Durham

Out of the six recruits to go from Durham last week three were accepted, namely Ernest J. McGirr, Alex. M. Bell, George Lloyd. They are in the 76th battalion. This was Pte. Lloyd's fourth attempt to join the colors and his friends are glad to see him successful at last, though no one was more pleased than George himself.

Charles Proctor while picking berries east of the cement works on Monday, was startled by seeing a bear. Bruin was startled, too, and made off, and from the size of him Mr. Proctor thinks it must have been an old one. If our hunters with their dogs could make a capture it would relieve tha anxiety of and for young berry pickers.

Another Middaugh House seizure took place on Saturday last. Constable Arrowsmith in company with Mr. Pettigrew entered a room off the kitchen and removed a barrel off a piece of linoleum, then removed the linoleum and found some lose boards which in turn were removed, revealing four bottles of whiskey, a lot of empty straw covers and two empty kegs with sufficient liquid remaining in them to determine the contents The constable took charge of the find and there will likely be a sequel—Review.

Walkerton

Gilbert Liddel was the victim of a serious accident in Hanover on Monday of last week. Gilbert, who was employed in Rahn's tinware store, was filling molds with molten solder, when one of the molds, which had been damp, exploded and threw the molten metal into Liddel's face, burning one of his eyes and seriously injuring the other orb, besides inflicting some painful facial wounds. A doctor, who was summoned, has hopes of saving Liddel's remaining eye, and thus prevent him from becoming entirely blind by the mishap.

Hugh Kerney, a local citizen who has been in the House of Refuge here for the past two years, and who is subject to epileptic fits, which seem to have affected his mind, was arrested at the Refuge by Chief Ferguson. He had attempted to stab one of the hired girls in the kitchen with a knife, and it seems was only prevented from doing so by the hired man. On being arraigned before Magistrate Robert Richardson on Wednesday, and examined by two doctors, he was adjudged insane and ordered to be sent to the asylum.

Visit Your Schools

"We have long held the opinion," says Editor James of the Bowmanville Statesman, "that too little attention is given to our high and public schools by officials and parents. The most expensive institutions are the schools and how very slight concern they cause the citizens generally. Teachers are engaged and placed in charge or in some cases are allowed to go alone to the new school to take charge and trustees or parents seem quite indifferent to school matters. We have actually heard of a teacher passing through a term without ever seeing a trustee in the school or on the school grounds. What progressive farmer would run his farm help that way? The teacher should have frequent visits from or with trustees to discuss matters relating to the school and parents should invite the teacher to visit their home to confer about the interests of their children going to school. In this way a better understanding can be had between all concerned. School inspectors and trustees should have conferences, too, when confidential reports can be given and school interests be discussed. The schools are for fitting and developing children into intelligent citizens so that they may make the best of life's opportunities. This is why the combined efforts of teachers, trustees, parents and inspectors should be exerted on behalf of every school in the land. The interest of all concerned should be at least commensurate with the expenditure necessary if they cannot extend to the children to be educated.

A Creemore man was fined $10 and costs for driving his auto without a light after dark and another $20 and costs for being drunk on the public street.

Normal Entrance Exam.

The results of the middle school examination for entrance to Normal appeared in Saturday's dailies. The showing made by Flesherton school was even better than last year, when 12 out of 16 were successful. This year's list shows 15 successful candidates out of 17 who wrote, two with honors. Only three pupils have to write off one subject each. Following are the successful pupils.

P A Beattie, F R Bunt, (honors), M L Boyd, W G Davis, A C Dudgeon, M E Knox (chemistry), M V MacArthur (ancient history), L J MacPhail, D H McVicar (honors), T E Orr, W Scilley (chemistry), H Shunk, S J Sprott, W E Wright, Murray Legate.

Stole To Enlist

Orangeville, Aug. 5.—Roy Stinson and Guy Martin, two respectably connected youths of this town, aged eighteen, who were apprehended on Tuesday in Toronto through the cleverness of Detective McConnell and brought here last night by High Constable Marshall, appeared before Police Magistrate Pattullo here this afternoon. The accused, who wanted to enlist, broke into the store of Fred Doherty, a local merchant, late on Monday night, selected two new bicycles and rode to Toronto. An attempt to sell the wheels created suspicion, and their arrest quickly followed. To-day they pleaded guilty and were remanded for sentence. The wheels were returned. It is thought that the local authorities will facilitate the desire of the young mon to enlist, and in that case sentence may be suspended. Stinson has a brother at the front in a cycle corps.
