The beautiful State of the Ducks.
OUR American neighbors would be proud to add to their vast territory those five large States, but they have not got them yet, and I earnestly hope they never will. MORRISON has 100 barrels XXX Pastry Flour, from new Wheat.
MORRISON has 250 barrels Extra Family Flour, from new Wheat.
MORRISON has 300 bags No. 1 Superfine Flour, to arrive this week.
MORRISON sells good Family Flour as low as some of those two-penny half-penny shops sell an inferior article.
Buy your Bran from Morrison; it is fresh and from fall Wheat—*none of your two-year old musty stuff.*
Buy your Shorts from Morrison, fresh and sweet; it will do your animals good.
If you happen by accident to drop into one of those two-penny half-penny concerns, dart out at once, and make tracks for Morrison's, where you will find everything to suit you, where everything is well regulated and in good order, where no inferior goods are sold, and you will at once arrive at the conclusion that you have found the Toronto Wholesale FLOUR STORE, and a man that understands his business, in MORRISON.
Kiln-dried Oatmeal, the best in Canada.
Double Bolted Cornmeal for family use.
Wheatmeal from picked new Fall Wheat.
Cracked Wheat from fresh ground best white Winter Wheat.
The above goods are specially manufactured for my customers, and I defy competition.
SELF RISING OR PATENT FLOUR.
I have received a small quantity of Patent Flour, and as most of my customers are fond of good things, I would recommend it as being very good for bread, Windsor tea cake, very superior luncheon cake, pastry, &c., &c. An excellent pudding may be made by merely mixing some of the flour and water together, boiling it in a cloth, or steaming it, with room for expansion, and using a little nice melted butter with sugar for sauce. Pancake fritters &c. are very superior when made of this flour—no eggs need be used.
N. B.—I have a few choice SUGAR-CURED HAMS still on hand.

AMERICAN WATCHES.
THE AMERICAN WATCH Co.
OF WALTHAM, MASS.,
Having recently increased their facilities for manufacturing Watches, by large additions to their buildings and to their force of workmen, are desious of introducing their products into Canada, a market which they have hitherto been unable to supply, owing to the large demand for their Watches in the United States.
The reputation which these Watches have acquired in the States, may be judged of by the fact that since the Company began their business, nearly 150,000 Watches of their manufacture have passed into use among the people, and have given, with rare exceptions, the utmost satisfaction to all who have tried them. They have superseded in this market all other Watches coming within the range of their prices.—The Company have attained this result solely by making
GOOD WATCHES,
AND SELLING THEM AT MODERATE PRICES.
At the present rate of Exchange between the two countries, American Watches can be sold for Canada currency at about one half of the currency prices in the States; and as we have not advanced the prices of our Watches since the war commenced in proportion to the rise of gold, this state of exchange renders them cheaper, in reality, than they were before the war.
The Company do not solicit orders for single Watches, but will be happy to furnish every one with full information respecting them, and to fill such orders from the Watch Trade as they may be favored with.

$10 A DAY TO AGENTS.
Lloyd's Great Topographical Railway and County Map of England, Ireland, Scotland and Wales.
SIX Feet Large, mounted and varnished; cost $100,000 and four years' time; was finished July 28, and is the best map ever made since the world was formed; shows 200,000 cities, towns, villages, market places, post offices, castles, country seats, and 38,000 railways and railway stations, with the distance between each station marked plainly, and the official name and total length of each railway in actual operation up to June, 1865 is given. The railway stations are all numerically and alphabetically arranged. The lakes, rivers, hills, and mountains are exhibited, with the attitude of each in feet, made from trigonometrical surveys by our own engineers, draughtsmen and photographers, sent to England expressly to make a superior map of that country; the whole engraved on steel, colored superbly in counties, mounted and varnished. Price 8 shillings sterling ($2). No map at $00 can compare to this. Canvassers throughout the world wanted. Also men with a small capital to go to Canada, Chicago, Cincinnati, Nova Scotia, New Brunswick, East and West Indies, Australia and California, to open offices. Can make a fortune wholesaling this and other maps to sub-agents. Eighty thousand copies of this map were subscribed for in England before going to press, as can be shown by our agents' letters to us.—Ten new maps now under way.

SAUCE—LEA AND PERRIN'S
WORCESTERSHIRE SAUCE
PRONOUNCED BY CONOISSEURS TO BE THE ONLY GOOD SAUCE AND APPLICABLE TO Every Variety of DISH.

Extract of a letter from a medical gentleman at Madras to his brother at Worcester, May 1851.
"Tell Lea and Perrins that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that is made."
CAUTION.
LEA AND PERRINS
Beg to caution the Public against spurious imitations of their celebrated
Worcestershire Sauce.
L. & P. have discovered that several of the Foreign Markets have been supplied with SPURIOUS IMITATIONS, the labels closely resembling those of the genuine Sauce, and in one or more instances the name of L. and P. forged.
L. and P. will proceed against any one who may manufacture or vend such imitations, and have instructed their correspondents in the various parts of the world, to advise them of any infringement of their rights.

YOUNG LADIES' ACADEMY
OF THE GREY SISTERS,
OTTAWA CONVENT.
Under the Patronage of His Lordship the Right Reverend Dr. Guigues.
THIS INSTITUTION, established some Twenty years ago, is well calculated by its position between Upper and Lower Canada, to afford the greatest facilities to French and English Young Ladies, for acquiring a complete education in their mother tongue and at the same time, in another tongue that is foreign.
Nothing has been neglected that could contribute to attain this double end; and the ample and honorable testimony constantly rendered proves the effort to have been successful.
Among many means employed to develope the intellect and cultivate a literary taste, are a well regulated Post Office and a Weekly Newspaper, edited exclusively by the young Ladies.
In the Commercial course a practical emulation is excited by a Bank and Commercial Rooms, in which business is transacted in both languages.
It is a particular point of the rule that some of the recreations of the day are, each alternate week, strictly French, or entirely English, for those who are capable of speaking both languages.
Those who study Music will find everything that could secure them rapid and brilliant success; for this, it suffices to say that no fewer than Six Teachers are devoted to this Department, which embraces the Harp, Piano, Guitar, Melodeon, Organ, &c.
A similar number of Mistresses preside over the different kinds of Painting in Oil, Pastille, Poonah Painting, and the different kinds of Drawings, Embroidery, Wax Work, Artificial Flowers, &c. The Ornamental is not permitted to supersede the useful; for all the pupils are obliged to learn the theory and practice of Domestic Economy.
No distinction of Religion is made in the admission of pupils. Children of different denominations, though obliged to conform strictly to the order of the House, are not required to assist at the Religious exercises of the community.
☞ Circulars containing particulars can be obtained by addressing the Lady Superior.
The Classes will re-open on the First of September.
