VICINITY CHIPS

Flesherton will celebrate July 1.

Mr. Tom Wardrobe of Toronto is spending a week with friends here.

Mr. Robert Thistlethwaite has returned from the West after an absence of three years.

Miss Johnston of Toronto spent a few days with her friend, Mrs. J. Thistlethwaite.

Mr. and Mrs. W. Matheson of Belleville are visiting the former's aunt, Mrs. W. A. Armstrong.

Born—In Tara, to Mr. and Mrs. T. P. Foster (nee Miss Laura Fawcett) on May 12, a daughter.

Rev. Mr. Roger of Owen Sound has announced that he will resign from the pastorate of Knox church in the fall.

Mr. Fred Rutledge, who was on a trip out west, was taken to the Winnipeg hospital last week, suffering with scarlet fever.

An executive meeting of the Flesherton branch of the Canadian Bible Society will be held in the Baptist church on Friday eveuing of this week at 8 o'clock.

The Presbyterian choir drove out to the residence of Mr. Geo. Cairns, and presented the young couple with a handsome silver baking dish.

A letter was received here last week, announcing the death of Joseph Strain, at Bow Island, Alta. Some years ago Mr. Strain lived at Inistioge, but was at the time of his death living with a son.

Dr. Jamieson of Durham was over on Saturday making the acquaintance of some of his new constituents in this vicinity, and called on The Advance. He was accompanied by his nephew, W. A Martin, M. P. for Regina, Sask., whose acquaintance we were pleased to make.

Jimmie McMullen, son of Mr. Wilson McMullen, had the ends of three fingers taken off in a shingle edger at Sargeant's mill, between the village and station, one day last week. Dr. Carter dressed the decapitated digits.

Reeve McKenzie of Artemesia has received notice from S. J. Parker, County Treasurer, that the latter has received from the Hydro-Electric Commission all the taxes due Artemesia from the Georgian Bay Power Co. up to Dec. 31st, 1913, amounting to $2844.20.

Kimberley will celebrate on Monday next, May 25, when three baseball matches will be pulled off, one of which will be between Kimberley and Flesherton girls; also races and refreshments. See bills for full particulars.

The government hydrographic survey people are putting up an observation tower on T. Butler's farm, Irish Lake. These towers are being dotted all over this section. There is one east of Dundalk, another near Shelburne, one in St. Vincent, etc.

Mr. Geo. Strain of Gore Bay, Superintendent of Construction under the Public Works Department, was in town for a couple of days during the past week renewing old acquaintances. Mr. Strain was a resident of Flesherton over thirty years ago and still keeps in touch with matters here through The Advance.

A congregational meeting was held in the Methodist church on Friday evening last, when a goodly turn-out of members was present. Reports were given by the heads of the various branches of the church work, from which it appeared that every department of the church was considerably ahead of any former year, and the membership had been added to by 62. Last year the membership was 257; at the present time it stands at 322. A vote was taken on the question of abolishing pew rents, when it was almost unanimously agreed that such an action would be advisable. The various reports were of a most cheering nature. Refreshments were served.

Mr. Kruger Dyer, a native of Armenia, occupied the pulpit of the Methodist church Sunday evening and gave a very entertaining talk on conditions in Turkey. On Monday evening he lectured under the auspices of the League, when a large audience listened to him. Mrs. Dyre, an American lady, accompanied her husband here.

The hydro-electric railway surveyors have now been heard from at Mount Forest. The line has now been surveyed from Guelph to Arthur, Flesherton, Meaford and Owen Sound, and back to Chesley, Hanover, Ayton and Mount Forest. There remains to be made two surveys to Collingwood from Flesherton, one by way of the Kimberley valley, and another by Feversham and Pretty River valley, both of which have been promised.

The chemical fire engine taken on trial for the town was tried out a couple of times during the past fortnight. At the first public trial an accident to the hose stopped the test before half the tank was emptied. The second trial on Friday evening last demonstrated that the engine would do the work of any similar engine. It only took a couple of minutes to extinguish the blaze after the stream started playing on the outdoors brush bonfire. Indoors is where this implement gets in its best work, however. A larger outfit would, of course, do greater execution at a fire, but would also be more unwieldy and very much more costly. The village council will decide at their meeting on Monday next whether the machine will be kept.

Mrs. John Wright, Sr

The death of Mrs. John Wright, Sr., took place on Monday at the home of her daughter, Mrs. Forsyth, at Glasgow, Ont., and the remains were interred in Flesherton cemetery yesterday, Wednesday, in the family plot. Mrs. Wright was born in Co. Monaghan, Ireland, 86 years and 9 months ago. She came to Canada when a girl. She was married in 1859 to the late John Wright at Port Credit and came to reside in this vicinity immediately after, where she has lived ever since. Her husband passed on before her eleven years ago. The children remaining are: John Wright, bailiff, Flesherton; Mrs. Frank Forsyth, Glasgow, Ont; William, of the law firm of Wright, Telford & McDonald, Owen Sound; David, principal of Dundalk high school; and Robert, principal of the Leamington high school. Mrs. Wright was a staunch and consistent member of the Methodist church for many years, and a woman of very many sterling qualities. She had been in failing health for some time and her death was not unexpected.

The action over 12 doz. eggs brought to Mt. Forest last December by P. J. Flahiff was finally settled on Tuesday before Judge Hayes, the new senior justice for Wellington county. Mr. Flahiff's suit against Mr. Yeomans for the price of the eggs was dismissed with costs, the amount of $2.32 realized by the authorities in selling the good eggs of the lot (7 doz.) being credited on the adjustment. Mr. Flahiff also lost his appeal against the magisterial finding of $5 and costs on a charge of selling food unfit for use preferred by the M. O. H. The costs of the appeal were also debited to plaintiff.

A number of farmers in Amaranth township have lost from one to five head of cattle each this spring. The cause is "Black Quarter." Drs. Morgan and Bailey of Shelburne have been kept busy vaccinating stock for the farmers in the locality mentioned.—Free Press.

COURT OF REVISION

The first sitting of the Court of Revision for the village of Flesherton will be held in the town hall, Flesherton, on Wednesday, June 3, at 8 o'clock p. m. All parties interested will govern themselves accordingly.

—W. H. THURSTON, Clerk.

COURT OF REVISION

The first sitting of the Court of Revision for the Township of Artemesia for the year 1914, will be held in the town hall, Flesherton, on Saturday, June 6, 1914, at 10.30 a. m. All parties interested will govern themselves accordingly.

—W. J. BELLAMY, Clerk.

Bridge Contract

Tenders will be received by the undersigned up to five o'clock on Monday, June 10th, 1914, for the erection of a concrete steel-reinforced bridge over the Saugeen river at Priceville, according to plans and specifications by R. McDowell, Esq., C.E. Plans, etc., may be seen at the office of the Engineer, Owen Sound, at the office of Wm. Aldcorn, Esq., Priceville, or at the office of the undersigned. The lowest or any tender not necessarily accepted. A marked check for six per cent. of tender to accompany each tender

—W. J. BELLAMY, Clark.

Flesherton, May 18, 1914.

Tenders Wanted

Tenders will be received up to June 20, for the erection of a frame building at the school house, Sec. No. 3, 12 feet square by 7 feet high. Specifications can be had from the undersigned, or any of the trustees. The lowest or any tender not necessarily accepted.

—Alf. Harrison, Sec.

Flesherton, May 18, 1914.

The use of good paint around the town or country home is a great economy. The cost of paint to protect your buildings against the ravages of the weather, is small compared with the expense of repairs, soon necessary on unpainted houses, barns, or other buildings.

For your buildings use Sherwin-Williams Paint (Prepared) SWP. SWP is made of pure lead, pure zinc, pure linseed oil and the necessary coloring pigments and driers. These are put together in correct proportions, according to a tested scientific formula, proven best by forty years experience, and are mixed and ground by special machinery. The result is a smooth, far spreading paint, even in color and giving a painted finish of great durability which protects your buildings for the longest possible time.

For buggies, automobiles, porch furniture, boats, canoes and other surfaces subject to severe usage, S-W Buggy Paint gives longest wear and looks best.

For shingle roofs and sidings use S-W Creosote Shingle Stain which protects and beautifies these surfaces.

For buildings of rough lumber, fences, work shops, etc., use S-W Creosote Paint, a satisfactory paint at an economical price, for such work.

For wagons, farm implements, garden tools, etc., use S-W Wagon Paint. It keeps the wood from checking and cracking and the metal parts from rusting.
