UNITED STATES NEWS.

SCARCITY OF THEATRE PLAYERS.—Men are so scarce in the South that the managers of what few theatres there are left, are obliged to advertise for robust young ladies to fill masculine roles.

THE CONSTITUTIONAL AMENDMENT.—This Amendment, which finally passed through Congress, on Tuesday last, was ratified on Friday by both branches of the Western Virginia Legislature. It has also been confirmed by Illinois, Michigan, Rhode Island and Maryland.

BURLEY.—The Buffalo Courier says that Burley, of Lake Erie notoriety, after his surrender to the United States authorities, spent some time in Buffalo in company with the officers who had him in charge, stopping at the Wadsworth House until the train destined to bear him westward was in readiness.

LEE AGAIN.—Richmond papers, in announcing the confirmation of Gen. Lee's appointment as General in Chief, say he will remain in the field with the army around Richmond. He has published an appeal for arms, and calls for the delivery to the authorities of all in the hands of citizens. Gen. Breckenridge is expected to assume the position of Secretary of War to-morrow.

ANOTHER ST. ALBAN'S RAIDER DISCOVERED.—The Detroit Tribune of Saturday says:—Several days since we referred to the arrest of one Hezekiah Payne, a noted rebel, and the subsequent finding of a quantity of the St. Alban's money sewed up in the lining of his overcoat. The authorities here at once notified the above bank officials of the discovery, and they have fully identified him as one of the robbers. When the robbery was being committed, Payne acted the part of sentinel on the steps of the St. Alban's bank.

BURLEY AT DETROIT.—The Detroit Free Press of Tuesday says Burley is confined to his cell night and day, and a sentinel never leaves thy ward. The reporter adds: "He converses freely upon his situation, and seems very desirous to know what disposition is to be made of him, where he is to be tried, by what court, and when his trial is to come off. He does not seem anxious to go to Ohio to be be examined.—He is very impulsive, yet withal shrewd, but cannot understand why, now that he is extradited, he is not treated as a prisoner of war, instead of as a felon. This he will comprehend before the trial is over. He still claims to be a Confederate soldier, and identifies himself with the Confederate army as glibly as an old Michigan veteran does his pet brigade. He is rather sarcastic upon his fellow Britons in Canada, particularly the judiciary, for allowing him to be given up, and thinks if they had only postponed his extradition for a while longer he would have escaped his present fate. He is anxious to read in order that the world may not move on without his knowledge of the machinery being in motion. He will probably be allowed this gratification. We understand that a military guard will be placed about the House of Correction so as to prevent 'accidents.'

THE CAPITAL OF N. Y. STATE.—Serious attempts are being made to remove the seat of government from Albany to New York itself. One of the reasons advanced is, that the members of the Legislature and State officers are not recognized "in society" at Albany, and the exclusion has been so rigid, that it has been declared that these representatives and functionaries have been treated for years past like so many State convicts. Albany is now likely to pay dear for the superciliousnes of it inhabitants.

COMMERCE, TRADE,

Marine, Local Items, &c.

FRIDAY MORNING, FEB. 10, 1865.

RECIPROCITY TREATY.—The Essex Record says that, by the abrogation of this Treaty, "the free navigation, to American vessels, of the St. Lawrence, and even of the Detroit River would be impeded." This is incorrect. The free navigation of the Detroit does not depend on the Reciprocity Treaty at all, but on that which settled the International Boundary-line. As to the St. Lawrence, it is free to both nations down to St. Regis, where the American line runs south of it entirely, and goes inland towards the sea.

COBOURG AND PETERBORO RAILWAY.—This Railway, which has been unused for the last four years, except as far as Harwood, seems now to be in a fair way of revival. On Monday last the stock and bond-holders succeeded in electing a board of gentlemen, who have the interest of the road at heart; and we congratulate them as well as the inhabitants of Peterboro, Ashburnham, Otonabee, and North Monaghan, upon the prospect of its being soon put in running order. The names of the directors, who are all responsible business men, is alone sufficient to guarantee its speedy revival.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Repellent that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

We did not believe in "cure-alls" until we tried AYER'S inimitable PILLS, and now we think the whole secret lies in the fact, that purgatives are the natural remedy for disease, and Dr. Ayer has made the best of purgatives. They cure all our complaints.—Logan (O.) Press.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, Consumption. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

IN THE YEAR 1845

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its pride is only Fifty Cents, and each bottle contains double the quantity of dye in those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces yan shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

Jones, Chemical Inspector, Cincinnati, Ohio; Prof. C. T. Jackson, Chemist, Boston; Dr. Chas. Upham Shepard, Charleston, S. C.; and J. V. E. Haney, and O. A. Sartelle, Consulting Chemists, Chicago, all of whom have analyzed the Catawba Brandy, and commend it in the highest terms, for medicinal use.

ANALYSIS OF THE MASSACHUSETTS STATE ASSAYER, JAN. 23, 1858.

When evaporated through clean linen it is free of oil or adhesive matter. In every respect it is a PURE spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusel, or grain oil. Its other partakes of both the fruit and oil of grapes. With acids, it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of factitious spirits, sold under this name both at home and abroad.

Respectfully,
A. A. HAYES, M. D., Assayer to State Mass.,
16 Boylston St.

BY THE SAME, IN 1864.

I have analyzed "L. LYONS' PURE CATAWBA BRANDY," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully,
A. A. HAYES, M. D., State Assayer,
Boston, July 2, 1864. 16 Boylston St.

Grovesteen, who has had a practical experience of over 30 years in their manufacture, is fully warranted in every particular.

The "Grovesteen Piano Forte" received the highest award of merit over all others at the Celebrated World's Fair.

Where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Boston and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our warerooms.

By the introduction of improvements we make a still more perfect Piano Forte, and manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude competition.

PRICES—No. 1, Seven Octave, round corners, Rosewood plain case, $275.

No 2, Seven Octave, round corners, Rosewood heavy moulding, $300.

No. 3, Seven Octave, round corners, Rosewood Louis XIV style, $325. Terms: Net cash, in Current Funds. Descriptive circulars sent free. 1yd&w215
