LATER FROM MONTREAL.

Montreal, Feb. 4.

Robert Waters, about sixty years of age, was taken from a tavern yesterday to the police office. He remained in the cell all night with a number of others. This morning he was found dead. He died from inanition, caused by the want of the necessaries of life. He was warmly dressed. He had been a merchant and book-keeper for several years. He was a bachelor, and of late out of employment.

Watt's case is still under investigation.—He had a duplicate key in his pssession. In the opinion of a witness the wood placed on the shelves of the store would help the fire.

Owing to friendliness with the States the value of city property has increased, thanks to the prompt act on of Government.—Globe.

LATE FROM QUEBEC.

RAILWAY AMALGAMATION.

Quebec, Feb. 3.

The Bill introduced by Mr. Wood, Solicitor of the Buffalo and Lake Huron Railway, to confirm an agreement between the Grand Trunk and the Buffalo and Lake Huron Railway, is a repetition of the attempt to secure amalgamation. Great apprehension is therefore expressed with regard to it. All the railway managers are here. What, if they think there should be a confederation of railways, as well as a confederation of Provinces, at all events we all know how such a scheme was propounded three years ago, and only stopped by the timely dissenting of the very Company which now seems ready to be swallowed by the Grand Trunk. Is Mr. Swinyard, of the Great Western, who is here, going to be swallowed too? If so, if the amalgamation of the Buffalo and Lake Huron with the Grand Trunk is to be followed by the absorption of the Great Western Railway also, that huge railway monopoly so long feared and rightly dreaded, both politically and commercially, will be an accomplished fact. It would be a national misfortune if all our great Canadian railways were to be resolved into one mammoth corporation.

Judge Mondolet sentenced Leon Poulin and Jacques Durcotte to death to-day for the crime of burglary.

The Postal Commissioners, to-day, examined Mr. Swinyard of the Great Western.

The Mercury to night has the following paragraph:—"In reference to a statement republished yesterday, from a country contemporary, to the effect that the Hon. George Brown, while recently in London, had cooperated with the Roman Catholic Bishop of Montreal, in an effort to obtain an Imperial charter for a new Roman Catholic College in Montreal, we are requested by Mr. Brown to say that there is not a shawdow of truth in the statement."—Globe.

COMMERCE, TRADE, Marine, Local Items, &c.

MONDAY MORNING, FEB'Y 6, 1865.

New York, Feb'y 4, 1865.

The price of gold to-day was 213½.

KINGSTON MARKETS.—Feb. 4th.—The Market to-day was well attended, notwithstanding the heavy rain that fell all morning. Prices as a general thing have risen. Grain has advanced more than any other produce. Wheat can be quoted at 95c per bushel; Rye at 60c; Barley at 60c; Pease at 65c; Oats at 45c, and Buckwheat at 45c. Beef was the same as last quotation—$4 for fore, and $5 for hind quarters. Pork higher, selling at $7,00 to $7,25. Butter 19c. Chickens 50c per pair. Geese 40c each, and Turkeys 90c each. Hay $10 per ton. Wood $3 per cord.

THE NIAGARA SHIP CANAL.—The bill passed by Congress on Wednesday provides that a ship canal be constructed as a military work for the use of the U. S. Government, around the Falls of Niagara, in New York, commencing at some convenient point below the same stream, or upon the shore of Lake Ontario, which shall not be less than 105 feet wide on the surface, and 9 feet on the bottom, with 12 feet depth of water, and locks not less than 275 feet long and 45 feet wide. The President is authorized to appoint a topographical engineer, to be associated with two civil engineers, to make the preliminary examinations and surveys, and from them shall determine and locate the route of the canal, in order to accomplish the early completion of said canal for military purposes, and to relieve the treasury as far as practicable.

POLICE COURT.

Saturday, Feb. 4th.

Before the Mayor.

There was but one prisoner this morning. Richard Colter was charged with stealing a soldier's belt, and was remanded.

BAILED.—Ex-Policeman Thomas McDermott, charged with a breach of the Foreign Enlistment Act, was bailed on Friday, to appear when called upon. Bail will be accepted in the case of McKay Wart.

The lad Conway, who laid the information against these two, has been committed to gaol in default of bail for his appearance at the Assizes to prosecute the charge.

A "SUR" CASE.—On Thursday, a bounty jumper named Hickey, living at a house kept by a Mrs. Bruce, having come across four "green" young lads, induced them to go to the States with him to enlist in the army, promising great rewards. On the following night, a cab driver named Halligan took Hickey and the lads over to the Cape and left them there. A person named Seahill, living on Ontario Street, heard of Hickey's good luck in procuring so many "subs," and knowing that Hickey was a deserter from the Federal Army, followed him with a party of his own, and finding him at the Cape, informed the authorities that he was a deserter, whereupon Hickey was immediately arrested. Seahill then finding his way clear, appropriated the "subs" and sold them to the recruiting officers; and Hickey, in attempting to sell four lads like a lot of sheep, to fight the armies of a foreign nation, found the tables turned on him, and himself sent to the front. This is one of the many instances of daily occurrence here.

We did not believe in "cure-alls" until we tried AYER'S inimitable PILLS, and now we think the whole secret lies in the fact, that purgatives are the natural remedy for disease, and Dr. Ayer has made the best of purgatives. They cure all our complaints.—Logan (O.) Press.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here's a cold had settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, CONSUMPTION. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy; his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep rom many a flock, the darling lamb from many a home.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the causes, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is oftthrown by a host of testimony which is fully irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

Sold by all Medicine Dealers.

IN THE YEAR 1845

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands, and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its price is only Fifty Cents, and each bottle contains double the quantity of dye in those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces an shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.
