COMMERCIAL.

New York, April 4, 1865.

Gold closed to-day at 145¼.

FREE FAIR.—The Quarterly Free Fair or Mart of the City of Kingston will be held on Thursday, in the Market Square. The Fairs are for the sale of Horses and other live stock, agricultural products, &c. No Market Fee is charged on Fair Days.

CANADIAN SECURITIES.—Canadian Securities have still a downward tendency in the London Market. On the 15th ult., the "fives" were quoted at 73 a 76, business was done at 73¾. We believe that this is the lowest point the Securities have yet reached. Consols on the same day were quoted at 88¾, shewing an upward tendency, in which Canadian Securities did not share, showing the cause for this depression must be local. The probable reason is, the somewhat unsettled policy of the Provinces on the question of Confederation; for there is no reasonable doubt that if this measure were adopted, or a reliable prospect of its being soon realized, our bonds in London would become more valuable.

SCARCITY OF FODDER.—On account of the great scarcity of fodder which prevails in many parts of Middlesex, farmers are compelled to come to this city and purchase it in the market, in order to keep their cattle from starving. On Saturday quite a number came here expressly for that object.

THE TOBACCO MARKET.—The trade in this branch is at present dull, and is expected to be so for some time. We quote the following as the wholesale prices:—

Bright lb lumps from	....	60c to 65c	per lb.
½ lbs "	"	50c to 55c	"
2nd quality do	"	40c to 47½c	"
Dark ½ lbs	"	27c to 35c	"
2nd quality do	"	25c to 33c	"
16's	"	26c to 30c	"
2nd quality do	"	24c to 27c	"
Twist	"	35c to 45c	"

NEW YORK MARKETS, April 4th.—Flour receipts are 9,480 bbls; market dull and heavy; sales 2,700 bbls at 7 90 @ 8 00 for superfine state, 8 00 @ 8 20 for extra state; 8 25 @ 8 30 for choice do; 7 95 @ 8 08 for superfine western, 8 10 @ 8 25 for common to medium extra western; 8 50 @ 8 60 for common to good shipping brands extra round hoop Ohio. Canadian flour dull and heavy; sales 200 bbls at 8 25 @ 8 40 for common, and 8 50 @ 10 05 for good to choice extra. American gold opened at 148, and closed 145¾.

MARINE.

FIRST ARRIVAL.—The first vessel to arrive in Kingston Harbor was the Brig New York which arrived yesterday morning from Clayton, N.Y., where she wintered.

The Watertown is to take the place of the steamer Bay of Quinte until the latter is ready for the season of navigation now opening up. The Watertown will make her first trip up the Bay on Thursday, ice permitting.

LAUNCH YESTERDAY.—One of Messrs. E. Berry & Co.'s ships was launched yesterday from their Yard at Portsmouth. About four o'clock in the afternoon the ship slided off the ways very gracefully, amid the cheers of a large number of persons who were present.—The candidate for nautical honors was bestowed with the name of 'Narborough' by Miss Dobbs, daughter of the Rev. Mr. Dobbs, of Portsmouth. After the ship had been launched the steamer Pierrepont took her in tow, and conveyed her to her moorings. The 'Narborough' is 184 feet in length over all, 35 feet 10 inches breadth of beam, 22 feet 6 inches depth of hold. Tonnage, carpenter's measurement, 1,100 tons. She will be ship rigged, wire rigging being used as far as practicable, and will be fully fitted for sea before leaving Kingston. The ship is a very fine one, and Mr. Berry deserves great credit for the interest he takes in the shipping line.

'A 1.'—The expression 'A 1,' applied popularly to everything of the first quality, is copied from the symbols of the British and Foreign shipping list of the Lloyds. A, designates the character of the hull of the vessel (the figure 1, the efficient state of her anchors cables and stores; when these are insufficient in quantity or in quality the figure 2 is used. The character A is signed to a new ship for a certain number of years varying from four to twelve, according to the material and mode of building, but on condition of the vessel, being statedly surveyed, to see that the efficiency is maintained. When a vessel had passed the age for the character A, but is still found fit for conveying perishable goods to all parts of the world, it is registered A as terisk or red. Ships A2 in black from the third class, and consist of such as are still found, on survey fit to carry perishable goods on shorter voyages. Classes E and I comprise ships sufficient to convey goods not liable to sea damage; the one class for voyages of any length, the other for shorter voyages.

OPENING OF THE NAVIGATION.—The Richelieu Steamboat Company have commenced making active preparations for next season. The new steamer Quebec, now being completed at Sorel, and which will be one of the most magnificent river palaces on this continent, will be ready early in June. She will be commanded by the commodore of the line, Capt. Cote, the command of the Montreal being transferred to our amiable friend Capt. Labelle. The Quebec agency will be under the direction of J. Y. Deschamps, Esq., who has so well conducted its business for the last two years, since Mr. Lamere's promotion to the chief superintendence at Montreal. So ably managed has this Company's affairs been from the commencement that while it has been exceedingly remunerative to the shareholders, it has given the utmost satisfaction to the travelling public and business communities generally of Montreal and Quebec. On no other line is such marked attention, civility, discipline, and care for the comfort and safety of passengers shown as has been experienced on board these boats, and to this regulation we may attribute their great success.

POLICE COURT.—Tuesday.—James Coleman, John Peters (an Indian) and Jacob Bolch were charged with having been found drunk in the streets. Coleman was fined $1, Peters was committed to gaol for 20 days, and Bolch, a very old man, was discharged. Emma A. Lawrence and Isabella Hayer, charged with disorderly conduct, were remanded. Mary Ann Fitzgerald was charged with stealing a stove-pot from the door of McKelvey & Birch on Monday evening. Mr. Birch deposed to seeing her take the pot from the door and walk off with it. He followed her and saw her arrested by one of the Police, having the pot in her possession. She pleaded that she was drunk and did not know what she was doing when she took the pot. She was committed to the Recorder's Court for trial. The counterfeiting case against James Ellerbeck was taken up. The man Clancy, on whom the money was passed, stated that he received it at Mr. Ellerbeck's, but from whom he received it he did not know. The case was dismissed, there being no evidence against Ellerbeck. The complainant Phillips stated Ellerbeck had wanted him to silver over some bogus American half dollars, but he refused. William Young was charged by S. Mundle with assaulting him on Sunday on West Street. Mundle deposed that he was walking along the street and followed by Young, who struck him. The blow knocked him down, and Young beat him when he was down. Mundle presented a pair of black eyes as trophies of the fight. The defendant was fined $20, or 30 days in gaol. Horatio Wright was fined $20 for selling liquor without license.

RE-ENLISTED.—Patrick Lavery, who has served 10 years in the 63rd Regiment, was attested yesterday morning before Dr. Robison for 11 years service in the Royal Canadian Rifles.

SHORT WEIGHTS.—A great deal of annoyance is caused by farmers and others offering on the market produce, &c., of either underweight or of short measure. Yesterday a farmer's wife sold a half bushel of onions to a person, who found them much under weight. They were taken to the Clerk of the Market, who found them to weigh only 19 lbs, while according to the statute standard they should weigh 30 lbs. The woman, to save a prosecution, paid back part of the purchase money to make up the difference in the weight. It would be well if the Clerk of the Market would make an inspection of the waggons every morning.

LADIES! LADIES!! LADIES!!!

Don't fail to read the advertisement in this paper, headed

IMPORTANT TO FEMALES.

DR. CHEESEMAN, of New York, has devoted the last thirty years of his practice to Female Complaints. His Pills act like a Charm. They are reliable and safe.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

C. C. MOORE,
254 Broadway."

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

"WIDELY KNOWN."—It is generally supposed that the Websters, Palmerstons, Gortaschoffs, Metternichs, and Garibaldis of politics are the men of world-wide renown; and so they are where newspapers circulate, but not much beyond. One of our friends lately returned from China, amuses us with the recital of his journey inland for some distance, where the enquiry oftenest made when he became known as an American, was whether he knew or had ever seen the great chemist of his country, Dr. Ayer, that made the medicines. They use his remedies—many of them have been cured by them—and they speak of him, as if he occupied the whole of America or were at least the great feature of it. A mandarin who had been cured of a malignant ulcer on the hip by his Sarsaparilla, seemed to consider it our principal article of export, and its inventor one of the few men this continent had ever produced worthy the attention of Chinamen.—[N. Y. News.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford great relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, CONSUMPTION. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by E. H. Parker, Kingston, and all Druggists. Northrup & Lyman, Newcastle, General Agents. 2mo26

DRESS. DRESS.

S. CARSLEY

HAS JUST RECEIVED HIS FIRST ASSORTMENT OF

SPRING GOODS FOR 1865!

THREE CASES NEW DRESS GOODS,
ONE CASE STRAW HATS,
ONE CASE FANCY BUTTONS AND TRIMMINGS

SPECIAL.

S. Carsley begs to state that the Dress Department will receive his special attention during the coming Spring and Summer trade. The error that most of the stores make of filling their shops full of common stuff, from 7½d to 1s per yard, will be avoided.—Neither will the plan of some leading stores in this and other cities be adopted, of buying a scanty assortment of first-class goods, and making them at unreasonably high prices.

THE AIM WILL BE

To show a large assortment of First Class Goods, at from 3 dollars to 5 dollars per dress, or from 1s, 3d. to 2s. 3d per yard.

☞ CALL AND SEE THEM.
