Official Donation of Canadian Red Cross Hospital

Rt. Hon. R. B. Bennett, chairman of the Canadian Red Cross Society in England, is shown reading an address during the ceremony in which the recently completed $1,000,000 Canadian Red Cross hospital was formally "handed over" to Hon. Vincent Massey, LEFT, Canadian high commissioner.

HEALTH TOPICS

SUN STROKE VICTIMS

During very hot weather, most of us try to keep out of the sun because we wish to avoid sunstroke, but we should try to remember also that heat exhaustion or heat prostration may occur in the home, where we are shielded from the rays of the sun. Sun stroke and heat exhaustion are two different ailments and require somewhat different treatment.

In sunstroke you may feel tired and dizzy before the regular symptoms occur. These are headache, a feeling of oppression, sometimes a tightness in the chest, great thirst, restlessness, frequent desire to pass urine, hot skin, a "sicky" feeling, flushed face and high temperature, finally unconsciousness.

Treatment in sunstroke is to lay the patient in a cool, shady place, off the ground if possible or on the ground on newspapers or clothing if no bench or table is available. Cold cloths are then applied to the back of neck, face, and chest, clothing removed, body sprinkled with water. The head should be kept up high and patient fanned with a towel or piece of clothing. When the patient is able to swallow, some cool water containing a pinch of salt should be given.

How Can I?

BY ANNE ASHLEY

Q. How can I prevent my glasses from cracking when pouring hot jelly into them?

A. Put the glasses into a pan of hot water to prevent their cracking. The pan should be a shallow one, and the water sufficient to cover the lower third of the glass.

Q. How can I treat ivy poisonin?

A. A good remedy, and one that is easy to apply, is a solution of sodium bicarbonate and ice water. Apply freely and often to the poisoned skin. Ask your druggist how to prepare the solution.

Q. How can I remove peach stains from linen?

A. Soak the spots in a weak solution of chloride of lime. Apply cream of tartar and place in the sun to dry. Then launder.

Q. How can I relieve excessive perspiration?

A. Sponge the affected area with one teaspoon of powdered alum to a quart of water. Allow to dry, afterward rinsing and dusting with talcum.

Q. How can I prevent the juice of berry pies from leaking out?

A. When making berry pies, cut the lower crust half an inch larger than the top crust and fold it over like a hem. This prevents the juice from leaking out.

Canadian National Railways Revenues

The gross revenues of the all-inclusive Canadian National Railways for the week ending July 21, 1940 were $4,907,208
as compared with 3,536,886
for the corresponding week of 1939, an increase of 1,370,322
or 38.7%

Only a wasteful housewife throws away a screw-top tin of polish without opening it with a tin opener because there's always another day's supply clinging to the nside.

Income Taxes Yielding More

Income tax collections for April, May and June totalled $117,891,133, increase of $24,070,690 compared to the same period in 1939, the national revenue department announced at Ottawa.

Total collections for June were $5,699,963, an increase of $1,539,082. Collections by districts for three months with 1939 figures in brackets included:

Montreal, $32,706,728 ($25,897,452) Ottawa, $5,902,755 ($4,724,132); Toronto, $40,328,918 ($33,339,740); Hamilton, $8,019,516 ($5,904,967); London $9,165,724 ($8,683,573).

Winnipeg, $3,591,235 ($2,754,759) Calgary, $1,435,266 ($1,270,720); Vancouver, $8,651,575 ($5,754,610).

Customs and excise revenue for June was $34,130,130, an increase of $10,170,804, and revenue for the three months was $92,681,235, increase of $29,881,667.

Modern Etiquette

BY ROBERTA LEE

Q. Isn't it illbred for one who is travelling to praise his home town constantly, describing how superior it is to the town he is visiting?

A. Yes. A person of good breeding will never do this.

Q. What hours are really meant by a wedding breakfast?

A. Many people interpret this to mean if the ceremony takes place before 4 p.m. This is an old English term applied to any daytime wedding feast.

Q. Would a tailored suit be suitable for a woman to wear to a luncheon party in a hotel?

A. Yes.

Q. Should a young girl be cautious in the selection of her associates?

A. Yes. She should follow the advice of Bishop Coleridge, "Be cautious with whom you associate, and never give your company or your confidence to persons of whose good principles you are not certain." This applies to young men as well as girls.

Q. Should a woman of thirty, when referring to friends of her own age, call them girls, ladies, or women?

A. Women.

Q. Should one throw down a lighted cigarette on a beach?

A. Not unless he immediately covers it well with sand.

Predict Rise In Fertilizer

Twenty Per Cent. Price Gain Is Seen As Result of Present War

The possibility of an increase of at least 20 per cent. in the prices of fertilizer in Canada was seen recently by G. E. Peart, plant products division, Dominion Department of Agriculture.

POTASH CAME FROM EUROPE

Addressing a Dominion-provincial agricultural conference at its concluding session Mr. Peart said the expected price rise might start this month and was caused by the war.

About one half of the potash used in Canada for fertilizer came from Europe prior to the war and now Canada is almost totally dependent on the United States for this material. The discount on Canadian exchange together with the 10 per cent. war exchange tax will tend to boost prices, he said.

NO OTHER TIRE LIKE IT!

Firestone CHAMPION

LOWER PRICED FIRESTONE TIRES

In addition to the sensational new Champion tire, Firestone Dealers have three other lower priced tires —

High Speed, Standard, Sentinel

No matter what price you want to pay for a tire, go to the nearest Firestone Dealer and see the bargains he has to save you money.

From the innermost fibre to the sensational new Gear Grip Tread, everything in this smart, streamlined Firestone Champion tire is new and different. It sets up entirely new standards of safety and long mileage because it is the result of Firestone's quarter-century of experience in building tires for race track speeds.

Here are some of the things you get in Firestone Champion tires — new Safety-Lock cords treated with a new and advanced Gum-Dipping process; 27% stronger bond between tread and body; 35% greater heat protection against blowouts; an amazing new tread with thousands of sharp-edged angles for quick stops — a tread that gives 11% more non-skid mileage — and at no extra cost! See the nearest Firestone Dealer today.

SAFETY-PROVED ON THE SPEEDWAY FOR YOUR PROTECTION ON THE HIGHWAY

HAVE YOU HEARD?

Grandma Jackson and her young grandson were riding on a train. Grandma had dozed and suddenly she sat up. "What was the station the conductor called?" she asked the boy.

"He didn't announce any station; he just put his head in the door and sneezed."

"Get the bundles together quickly," said Grandma. "This is Oshkosh."—Christian Herald.

—o—

The editor of a local newspaper asked his readers to send in remarks on the subject, "Books that have helped me." One of the replies war: "My mother's cook book and my father's check book."

—o—

The much preoccupied customer walked into the barber shop and sat in a chair next to a woman who was having her hair bobbed.

"Haircut, pease," ordered the customer.

"Certainly," said the barber. "But would you mind talking off your hat first?"

The man hurriedly removed his hat. "I'm sorry," he apologized as he looked around; I didn't realize there was a lady present!"

—o—

Hostess (gushingly) "You know, I've heard a great deal about you."

Politician (absently): "Possibly, but you can't prove anything."

—o—

"What's the matter?" asked the employer as the sentimental young man came into the office looking rather dejected.

"I hardly know how to tell you," replied the young man unsteadily. "I—I—have proposed at last — and have been turned down."

"Oh, that will turn out all right," replied the employer cheerfully. "A woman's 'no' often means 'yes'."

"Perhaps it does," was the sorrowful reply, "but this woman didn't say no; she just laughed."

—o—

The tenant of the new house was complaining to his landlord about its condition.

"It's disgraceful!" he stormed. "Why, there's grass coming up through the floor boards in the drawing room!"

"Oh, we'll fix that," said the landlord. "I'll send a man 'round with a lawn mower."....

Ontario Winter Wheat Prices Are Unchanged

The Canadian Wheat Board has fixed the initial price of No. 1 grade Ontario winter wheat, basis Montreal export freight rates, for the crop year starting Aug. 1 at 70 cents a bushel, Trade Minister MacKinnon announced.

This is the same price as that which existed during the current crop year ending in July.

"It DOES taste good in a pipe!"

GROWN IN SUNNY SOUTHERN ONTARIO

What Science Is Doing

ELECTROCUTE ATHLETE'S FOOT

Successful electrocution of athlete's foot was described last week.

Particles of copper atoms can be driven deep into the body tissues with weak electric currents to destroy the fungus growth that cause athletes' foot and other skin infections.

—o—

Part of the static heard in radio receivers has been traced to the Milky Way, where the broadcasting is done by electrons and hydrogen atoms. This conclusion has been reached by University of Chicago scientists.

REMEDY FOR HAY FEVER

New hope for hay fever victims was held out last week by an Emory (Atlanta, Ga.) University physician's report that potassium gluconate tablets had given relief to seven of every ten patients in tests at the school hospital.

Experiments conducted with more than 100 patients over an 18-month period indicated potassium gluconate is a "good form of relief" although it is "unfortunately not a cure."

The tablets served to correct "a deficiency of potassium" which had been noted in the tissues of allergic persons.

Check Soil Drift By Strip Farming

It's Being Done In Many Different Parts of the Prairie Provinces

Considerable progress in the drive against soil drifting was reported last week to the national advisory committee on agricultural services by its section on soil drifting.

The report said strip farming, which checks the loss of top-soil, had been reported in many parts of the Prairie Provinces.

MOSTLY IN SOUTHERN ALTA.

In 1935 only a very small area in the Monarch district of Southern Alberta was following this practice but by 1940 it is estimated that approximately 80 to 90 per cent of the farmers in Southern Alberta are following this practice while perhaps 60 per cent of the farmers in South Western Saskatchewan have adopted it.

All Highway Jobs In Ontario Cease

Construction Work Stops For The Duration

All highway construction all throughout the province of Ontario has ceased, carrying out Premier Hepburn's direction that all government spending during the war must be cut to a minimum. No more contracts for highway construction are to be let for the war's duration, the Minister of Highways, Hon. T. B. McQuesten, said last week due to the policy of cutting all government spending to a minimum.

Contracts were terminated July 31, including work on the Queen Elizabeth Way between Burlington and Niagara Falls. Between 1,400 and 1,500 men had been employed on this work, while near North Bay and Sudbury a further 700 employed on smaller contracts have also ceased work.

FIX HIGHWAY NO. 3 TURN

"It's the worst highway corner in Western Ontario," declared Mr. McQuesten in answering the protest of a group of Delhi citizens, against cost and necessity of widening a turn south of Delhi on Highway No. 3. While those protesting the work contended the cost is $190,000, Mr. McQuesten explained the actual cost is $10,000.

Mr. McQuesten said the work would be proceeded with and the corner widened to remove a dangerous right angle. It is a danger to traffic, he explained, and has caused may accidents. Mr. McQuesten felt that the protest came from residents who did not want their properties purchased by the department of highways for use in widening.

SAFES

Protect your BOOKS and CASH from FIRE and THIEVES. We have a size and type of Safe, or Cabinet, for any purpose. Visit us, or write for prices, etc. to Dept. W.
