Messrs. W. W. Trimble, W. L. Wright, A. S. Thurston and ye editor attended the Durham fair on Friday last. The weather was good and the fair was very successful. There was a magnificent lot of exhibits in every line, with the exception of poultry, which was conspicuous by its entire absence. We know of no better fair in the county than that of Durham, and we have seen most of them.

Mr. and Mrs. John Weber, who have been out West for a couple of months, returned on Friday. Mr. Weber says the trip was a delightful one, and he was much impressed with the country, and especially with the farming community, who, in the face of present year difficulties, are cheerful, determined and optimistic of the future. The cities are more despondent.

Our sister town of Dundalk has been negotiating with the Pine River Power and Light Company for electric power. The company quotes a price of $40 per horsepower. It might be advisable for Dundalk to go a little slow, in view of the fact that Flesherton has just received a revised estimate of the cost for power by the Hydro commission. The figure submitted to us last week on a 50-horsepower basis was $25.28. On 100-horsepower it would be less. And this is for a 24-hour service. Would Dundalk be justified in tieing up for ten or twenty years to a $40 contract when hydro power is so near them? That is a question they will have so decide. There is one thing sure about this hydro business, and that is that those who come along after the debentures are paid off will have a ridiculously cheap power, and will also own the plant.

Leeder—Fisher

A pretty wedding took place at six o'clock on Tuesday, 22nd inst., at the home of Mr. Thomas Fisher, Flesherton, when Ethel Jean, daughter of Mr. and Mrs. James Fisher, was married to Mr. Stanley Newton Leeder, of London, son of Mr. and Mrs. James Leeder of Mount Forest.

The ceremony was performed by the Rev. R. C. Kerr. Miss Edna Fisher played the wedding march while the bride entered the drawing room on the arm of her father and took her place beside the groom beneath a beautiful arch of maple leaves and roses. She was gowned in duchess satin, trimmed with shadow lace and caught up with rose buds, and carried a boquet of bridal roses.

The groom's gift to the bride was a necklace of platinum set with pearls and sapphires, and to the organist a pearl brooch. Among the presents from the guests, which were many and costly, was a silver tea service and a cabinet of silver.

The guests from a distance were: Mr. and Mrs. James Leeder, Mr. and Mrs. James McPherson, Mrs. Blackburn and daughter, Jenny, all of Mount Forest, and Mr. J. L. MacDonald of Alton.

Mrs. James Leeder sang "O Promise Me."

Supper was served in the dining room, after which the bride changed her wedding gown for a travelling suit of navy blue with hat to match.

The happy couple will spend their honeymoon at Mount Forest. Upon their return they will reside at London, Ont.

A case that has created quite a sensation in town has been settled by the Reinhardt Salvador Brewery Limited forwarding check for $219 to cover fine imposed on them for illegal liquor selling through a local agent in Meaford some six weeks or two months ago. The case was tried here by Magistrate Johnston, who after summing up the evidence inflicted a fine of $200 for infractions of the Local Option by-law. The case was immediately appealed by the Company and after trying their best to quash the decision, came to the conclusion that the only satisfactory way of settling the case was to pay the fine, which they did on Tuesday. The case has been a most intricate one and has caused much talk in the town since first being aired in the Police Court.—Meaford Express.

An exchange says that in a few years all the ploughing will be done with autos by girls in high-heeled boots, silk stockings and lace skirts to drive them. Then the problem will be to keep the young men away from the farm.

OWEN SOUND - ONTARIO

Dundalk

To Mrs. W. Dalton, of Dundalk, comes the honor of winning first prize at Toronto Exhibition on Irish lace collar. Third prize on needle work medallions was also won by her.

Mr. James Maxwell of Melancthon, who has been staying in town a few weeks, decided to take a trip to the West and last week left for Saskatchewan to visit his son Harry. The old gentleman, although in his 97th year, is active enough, both mentally and physically to travel the great distance unaccompanied.

A man who was a through passenger on the express northbound Monday night had a close call from death or serious injury at the depot in Dundalk.

He was under the influence of liquor and get off onto the platform when the train pulled in. When the train was starting up again he attempted to get aboard and fell over some luggage and between the platform and the moving cars. The brakesman quickly grabbed him out of his perilous position and caught the hand rail of the rear coach. The train by this time had good speed up and did not stop for his unfortunate passenger who was bound for Owen Sound. Chief Scriminger took charge of the man and gave him lodging in the lockup. Next morning he started for the north on foot.—Herald.

Drowned at Owen Sound

A very sad drowning accident happened Monday evening, when Miss Jean Sheppard Young, daughter of Mr. and Mrs. Ebenezer Young, lost her life while bathing in Wright's mill pond on the Pottawatamie River. Miss Young, who was a student at the Collegiate Institute, had returned to her home, near Nicol's mill, after four o'clock, in company with two young girls named Evans ; and as the day was hot someone proposed that they go in for a swim. The three girls had been there only a short time, when Miss Young, diving off the bank, went down and did not re-appear. The other girls rushed off for help, and soon a large number were on the spot. But it was getting dark, and there were many logs in the pond, so it was impossible to locate the body. It was finally decided to open the dam and drain off the water ; and when this had been done the body was found. Dr. A. L. Danard and some men of the St. John Ambulance Brigade tried for about three hours to induce respiration, but it was useless, as she had been in the water about three hours.

It was thought that her death was the result of a cramp or heart failure caused by the shock of the cold water when she was overheated. She was an expert swimmer and diver.

THIS

World - Wide War

has created demand for newspapers unprecedented in history.

The fact that Canada is in a state of war along with the mother country and their Allies against the combined forces of Germany and Austria and the further fact that Canadian troops are now on the firing line, will have the effect of increasing our interest in the struggle.

The ADNANCE clubbed with The Toronto Morning World will be mailed to subscribers from now to the 1st of January, 1916, for $3.50. Think of it! A morning daily paper and a weekly paper 15 months for only $3.50.

Take advantage of this special offer at once as we are obliged to reserve the right to withdraw it without notice as the ramifications of the war may cause a very rapid increase in the cost of white paper, which will mean a much higher price for your newspaper.
