EMPLOYEES Earn 22.7% More than in 1929

This 22.7% increase in earnings per hour of Dominion Textile plant employees has been made although *selling prices are 16.2% lower.* Reduced raw material costs and improved manufacturing methods have made the lower selling prices possible.

The U.S. and Canadian textile industries are bracketed by the International Labour Office at Geneva as paying higher wages than those of any other countries. Textiles employ 21% of all Canadian industrial workers—one in every five. They provide 13% of Canada's total net industrial production.
