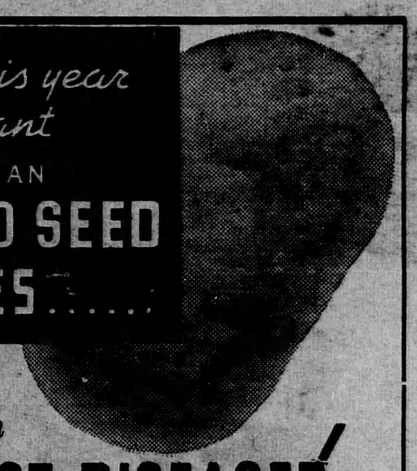
Start this year to plant
CANADIAN
CERTIFIED SEED POTATOES



The best protection
AGAINST DISEASED POTATO CROPS!

PLANT Canadian *Certified* Seed Potatoes in clean land—on part of the farm where potatoes have not been grown before.

Produce bigger yields of potatoes . . . that are more uniform in size, smoother, cleaner, of better quality than those grown from ordinary seed stock and avoid many of the losses that result from disease. Grow potatoes that will grade Canada No. 1.

Good seed potatoes cannot be selected by appearance alone — The best assurance of getting *good* seed is to buy Canadian *Certified* Seed Potatoes. Ask the District Government Inspector, *Plant Protection Division,* for full information and list of nearest distributors.

INSPECTOR FOR ONTARIO
District Inspector, Seed Potato Certification, c/o Horticultural Department, Ontario Agricultural College, Guelph, Ont.

Look for this certification tag on the bag or container—the only way of being sure of getting Canadian Certified Seed Potatoes. *Examine it carefully.*
