ARRIVAL OF THE 'HIBERNIAN.'

THE NEWS OF MR. LINCOLN'S DEATH RECEIVED IN ENGLAND.

PROFOUND SYMPATHY EVERYWHERE.

ADDRESS OF CONDOLENCE BY MEMBERS OF THE HOUSE OF COMMONS.

A PUBLIC MEETING CALLED.

THE OPINIONS OF THE PRESS.

Point au Basque, May 6.

The steamship 'Hibernian,' from Liverpool on the 27th, via Londonderry on the 28th of April, arrived off this point at 2:30 o'clock this afternoon. Her dates are five days later than those already received.

The London corn market was short of supplies, and there was a better business doing in English and foreign wheat at an advance in prices.

The advices per Hibernian are two days later than per steamship America, which left Southampton on the 26th, and has arrived at New York.

The steamship Nova Scotian, from Portland, arrived out on the 26th.

The steamship Teutonia, from New York, arrived at Southampton on the 28th.

In the English House of Lords on Thursday night, Earl Russell, and in the House of Commons, Sir George Grey, on behalf of Lord Palmerston, gave notice that they would, on the 1st of May, move an address to the Queen, expressing sorrow and indignation at the assassination of President Lincoln, and praying for her to convey that expression of feeling to the American Government.

Two great meetings were held in Liverpool, which, after appropriate speeches had been delivered, adopted unanimously resolutions expressive of their horror and sorrow at the assassination.

The Commercial Board of London have adopted similar resolutions, and likewise the official bodies in various towns and provinces.

The Americans in London assembled in the Grosvenor Hotel at the invitation of Mr. F. Wood. The meeting adjourned until the 1st of May, when Minister Adams will preside at a mass meeting of Americans at St. James' Hall.

GREAT BRITAIN.

The news by the Nova Scotian of the assassination of President Lincoln and Sec. Seward was published throughout England on the 26th ult., and created a most profound sensation. The strongest feelings of sympathy, indignation and horror were universally expressed. There was but one voice throughout the country, and those who sympathised with the South evinced quite as much indignation as the warmest friends of the North. In London, consols fell nearly ¼, but slightly recovered afterwards. Illinois shares 68 to 69 ; and Erie 40¼ to 41¼. There was a slight rally next day. The cotton market was quite unsettled, and most holders withdrew their stocks. Prices are about ½d. higher. On Wednesday there was only a day session of Parliament. The attendance was very slim, only about 60 members being present. They all signed the following address, which was presented to Mr. Adams :—

"We, the undersigned members of the House of Commons have learned with the deepest regret and horror, that the President of the United States has been deprived of life by an act of violence, and we desire to express our sympathy at the sad event to the American Minister now in London, as well as to declare our hope and confidence in the future of that great country which, we trust, will continue to be associated with enlightened freedom and peaceful relations with this and every other country."

The Times of the 27th says : This evening it may be expected that the leaders of the great parties in the House of Commons will take the opportunity of expressing, in the name of the nation, the horror which is everywhere felt at the crime among the American people, that whatever difference of opinion may exist in this country as to the present war, there is but one feeling of sympathy with them at the loss of an honest and high-minded magistrate.

The London and provincial journals alike describe the intense excitement which the news created, and all unite in warm eulogiums upon Mr. Lincoln, and bitter denunciations of the assassination.

The Paris and continental journals also contain articles on the subject.

The scene on change at Liverpool will not soon be forgotten. The excitement has rarely if ever, been exceeded.

Late in the day a request was sent to the Mayor to call a public meeting to express the sorrow and indignation of the people. Hundreds signed it, and the Mayor issued the proclamation for a meeting at the St. George's Hall, on the afternoon of the 27th, to be adjourned to the evening of the same day, that the working classes may likewise have an opportunity of attending. The flags on the town hall and other buildings, and the shipping at Liverpool, were displayed at half mast. All Americans resident in London, the Union and Emancipation Society, and the people of Manchester, Birmingham, &c., were to meet on the 27th to express their sentiments.

The Liverpool Post of the 27th is printed with its columns in mourning.

The Times says that nothing in political history can be remembered that has ever drawn forth a more unanimous feeling than this news. Personally President Lincoln enjoyed the kind regards of everyone in England. The extent to which his influence was estimated in upholding amicable relations between England and the United States, has been shown by a fall of unusual severity in all classes of securities. The Times editorially says that the news will be received throughout Europe with a sorrow as sincere and profound as it awoke even in the United States. Mr. Lincoln's perfect honesty speedily became apparent to all. It also says : "Unjust as we believe it to be, the Confederate cause will not escape the dishonor cast upon it by these wanton murders."

Mr. Gladstone has made his financial statement in the House of Commons. It shows a surplus of nearly four millions pounds sterling. He proposes to take 2d off tea duty, and reduce fire insurance duty 1s 6d, and other minor charges. The newspapers generally approve the scheme.

The Italian Chamber of Deputies adopted an address, expressing grief at President Lincoln's assassination. The Chamber was draped in his honor.

Paris letters state that the most profound and universal regret and indignation is expressed there at the assassination.

COURT OF CHANCERY.—The Spring Session of the Court of Chancery opened yesterday at eleven o'clock, in the Court House, the Hon. Vice Chancellor Mowat presiding. There were but two cases on the docket, and the Court was engaged only for a few hours. The following are the cases disposed of :—

CARSON VS. CALLUN.—Bill to Redeem—Decree as follows :—Plaintiff to have the right to redeem on payment of principal and interest, making all just allowances to defendant as to improvements, each party to pay his own costs up to hearing, and plaintiff to pay all costs subsequent thereto. Mr. Agnew and Mr. G. M. Kirkpatrick for plaintiff ; Mr. P. O'Reilly, Jun., and Mr. Machar for defendant.

THE BANK OF MONTREAL VS. YOUNG ET AL.—Bill for foreclosure. Decree for foreclosure, granted on usual terms, with reference to Master, who is to take an account, &c. Mr. G. L. Mowat for plaintiff ; Mr. P. O'Reilly, Jr., and Mr. Machar for defendants.

TOWNSHIP OF KINGSTON.

MR. EDITOR,—

A number of the Electors of this Township are curious to know whether a member of a Municipal Council, who has become insolvent since his election, can still retain his seat in the Council and transact business for the public, when, according to his own sworn statement, he is irresponsible and good for nothing. I allude to the case of Peter W. Day, Esq., Deputy Reeve of this Township, who was examined as a judgment debtor in the Court House last week, as to the means he had of paying certain judgments recovered against him in the Queen's Bench. Mr. Day, on such examination, swore that he was unable to pay these judgments, that he had no goods which could be seized, and had not $10 of debts due to him which he thought could be collected. And yet Mr. Day presumes still to act in his official capacity of Deputy Reeve, and try persons charged with offences against our Municipal By-laws. Can this be legally done? and can Mr. Day, who has sworn himself to be insolvent and unable to pay his debts, legally perform public functions?

AN ELECTOR.

Waterloo, May 8th, 1865.

*** Certainly not! The law expressly declares that a member of a Council becoming insolvent forfeits his seat, and as Mr. Day has admitted himself to be in that condition, he can no longer legally act as Deputy Reeve, and his acts as such are void. The persons upon whom Mr. Day thus presumes to operate will no doubt show him so. Apart from any Legislative enactment on the subject, a proper sense of decency alone should dictate to Mr. Day the necessity of vacating an office when he can no longer retain it with honor.

ANSWER TO THE RUNIC INSCRIPTION.

They say—Scotchmen say—that on using a stile
For the purpose of scratching his back, the meanwhile
The Scotchman cries "bless the good Duke of Argyle."
Now, your Runic inscription from Sutherlandshire
Might a similar cry, when complied with, inspire,
But that *cattle* don't read, nor from Highland to Border,
Could quite comprehend such a very *stern* order.

They have a vicious habit in the township of Cavan of shaving the horses of those who voted for Dunkin's temperance bill.

There are at present 7,382 religious houses in Italy, of which 1,856 are for men and 876 for women. The number of religionists is 28,931, of whom 14,807 are men and 14,184 women. The Mendicant order includes 8,229 persons, comprised in the above mentioned total.

Some curiosity has been excited by the appearance of the Princess of Wales at the last drawing-room in the Order of Victoria and Albert. The Princesses Helena and Louisa also wore the ribbon of the same order. Nothing is generally known of this order, its statutes, officers, or laws.

The Bishop of Malta has prohibited marriage between Roman Catholics and Protestants until the latter have for six months abjured their religion. The report comes that the Bishop of Gibraltar has returned the compliment by forbidding mixed marriages until the Roman Catholic has been six months a Protestant.

A French lady lately died at Versailles, aged 107. When she was 65 she had her life insured, and was to receive $300 annually as long as she lived, by paying $600 then. She received some $34,000 from the company. Wonder if the directors of that company walked among the mourners.

Louis Napoleon has parted with that waxy relic of his gay and festive days, his well-known goatee, and Eugenie with crinoline. Both are settling down into the "sere and yellow leaf," and having renounced the world and all its vanities, will probably follow the example of nearly all former French monarchs by turning very a la Louis Quartorze.

An ingot of gold about the size of a brick, weighing 571 ounces, and valued at $11,000, was on exhibition at the Gold Commissioners office on Monday. This handsome lump of the precious metal came from the German companies claims at Waverly, and is the result of the labours of 130 men for 15 days. It is said that it has been purchased by the Government to send to the Dublin Exhibition. A good many would be glad to have such a brick in their hat.—Halifax, U. S. Unionist.

Three rats made an attack on an English lad, about 15 years of age, who was sitting in a barn eating bread and beef. The first onslaught was made by a huge rat, that ran up his back, and attempted to seize the food which he was putting in his mouth. He seized it by the throat, but before he had strangled it, two others commenced a determined attack on him. They bit his face in two places, and attempted to bite through the clothing which protected his shoulder. A man happened to visit the building while the contest was going on, and it was with great difficulty the rats were made to retreat.

MRS. MAXWELL'S TESTIMONIAL.

New York, Dec. 23, 1863.

Knowing positively that Reeve's Ambrosia produced a beautiful head of hair for Mr Lizzie Shepherd, of Brooklyn, N.Y., I was induced, thereby, to use it thoroughly. I needed something for my hair, it being short and thin ; had used only one-half dozen bottles when I could plainly notice an increase in its length, strength and beauty. An experience of about two years has proved a complete success. My hair is now, by measurement four feet ten inches in length ; nearly reaching to the floor. I have allowed my photograph to proclaim the merits of Reeves' Ambrosia to the world.

THE GREAT PURGATIVE.

DR. RADWAY'S PILLS.

FOR THE CURE OF
ALL DISORDERS OF THE
Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Bilious Fever, Inflammation of the Bowels, Piles, and all derangements of the internal Viscera.

ONE TO SIX BOXES ARE
Warranted to effect a Positive Cure.

DR. RADWAY'S

PILLS

ARE COMPOSED OF VEGETABLE EXTRACTS PREPARED IN VACUO;

Superior to all Purgative, Cathartic, or Alterative Medicines in general use,

COATED WITH GUM,

Which renders them very convenient, and well adapted for children, and persons who have a dislike to take medicine, and especially pills. Another great superiority of Radway's Pills over all other pills in general use, is the fact of their wonderful medicinal strength, being highly concentrated. One to six of these pills will act more thoroughly, and cleanse the alimentary canal, without producing cramps, spasms, piles, tenesmus, etc., than any other Pills or Purgative Medicine in use.

THE GREAT WANT SUPPLIED.

It is a well known fact that Physicians have long sought to discover a vegetable purgative as a substitute for Calomel, and that would cleanse the Alimentary Canal of all diseased and retained humors, as thoroughly as Lobelia will the stomach, without producing sickness at stomach, weakness, or irritation of the mucous membrane.

In Dr. Radway's Pills, this very important and essential principle is secured. A dose of two to six (according to the condition of the system) of Dr. Radway's Pills will produce all the positive alterative change—from a sluggish or torpid, to a healthy action of the Liver—as the physician hopes to obtain by a dose of Blue Pills, or Calomel; and will as thoroughly cleanse the Stomach, and purge from the bowels the diseased and retained humors as the most approved emetic, or cathartic without occasioning inconvenience or sickness to the patient.

Professor Reid.—College of Pharmacy.

THE GREAT PURGATIVE.

The celebrated Prof. Reid, of New York, Lecturer on Chemistry in the College of Pharmacy, styles Radway's Pills as "the Great Purgative," and the only Purgative Medicine safe to administer in cases of extreme Debility, and in Erysipelas, Small-Pox, Typhoid Fever, Bilious Fever, their action being soothing, healing, cleansing, purifying, instead of cutting, irritating, debilitating, and exhausting. "After examining these Pills," writes the Professor, "I find them compounded of ingredients of GREAT PURITY, and are free from Mercury and other dangerous substances, and prepared with skill and care. Having long known Dr. Radway as a scientific gentleman of high attainments, I place every confidence in his remedies and statements. * * *

Dr. Sydny Stevens' Treatment of Cure with Radway's Pills.

Inflammation of the Bowels—Bilious Fever—Dyspepsia—Costiveness—Scarlet Fever—Head Ache, &c.

U. S. INVALID HOSPITAL, NEW YORK.

DR. RADWAY & CO.: I seen your advertisement published the result of my treatment with your Pills in the following cases :

1st CASE.—Inflammation of the Bowels. John C. Chapman, aged thirty-four, was seized on the night of the 22nd of October with inflammation of the bowels was called at 10 P.M ; he had then been suffering over three hours; had not a passage for over two days. I gave him six of your Pills, and applied the Ready Relief to the abdomen ; in a few minutes the pain ceased, he fell into a calm sleep ; at 4 A.M. he had a free evacuation ; at 9 A.M. eat his breakfast ; at 11 A.M. gave him six more pills, and for five days gave him three pills per day ; he is now well and hearty. In all cases of inflammation of the bowels, I contend it is removing all danger by a single dose of from six to eight in six hours. In lead colic, I give the pills in large doses, six to eight, and a teaspoonful of Relief to a wine glass of water every three hours—it always cures.

2nd CASE.—David Bruce, aged twenty-six, called at 8 P.M. on Nov. 25th ; found that he had been attacked with bilious fever for twenty-two hours. I gave him six of your pills every four hours, and gave him warm drinks of boneset tea. In twenty-four hours he was convalescent ; is now at work and perfectly healthy.

3d CASE.—Sarah Bates, aged six years, seized with scarlet fever ; gave her two pills every four hours for twenty-four hours ; applied the Ready Relief to her throat, gave her lemonade with half a teaspoonful of Relief as a drink. In thirty-six hours she was playing with her brothers and sisters. I have prescribed your Pills in cases of Dyspepsia, Indigestion, Costiveness, Sluggishness of the Liver, or Liver Complaint, and have witnessed the most astonishing cures. I believe them the only true purgative in use ; they are invaluable, having a greater controlling influence in Liver and Bowel derangements than calomel or blue pill. Your Pills are the only purgative pills that can be administered with safety in Erysipelas, Typhoid Fever, Scarlet Fever, Small Pox, and all Eruptive Fevers ; their soothing, tonic, and mild aperient properties render them invaluable.

Yours, etc.,
SYDNY STEVENS, M.D.

NEWARK, N. J., Oct. 31, 1864.

DR. RADWAY : Your Pills and Ready Relief have saved my daughter's life. She was [illegible] eighteen years of age, and for three years all the functions were suppressed. She would [illegible] and suffer terribly from headache and pain in the back and thighs, and had hysterics [illegible]. She is now well and regular, and has been ever since.
