Vandeleur Happenings

A patriotic concert, under the auspices of the Women's Institute, was held in the Meaford Road church, on Tuesday evening of last week. As an evidence of the patriotic spirit the church was comfortably filled and a number who could not be present sent their admission fee. Rev. James Dudgeon occupied the chair. A program consisting of patriotic speeches, songs, recitations and instrumental music was rendered. Talent from Markdale, Flesherton, Eugenia, Kimberley and other points ably assisted in making the program a success. The proceeds amounted to $27.74 in aid of the patrioic fund.

Walkerton

The youngest daughter of Mr. and Mrs. Gideon Schneider of Mildmay was scalded to death on Friday last, by falling into a pail of boiling water on the floor. The deceased was about two years of age, and succumbed a few hours after the accident.

Donald McLaughlin, the thief who was recently sentenced to 18 months in the Central prison for burglarizing R. J. Mann's store in Teeswater, escaped from the Walkerton jail about 8.30 o'clock on Friday morning last and after a hot chase over the country was recaptured by Chief Ferguson, and later sentenced by Judge Klein to two years for jail breaking.

The two-year-old daughter of Mr. John Sidie, jr., met with a serious mishap at her home south of the G.T.R. station on Friday last, when she fell face downward out of a wagon, with the result that the hind wheel of the wagon passed over the small of her back. The lower ribs on her right side were broken off from the spine and she was otherwise seriously hurt internally. Dr. Hall, who was summoned, set the fracture, and although still in a critical condition hopes are entertained for her recovery.

The biggest pike that was probably ever taken from a stream in this section was brought into town on Friday last by Messrs. Jas. Skelton and John Lockhart, who corroborated a big fish story by producing the goods, and causing the Doubting Thomases to restore their faith by sight. The fish, which measured 3½ feet and weighed 21 pounds, was caught in the Mud River, Greenoch, by Mr. John Cassidy of Chepstow, and required the combined efforts of the Chepstow and Walkerton talent to land it. Served on a side-dish, it later played a big part in reducing the high cost of living in certain quarters here.

As a result of the extra tax put on liquors and tobaccoes by the Dominion Government to help meet the expense of equipping the Canadian soldiers for the front, the wholesalers and distillers have advanced the price of booze to such an extent that the Walkerton hotel-keepers met last week and decided to raise the price of the beverage in town. The increased rate went into effect over the local bars here on Monday, with the result that all imported and sealed goods that formerly cost the customer 10c. a glass now retail over the moisture counters at 15c. a horn. Rye whiskey, which used formerly be sold for 5c., now costs 10c. Cigarettes have also been increased from 10c. to 15c. per package. Lager beer has not been raised in price, although it is said, the glass has diminished in size, the old fashioned German schooner having given way to a tumbler of less capacity and pretensions. With the cost of a jag so high now, it is probable that few will be able to finance a real spree here.—Bruce Herald and Times.
