And whereas, to carry into effect the said recited object, it will be necessary for the said Corporation to raise the sum of $1,200, by way of loan, in the manner hereinafter mentioned:

And whereas it will require the sum of $654 to be raised annually by special rate upon the whole rateable property of the said Township of Loughboro, for the payment of the said loan or debt and interest thereon as hereinafter mentioned:

And whereas, the amount of the whole rateable property of the said Township of Loughboro, according to the last revised Assessment Rolls of the said Township of Loughboro, is $245,698, irrespective of any income to be derived from the temporary investment of the sinking fund hereinafter mentioned, or any part thereof, or of any income in the nature of tolls, interest or dividends from the said work or roads, from any stock, shares or interest in the said work or roads, upon which the money to be so raised or any part thereof is intended to be invested.

And whereas, for paying the interest upon the said loan or debt about to be created, and for creating an equal yearly sinking fund for paying the principal of the said loan or debt of $1,200 and interest as hereinafter mentioned, it will require an equal special rate per annum of Three Mills in the Dollar upon the whole rateable property of the said Township of Loughboro, in addition to all other rates to be levied in each year.

Be it therefore enacted by the Corporation of the Township of Loughboro,—

1st. That it shall and may be lawful for the Reeve of the said Township of Loughboro to raise by way of loan the said sum of $1,200 upon the credit of debentures to be issued by the said Corporation of the Township of Loughboro.

3rd. That the said debentures shall be made payable in equal proportions, in one and two years from the first day of January next, after this By-Law shall take effect, and after having received the assent of the electors of the said Township of Loughboro, at the office of the Treasurer of the said Corporation, and shall have attached thereto coupons for the payment of interest thereon semi annually, at the rate of six per cent. per annum, on the first day of July and the first day of January in each year, at the office of the Treasurer aforesaid.

4th. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest thereon, at the rate aforesaid, an equal annual special rate of three mills in the dollar shall, in addition to all other rates to be raised, levied and collected in the said Township of Loughboro in each year, be levied and collected upon the whole of the rateable property in the said Township of Loughboro, according to the last revised Assessment Roll of the said Township of Loughboro, until the said debentures and all interest thereon are fully paid and discharged.

5th. That this By-Law shall finally pass and take effect on the 19th day of June, 1865, having first received the assent of the electors of the said Township of Loughboro, as required by law.

AMERI... ...AN WATCHES.
THE AMER... ...*CAN WATCH Co.*
OF WALT... ...HAM, MASS.,
Having recently increased their facilities for manufacturing Watches, by large additions to their houses, and introducing their productions into Canada, a market which they have hitherto been unable to supply, owing to the large demand for their Watches in the United States.
The reputation which these Watches have acquired in the States, may be judged of by the fact that since the Company began their business, nearly 150,000 Watches of their manufacture have passed into use among the people, and have given, with rare exceptions, the utmost satisfaction to all who have tried them. They have superseded in this market all other Watches coming within the range of their prices.—The Company have attained this result solely by making
GOOD WATCHES,
AND SELLING THEM AT MODERATE PRICES.
At the present rate of Exchange between the two countries, American Watches can be sold for Canada currency at about one half of the currency prices in the States; and as we have not advanced the prices of our Watches since the war commenced in proportion to the rise of gold, this state of exchange renders them cheaper, in reality, than they were before the war.
The Company do not solicit orders for single Watches, but will be happy to furnish every one with full information respecting them, and to fill such orders from the Watch Trade as they may be favored with.
