Steamer Magnet and steamer Huron from Hamilton, passed down in the morning. The R. M. Str Passport, did not pass up in the afternoon.

DEPARTURES.

Tuesday.—The tug Wales, having in tow barges England and Ireland, the former loaded with 1015 barrels flour, and the latter with a cargo of pork, beef, &c., for Quebec. The schr. Fox Follet with 80 cords wood, for Toronto, shipped by James Campbell.

LUMBER AND COPPER ORE FOR LIVERPOOL.—The barque Jessie Drummond arrived here yesterday morning from Port Stanley, with 11,683 cubic feet of very fine log walnut and 2,520 cubic feet of walnut lumber, which is being transhipped into barges for Quebec, to be there shipped on an ocean vessel for Hamburg. The walnut is of very fine quality. The Jessie Drummond leaves for Port Stanley shortly, where she will load a cargo of the same lumber for Hamburg direct. As she is a new and staunch vessel, she will no doubt make a very successful journey. Mr. R. J. Millar agent of Cunningham, Shaw & Co.'s Liverpool and Cleveland Packet Line, expects the barque Thermutis, of the line, to arrive to-day, on her way to Liverpool with a cargo of copper ore. The schooner Saranac is also expected to-day, with a similar cargo for Liverpool. The schooner Wirralite, from Liverpool, is expected up from Montreal shortly. The trade from the lakes to Europe is evidently on the increase.

VESSEL FOR PORT NATAL, AFRICA.—The schooner "Sea Gull," Capt. Jackman, arrived on Tuesday afternoon from Toronto, bound to Port Natal, Africa, with a cargo of white pine lumber and a few sundries, Canadian manufactured articles. She remained about two hours in the harbor, leaving in the evening in tow of one of the Government tug steamers. The "Sea Gull" is a vessel of 238 tons, new measurement, brigantine rigged, and considered one of the fastest, as well as one of the staunchest and most seaworthy boats on the lakes. Her model is a splendid one, and the vessel looked very handsome as she left the harbor. She is the only vessel which has left these lakes direct to so distant a port, and it is to be hoped that she will return safe. She is chartered for $9000 for the round trip, which is expected to occupy seven months, and will bring back a cargo of sugars, &c., from Port Natal. The cargo is shipped by Mr. Joseph Davis, of Toronto, and every credit is due to that gentleman for his enterprize, which, at no very future period, may lead to a fruitful and remunerative trade.

CLEARED FOR KINGSTON.—PORT OF CHICAGO, May 11th.—Cleared—Bark British Lion, Kingston, 16,150 bush. wheat; Bark Monarch, Kingston, 18,175 bush. wheat. Port of Milwaukie, May 10th.—Cleared—Schr. The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

" * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

The Rev. C. [illegible] who has safely returned from a journey [illegible] East, thought of the newspapers publ[illegible] cities, some Turkey. They are in four lang[illegible] and Turkish, Armenian and Greek. [illegible] read them, but he can, and throu[illegible] patience we have been gratified to learn the contents, and the materials of which newspapers are made up in the land of the Osmanlis.—Our American enterprise is well represented: stoves, wooden and tin-ware, ploughs, axes and tools are advertised from this country. In each of the four languages are heralded the virtues of the remedies made by our celebrated countryman, Dr. J. C. Ayer & Co., of Lowell. They seem not to depend on their home reputation for confidence abroad, but publish the certificates of the Musselmen rulers themselves, to the cures which those medicines have made in their midst. The Rev. gentleman informs us that the whole of remedial aid employed in those countries, comes from Europe or America, as they possess no medical colleges or schools in which they have any confidence themselves. There arose the religious ideas which pervade the human family, but almost all that is useful in art or invention must be carried back to these, the earlier settlements of mankind.—Lynn News.

And whereas, for paying the interest upon the said loan or debt about to be created, and for creating an equal yearly sinking fund for paying the principal of the said loan or debt of $1,200 and interest as hereinafter mentioned, it will require an equal special rate per annum of Three Mills in the Dollar upon the whole rateable property of the said Township of Loughboro, in addition to all other rates to be levied in each year.

Be it therefore enacted by the Corporation of the Township of Loughboro,—

3rd. That the said debentures shall be made payable in equal proportions, in one and two years from the first day of January next, after this By-Law shall take effect, and after having received the assent of the electors of the said Township of Loughboro, at the office of the Treasurer of the said Corporation, and shall have attached thereto coupons for the payment of interest thereon semi annually, at the rate of six per cent. per annum, on the first day of July and the first day of January in each year, at the office of the Treasurer aforesaid.

4th. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest thereon, at the rate aforesaid, an equal annual special rate of three mills in the dollar shall, in addition to all other rates to be raised, levied and collected in the said Township of Loughboro in each year, be levied and collected upon the whole of the rateable property in the said Township of Loughboro, according to the last revised Assessment Roll of the said Township of Loughboro, until the said debentures and all interest thereon are fully paid and discharged.

5th. That this By-Law shall finally pass and take effect on the 19th day of June, 1865, having first received the assent of the electors of the said Township of Loughboro, as required by law.

Dated the 13th day of May, 1865.
