Word was received here recently announcing the serious illness of Rev. W. McWhinney of Kamsack, Sask., and that little hope was entertained for his recovery. The trouble was the bursting of a blood vessel in his head. Mr. McWhinney taught school at several points in this county. About a year ago he married a daughter of Mr. A. Ferguson of Maxwell and together they have since been living in the West. Immediately on receipt of a telegram, Miss Daisy Ferguson left for Kamsack to assist her sister in her difficulty.

Miss Hulse holidayed at her home in Orangeville and Miss Switzer with Miss Plewes in Markdale.

The regular meeting of the Women's Institute will be held in the high school on Wednesday, June 3. A good program is expected and a full attendance requested as there is business of importance to be transacted. All ladies are invited to attend.

Rev. R. M. Phalen of Markdale addressed the Guild on Tuesday evening of last week. his subject being "Grit and Tory." This he handled in a very interesting manner and applied the terms in a non-political way. One of the best things which he said during the address is worthy of being immortalized for the benefit of those who will come after. He said that in past years the ladies wore their dresses conservative at the top and liberal at the bottom; now they were worn conservative at the bottom and liberal at the top. The address was throughout well worth hearing and was listened to by quite a large congregation.

A meeting of electors was held in the town hall on Monday evening for the purpose of securing an expression of opinion as to the wisdom of bringing on a vote on the Canada Temperance Act in the County of Grey. The meeting was not largely attended and was about two to one in favor of submitting the C. T. A. A general meeting representing the county as a whole will be held in Owen Sound Friday of this week and the three ministers of this village were appointed delegates to attend this convention. Among the prominent temperance workers present were John M. Davis, J. I. Graham, Reeve T. R McKenzie, W. Buchanan, and the resident clergy.

The 25th was observed as a holiday in town, and many of the citizens went elsewhere to celebrate. A large number went to Kimberley where a big day was enjoyed. Others tramped the banks of the streams where mosquito bites were largely in excess of fish bites. Our streams are getting pretty well depleted of the gamey trout, and believe if the law were observed regarding size the captures would be mighty few and far between. We did see one good trout last week however, caught by Mr. J. Knox in the Saugeen. This little fellow measured seventeen inches in length, and would weigh about 2¼ pounds. It is quite a curiosity now to see one even twelve inches long.

Young Men Dumped

On Monday two young men who were out for what they called a good time came down from Markdale on the way to Dundalk. The auto tank was full of gasolene but their tanks were full of something more heady, and it got the young men into a scrap when approaching this village. The chauffeur stopped his machine and yanked both out and ran them into the ditch, after which he jumped aboard and hied him away, leaving the young men to ruminate by the roadside on the all-fired good time they were having. The last seen of them they were petitioning everybody to drive them home to their mas.

SWP means Sherwin-Williams Paint (Prepared). This is the best paint for you to use because it is made of pure materials—pure lead, pure zinc, pure Linseed Oil, and pure coloring pigments which are thoroughly mixed and ground in scientific proportions by powerful machinery.

It is better than the old fashioned hand-mixed paint because the materials are put together according to correct chemical formulae which have been tested out in a practical way. Its fine grinding makes it cover nearly 50% more surface than hand-mixed paint.

SWP is an economical paint because it will cover the greatest amount of surface, wear longest, and look best.—Ask us for color cards.
