COMMERCE, TRADE.

Marine, Local Items, &c.

SATURDAY MORNING, MARCH 25, 1865.

New York, March 24, 1865.

The price of gold to-day was 148.

OPENING OF NAVIGATION.—The steamer Pierrepont made her first trip to Wolfe Island yesterday, but had some difficulty in getting through the ice. She was unable to get through the ice to make the passage to Cape Vincent. Navigation is but partially opened. The River below is still closed in narrow places, and the Bay of Quinte won't be open for a week or two to come.

NEW FREIGHT LINE TO OTTAWA.—A Company, under the title of the Montreal and Ottawa Forwarding Company, has been formed in Montreal with a capital of $50,000, and with a special view to provide for the large and increasing trade of the route by the Ottawa River and Rideau Canal. The Company is provided with the necessary steamers and boats to carry on the freight business immediately. We hope that the Line will receive a large freight business, and that it will remain a permanent one.

THE MERRITT.—The propellor Merritt, which was disabled and forced to make the port of Halifax last season, while on her passage from Montreal to Kingston, Jamaica, will sail from Halifax for Montreal immediately on the opening of navigation in the River St. Lawrence.

SAILING OF OCEAN STEAMERS.—The following is a list of the steamers which sail between Europe and America for the present and coming months. Mails are sent by each steamer in the Regular Lines. The steamers for and from Liverpool call at Queenstown, except the Canadian Line, which call at Londonderry:—

TO ARRIVE.

Steamer Damascus, from Liverpool for Portland, sails March 16th.
Steamer Asia, from Liverpool for Boston, sails March 18th.
Steamer Bavaria, from Southampton for New York, sails March 22nd.
Steamer China, from Liverpool for New York, sails March 25th.

TO DEPART.

Steamer Hansa, from New York for Southampton, sails March 25th.
Steamer City of Washington, from New York for Liverpool, sails March 25th.
Steamer Peruvian, from Portland for Liverpool, sails March 25th.
Steamer Africa, from Boston for Liverpool, sails March 29th.
Steamer St. David, from Portland for Liverpool, sails April 1st.
Steamer Borussia, from New York for Southampton, sails April 1st.
Steamer City of London, from New York for Liverpool, sails April 1st.
Steamer Australasian, from New York for Liverpool, sails April 5th.
Steamer America, from New York for Southampton, sails April 8th.
Steamer Asia, from Boston for Liverpool, sails April 12th.

SPRING FLEET.—The following vessels have cleared from Liverpool for Montreal: 'Waverly,' 'Pericles,' 'Sea,' 'Milton Lockhart,' 'Selim,' 'Malvina' and 'Wirralie.'

GRAIN PROSPECTS.—Careful observers have remarked that heavy, severe winters, like the past one has been, are generally followed by abundant harvests. Sincerely do we hope that the coming season will be no exception to this general rule. During the past few days we have noticed many fields of fall grain from which the snow has quite disappeared, and never do we remember to have seen the grain in finer and healthier condition. Every thing now depends upon the state of the weather during the next few weeks.—Large quantities of the rye were sowed throughout this County last fall—perhaps as much as has ever been sowed in a single season. But few farmers have gone into fall wheat again, yet we understand what is sowed is now in a very fine condition. The grass also presents a beautiful green appearance.—Napanee Paper.

The shipment of gold back to New York had begun to arouse attention in financial circles, and if it go on to any extent, will, doubtless, more and more derange all previous calculations. It would not indeed be at all surprising to see interest in England very high again before long.

BREAK IN THE ERIE CANAL.—A bad break has occured in the dam of the Erie Canal, three miles from Oswego which it is reported cannot be repaired in less than three months. If this report turn out correct, it will be a great interruption to Oswego business. We hope the damage will not prove so serious as is feared.

NEW STEAMER.—Captain McAulay, of Southampton village, has purchased a steamer called the Bonnie Boat, which he intends to place on the route between Southampton and Port Sarnia.

It is stated that a single express company transports from Virgina City, Nevada Territory, $15,000 in silver bullion daily, and that from a tract of country around the city, of not more than twenty-five miles square, over $20,000,000 of silver have been shipped during the past twelve months. And yet the wealth of the silver mines of Nevada is scarcely comprehended, and its extent remains unestimated.

NEW YORK MARKETS, March 24.—Flour dull and 10 a 15c lower; sales 5,400 bbls at 9,30 a 9,45 for superfine state; 9,85 a 9 65 for extra state; 9,70 a 9,80 for choice do; 9,40 a 9,65 for superfine western; 9,58 a 10,00 for common to medium extra western; 10,10 a 10 20 for common to good shipping brands extra round hoop Ohio. Rev. EDWARD A. WILLSON,

Through a trial of many years and through every nation of civilised men, AYER'S CHERRY PECTORAL has been found to afford great relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, CONSUMPTION. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by E. H. Parker, Kingston, and all Druggists. Northrup & Lyman, Newcastle, General Agents. 2mo28

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with our constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

Sold by all Medicine Dealers.

WIDELY KNOWN.—It is generally supposed that the Websters, Palmerstons, Gortaschoffs, Metternichs, and Garibaldis of politics are the men of world-wide renown, and so they are where newspapers circulate, but not much beyond. One of our friends lately returned from China, amuses us with the recital of his journey inland for some distance, where the enquiry oftenest made when he became known as an American, was whether he knew or had ever seen the great chemist of his country, Dr. Ayer, that made the medicines. They use his remedies—many of them have been cured by them—and they speak of him, as if he occupied the whole of America or were at least the great feature of it. A mandarin who had been cured of a malignant ulcer on the hip by his Sarsaparilla, seemed to consider it our principal article of export, and its inventor one of the few men this continent had ever produced worthy the attention of Chinamen.—[N.
