.

I WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR. LANKTREE, of Kingston, when I got his Medicine. It took but a short time, and little cost, until I could again rejoice in the return of my perfect health—thank God.

FRANCIS McMASTER.
Amherst Island, 23rd Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, brings me to recollect my duty both to him and the public; for I was some time ago, to the knowledge of many in this city, given over as an incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with a Dropsical Swelling, and obtained immediate relief, so that I am now able to do my business well, thank God.

FRANCIS JERVIS.
Kingston, 30th August, 1851. 212

I FIND that I am in duty bound to state to the public far and near, that I was very ill since 1843 with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person, and unfit for any business, but pining away all the time; and hearing of so many persons cured of different complaints by Dr. Lanktree of Kingston, I went to him and by the use of his medicine, and advice

The establishment of this Line will enable the merchants of Canada West to remain throughout the business day in Montreal and to reach their homes, almost as early as if they had gone by the Mail Line at noon, and connecting as the boats will do with up and down Express Trains at Ogdensburgh, they will afford direct conveyances for passengers and freight between the Canadian ports and the Eastern States.

It is deemed unnecessary to dwell upon the advantages of first class steamers passing direct from the head Lake Ontario to Montreal, and *vice versa*, over those of Lines that involve a transhipment (on the downward trip) at an unseasonable hour in the morning.

In compliance with a generally expressed wish, on the part of the public, a separate charge will be made for meals.

☞ The Line will be commenced by the HIGHLANDER leaving Montreal on TUESDAY, the 26th instant; the CHAMPION on THURSDAY, 28th, and the MAY FLOWER will be out next month.

BRITANNIA LIFE ASSURANCE COMPANY,
No. 1 Princes Street, Bank, London.
CAPITAL, ONE MILLION.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT
4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due *by* or *to* them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction: if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

Kingston, Feb. 21, 1851.

THE CANADA LIFE ASSURANCE COMPANY.
Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions* and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An *exact statement of its receipts and expenditure* is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that *it invests all its funds in Canada*, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & is further engaged to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
