THURSDAY EVEN'G, APRIL 12, 1877.

SPRING TIDE.

EVENING.

A sluggish swaying of the trees,
With frequent gusts of quickened breeze
Low, leaden shadows through the sky;
Dull clouds that melt in tears, and die;
A gloomy mist of moistened air
O'er all the fields and forests bare.

MIDNIGHT.

The stiffened boughs are harshly creaking
Against the turrets high;
The angry winds are sobbing, shrieking,
And rushing madly by;
The lightning clouds are swiftly bowling
Along the blackened space,
While frowning 'neath, in mightly troiling,
Has awful music deeply rolling,
Commands the battling race.

MORNING.

The weeping willows bend beneath the weight
Of icy treasure, in the soft, gray dawn.
So white they gleam upon the dusky lawn,
Like veiled and shrouded ghosts of hapless fate
Till, out beyond the forest, edged with white,
Above the dark Indian's purpled fringe,
Appears a tender flush—a trembling tage,
A glad surprise of mellow, golden light.
Then all this brightness bursts upon the view,
The glittering, sparkling repose crystal clear
Awake as if by magic, far and near,
Touched by a fairy wand of rosy hue.

IN GENERAL.

—The announcement that the Police Commissioners intend acquitting Chief Constable Draper of Toronto, of the charges made against him and probably dismiss Sergt-Major Archibald, who lodged the charges, has called forth many expressions of disapproval.

—The marriage of Dixon, of the 13th Hussars, and Miss Mary Morrison, daughter of the Mayor of Toronto, will take place in St. James' Cathedral, on Thursday next. The Rev. W. S. Rainsford will officiate.

—The propeller City of Montreal, formerly owned at Chatham by the Merchant's Bank, has been bought by Capt. Leach and Mr. Molly, and will run semi weekly this season between Oswego and Toronto.

—The Tecumsehs of London, Ont. have six six-footers in their team. The average height of the nine is 5ft. 11in., and average weight 174 pounds. Chicago will be visited by this big team early in the season.

—Government advertising now appears in the Toronto *Mail*. The publication of an advertisement involves a contract. Therefore, it must be held that all *Mail* shareholders who are members of the Ontario Legislature can be expelled from it and punished.

—The Hamilton *Times* complains that Sir John, in taking its suggestion to put the charge against Mr. Norris to the test, has burgled the job so that it cannot be settled this session. The object of the 'great statesman' is to have sufficient of the affair left to go picnicking with next summer.

—One of the curiosities of Sir John's defence of his Secret Service escapade is that he charges Senator Campbell with making an improper claim of $6,000 against the fund. It was to save the country from having to pay this unlawful demand, says Sir John, that he delayed settling it till he had been out of office two years.—*Advertiser*.

—A locomotive engineer, who had been discharged for some cause, gave vent to his spite, eminently characteristic of American humor. He said it was about time he left the company, anyhow, for the sake of his life, for 'there was nothing left of the old track but two streaks of rust and the right of way.'

—The Minister of Militia last night during the discussion which took place in Supply on affairs connected with this Department, announced the arrangements with regard to drilling the force this season. 20,000 men will be drilled for twenty days at company and battalion headquarters. These corps which did not complete their drill last year will be drilled first this season.

THE DOCTOR SAYS.—A patient of mine, who had been suffering from Piles for some time began taking THE GREEN MOUNTAIN RENOVATOR. I watched its effect, and I do say, that I consider it an invaluable remedy for that most, distressing complaint. In many forms also, of Dyspeptic difficulty, I have known it to be of infinite service.

BENJ. SEATON, M.D., Sutton, P.Q.

A CARD.

To all who are suffering from the errors and discretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a receipt that will cure you, free of charge. This great remedy was discovered by a missionary in South America. Send a self addressed envelope to the Rev. Joseph T. Inman, Station D, Bible House, New York City.

MORE VALUABLE THAN GOLD.

Why do you suffer from the loathsome disease, Catarrh, when a sure and safe remedy can be had by using the GREAT CONSTITUTIONAL CATARRH REMEDY. It has cured thousands of this disgusting complaint, and it will cure you. Send stamp for treatise to T. J. R. HARDING, Brockville.—For sale by all Druggists and medicine dealers

☞ Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race, and yet in the formative stages, all pulmonary complaints may be readily controlled by using Bryan's Pulmonic Wafers. They will relieve the worst cough in a few minutes and have a most beneficial influence on the bronchial and pulmonary organs—but they must be used in time. Public speakers and singers will also derive great benefit by using them. Sold by all druggists and country dealers. Price 25c per box.

Physicing Horses—Many persons physic their horses frequently, especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic as it is usually given, often produces inflammation of the bowels, which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels and act upon the liver and lungs removing all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtasking any, which is accomplished by the use of "Hurley's Condition Powders and Arabian Heave Remedy"—it is always safe and certain. Remember the name and see that the signature of Hurd & Co. is on each package. Sold by all medicine dealers.

ELECTRICITY! THOMAS' ECLECTRIC ELECTRIC OIL!—WORTH TEN TIMES ITS WEIGHT IN GOLD—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured a old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most respectable: J. Collard, of Sparta, Ont., writes, "Send me six dozen Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now; its cures are truly wonderful. Wm. McGuire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole of Iona writes, "Please forward 6 dozen Thomas Eclectric Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodford, writes, "Send me some more Eclectric Oil. I have sold entirely out. Nothing takes like it." Miller & Reid, Ulverton, P.Q., writes, "The Eclectric Oil is getting a great reputation here and is daily called for. Send us a further supply without delay."
