Raise Many Pigs

Mr. J. W. E. Magee of Fort Saskatchewan is visiting relatives in the Eugenia district and gave The Advance a pleasant call on Friday. Ed. says that crops in their district were good and that they have never had a crop failure. He stated that they go in for mixed farming and specialize in hog raising. He has on his farm 400 pigs of various ages and another farm close by has over 800 pigs. They are able to feed their hogs cheaper, as they have cheap grain, but they also have to take a lower price when they sell. His friends were very pleased to see him again, as it was 16 year since he was home the last time.

SHADOW OF EARTH WILL PARTLY ECLIPSE MOON

A partial eclipse of the moon, the first eclipse of 1941, takes place on Thursday, March 13. The greater part of the eclipse will be visable throughout most of North America, except the extreme northeastern section.

About one-third of the moon's disc will be darkened by the earth's shadow, and the phenomen will be clearly visable at 4.37 a.m. (E.S.T.) when the moon enters the penumbra.
