COMMERCE, TRADE,

MONDAY MORNING, APRIL 17, 1865.

COMMERCIAL.

PETROLEUM EXCITEMENT.—A company has been formed for the purpose of boring for oil in the neighbourhood of Rockford, in the township of Townsend. It is said that the indications of the presence of oil are strong, and strong hopes are expressed that oil will be "struck." Several Americans capitalists are connected with the company, who have leased the farms of Messrs. Murphy, Smith, and Upper, and have commenced work on the premises of Mr. Murphy. They are at present blasting the rock, preparatory to boring, and the pieces of rock blasted contain veins in which is a dark liquid, with a strong resembling tar.

MARINE.

MARINE ITEMS.—The propeller Her Majesty, in tow of the tug Wales, arrived on Friday morning from Toronto, and discharged 200 bbls of flour at Anderson & Ford's. She is now receiving extensive repairs. The steamer Watertown made a special trip to Cape Vincent on Thursday, from Picton, taking over 26 horses and 65 cattle, and made another from Picton on Friday, taking over 71 cattle and 136 hogs. The Pierrepont on Saturday took over a number of horses and a drove of cattle and hogs. The brig Lafayette Cook and schooner Laura E. Calvin have cleared for Hamilton. The propeller Bristol arrived from Brockville on Friday and left for Chicago. The propeller North has also left for Chicago. The barque Waterwitch, for Milwaukie, and schooner Queen of the Lakes, for Chicago, left on Thursday night. The following vessels have arrived from Hamilton and reported at the Custom House. The barque Southampton, with 16,000 p. staves, schr. Iris, with 10,000 do, schooner West Wind, 15,000 do., and schr. Marco Polo, 14,000.

SAILBOAT ACCIDENT.—During the gale on Thursday afternoon two fishermen who were in a sailboat about two miles off a part of the Wolfe Island shore, were capsized, and would have been drowned, but for the exertions of another fisherman named Connolly and a farmer named Ellerbeck, who went to their assistance in another boat and brought them to shore. Two hundred fine salmon were lost by the upsetting of the boat, but the owners were glad enough to get off with their lives.

ASHORE.—The schooners Billow and B. F. Davy were driven ashore during the gale last week near Bath, and the steamer Hercules had gone to their assistance.

CLEARANCES FOR KINGSTON.

PORT OF HAMILTON.

April 10.—Schooner Iris, 10,000 pipe staves.

April 11.—Schooner West Wind, 15,000 p. staves.

April 12.—Schooner Marco Polo, 14,000 p. staves.

Schooner Peerless, 14,000 do.

Schooner Forest Queen, 10,000 do.

SCHOONER ASHORE.—Picton, April 13.—The schooner Primrose, Captain Day, from Charlotte, went ashore about three o'clock yesterday afternoon, on the sand-beach near Wellington. She is in good condition and can be got off without much trouble.

ARRIVAL.—On Tuesday, the Steamer 'Richelieu' came to Montreal from winter quarters and as soon as she is ready, and the state of the river shall permit, she will be used for the laying down of buoys and other service required by the Trinity Board, who bought her lately from the Hon. Louis Renaud.—Witness.

THE TWIN SCREW.—The assertion that in a short time the double screw principle will become the rule in lieu of the exception, as at present, in the application of a screw steamship's propelling power, whether the ship be built for the purposes of war or of commerce, is being strengthened almost daily on the waters of the Thames, while the certain, yet effective manner in which the new application of the screw is ousting the old in the opinion of engineers, shipbuilders, and others, practically connected with steam engineering, is perhaps, the most remarkable phase in the history of the screw propeller since its first introduction into the English navy by Mr. Lloyd, the present engineer in chief to the Board of Admiralty.

VESSEL CAPSIZED.—As the small schooner Marco Polo, of Port Dover, was leaving the dock at Port Rowan, on the morning of the 11th, a squall struck her, and she capsized in about from 10 to 14 feet of water. There were two men on board, and they succeeded in detaching the jolly boat and hung alongside the vessel, the seas breaking over them all the time. A vessel that was lying at Cook's Landing saw their peril, and made sail to try and help them, but the wind was blowing a gale directly from the wreck, and she did not succeed in getting to them. The small tug Relief, lying at Port Rowan, immediately fired up, and went down to assist, and the men were got safely off.

POLICE COURT.—Saturday.—Margaret Spooner and Robert Elliott, two vagrants, were committed to gaol for sixty days each.

THE CRIMPING CASE.—The case of Nathaniel R. Boyce, charged with crimping, was taken up on Saturday morning, in the Police Court, pursuant to adjournment, the Recorder, Police Magistrate and Mr. Dennisten, presiding. Mr. R. M. Wilkison, County Attorney, appeared for the Crown. Sir Henry Smith defended the prisoner. Jacob Snider, the father of the witness, Peter Snider, corroborated the evidence of his son, as to what occurred at Boyce's store that morning. He swore positively to the $40 note having been offered to him by Boyce, to allow his son to go. Henry Border, the lad who was to accompany Boyce and Snider, corroborated the evidence of Peter Snider, as to his having walked ahead of the buggy and deposed that he was only going over to get employment on a farm. Peter Snider was cross-examined by the counsel for the defence. The counsel for the prisoner contended that there was no case to show that Boyce had violated the statute, as the case was similar to that of William Briggs, on which Justice Morrison decided that there was no violation of the statute. The prisoner only showed to Snider who bounties were offered in the States and advised him to go over. The evidence was only as to an idle conversation between the parties, and there was no evidence of Boyce hiring, engaging, procuring or retaining Snider to enlist in the United States army. The County Attorney contended that there was sufficient evidence to convict the prisoner. The Court found the prisoner guilty of the offence, and sentenced him to imprisonment in the common Gaol for a term of six months, in addition to a fine of $200, and to be further imprisoned until the fine is paid. In the afternoon, Boyce was tried on another charge of crimping, preferred by Capt. Chanonhouse, in attempting to induce Henry Border to enlist in the United States army. The case was dismissed, the evidence being weak. The County Attorney appeared for the crown; Sir Henry Smith, Q.C., for the prisoner. The charge preferred by Isaac Snider was also dismissed, the evidence being unsatisfactory.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER,
Madrid, N. Y."

" * * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

Thy Friend, ASA CURRIN,
Philadelphia, Pa."

" * * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN,
Rochester, N. Y."

" * * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & Co.,
Proprietors Willard's Hotel,
Washington, D. C."

" * * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS,
Superintendent Soldiers' Home,
Cincinnati, O."

" * * * The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY,
Cleveland, O."

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation; diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford great relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold hat settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, CONSUMPTION. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy: his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

"WIDELY KNOWN."—It is generally supposed that the Websters, Palmerstons, Gortschoffs, Metternichs, and Garibaldis of politics are the men of world-wide renown, and so they are where newspapers circulate, but not much beyond. One of our friends lately returned from China, amuses us with the recital of his journey inland for some distance, where the enquiry oftenest made when he became known as an American, was whether he knew or had ever seen the great chemist of his country, Dr. Ayer, that made the medicines. They use his remedies—many of them have been cured by them—and they speak of him, as if he occupied the whole of America or were at least the great feature of it. A mandarin who had been cured of a malignant ulcer on the hip by his Sarsaparilla, seemed to consider it our principal article of export, and its inventor one of the few men this continent had ever produced worthy the attention of Chinamen.—[N. Y. News.
