VICINITY CHIPS

Dr. Fred Murray of Toronto spent Saturday and Sunday in town.

Mr. and Mrs. Leavell left on Tuesday for their home at Parma, Idaho.

Miss Mae Jamieson left for Porcupine on Monday to pursue her calling as nurse.

Mrs. McVicar gave a very interesting talk at the Epworth League Monday evening on Canadian poets.

Born—On March 24, at Cornation General Hospital, to Mr. and Mrs. Jacob Parslow, a daughter, Mary Elizabeth.

Mr. J.I. Graham of Vandeleur, has 900 maple trees tapped this year. He says the season has been very poor thus far.

Mr. Joe Alexander, who has been in Dundalk all winter, returned Saturday to take up summer duty with M. Scully Co.

Mr. McDonald, who has been called to the pastorate of the Baptist church here, is moving to town this week from Blind River, his last charge.

The Advance received last week a couple of relics from the battle field of Flanders. One is a portion of an exploded German shrapnel shell and the other has not been identified at time of writing. Call in and see if you can tell us what it is.

The Maxwell Branch of the W.I. will meet at the home of Mrs. W. Wright, Maxwell, on Thursday, April 13, 1916, Topic—"How to have and care for a good lawn," by Mrs. W. Wright. Mrs. C. A. Carruthers, District Sec. of Centre Grey W.I. is expected to be present.

Master Cecil Loucks, youngest son of Mr. P. Loucks, had a pretty nice present delivered to him one day last week, in the form of two two-weeks old heifer calves. The little animals were thoroughbred Holsteins and were a present from his uncle, Mr. Hermann Fetterley of Russel, Ont., who is a large raiser of this breed of animals.

Noah Pivnic was again up before the magistrates' court on Friday last, charged with selling red-eye. Some nineteen bottles had been discovered on his premises, secreted in various odd corners, but no evidence of sale was advanced and the case was dismissed. Noah has gained considerable experience since the flood and now he is wiser than ever.

A meeting of Directors of East Grey Agricultural Society was held on Thursday afternoon last when some important business was transacted. Mr. Buskin who has been secretary for the past two years, tendered his resignation, which was regretfully accepted as he made a very competent official. A motion appointing Mr. Avery Hawken as his successor was adopted, Mr. Hawken to take up his duties forthwith. Some changes were made in the prize list, and the date of the next fall fair remains the same as last year, September 28 and 29.

Word was received here Monday that Miss Florence Bunt, the second daughter of Mr. W. H. Bunt of Owen Sound, broke her hip on Saturday when she attempted to descend on the rod leading from the dormitories in the fire hall. With several companions she was selling copies of a patriotic paper and were being shown over the fire hall. Mr. Bunt was all packed up preparatory to his return to Flesherton this week, when the accident occured.

The Department of Education has issued instructions that certificates will be granted to High school students who remain in attendance up to April 20, and who enlist for active service or enter agriculture before May 20, provided they are in attendance at a High school which has been granted approved standing by the Inspector and are recommended by the teaching staff for this certificate. It is expected that several of the Flesherton pupils will avail themselves of this offer.

For sale—A fine chesnut gelding, general purpose, in good order, weight 1200 lbs, age 11 years, perfectly sound. Apply B. WELTON, Flesherton.

Prof. Lane of Victoria College occupied the pulpit of the Methodist church Sunday morning and preached an eloquent sermon on behalf of the Educational fund of the church. He preached in Dundalk in the evening.

The Springhill young people gave a pie social in the Red School on behalf of the Red Cross fund, on Friday evening last. The roads were bad and the attendance not large, but what lacked in numbers was quite made up in enthusiasm. The program consisted of music, two short plays, a couple of duets by Misses Agnes and Muriel Henderson, and a short speech from the chairman. Two quilts were sold, which materially added to the funds. The first quilt brought five dollars and was purchased by W. Caswell. The second was purchased by Mrs. Alf. Harrison at four dollars and was generously donated for a second sale. On the second offering Mr. Caswell was again the purchaser at three dollars. Altogether, with a ten cent drawing, these two quilts brought something like seventeen dollars, and the total proceeds amounted to over $33. Mr. Joe Blakley occupied the chair and Mr. Tom Henry auctioned the quilts.

New Regulations

Memo. of Special Regulations made by the Ontario Department of Education regarding the enlistment of men attending the High and Continuation Schools and Collegiate Institutes:

The Department will exempt for overseas service young men who preparing for the examinations of next June for admission to the Normal Schools and the Faculties of Education (not including the University Matriculation,) from said examinations, and will grant them the certificate based thereon, on the following conditions:

1. The school the candidate is attending must have been approved for the purpose by the Inspector concerned.

2. The candidate must obtain a certificate from the Principal that he has been a regular attendant up to April 20th, or up to the date of his enlistment thereafter; and that in the opinion of his teachers he is qualified to receive the cerificate for which he has been preparing.

3. The candidate shall enlist for overseas service not later than May 12th.

A Thirty Cent Railway

The C.P.R. Company must be in dire financial straits, judging by a recent order issued by the headquarters staff in Toronto. Beginning with April 1 the station here is closed up at six o'clock p.m. each day and does not open again until next morning. This means a saving of thirty cents a day to the company at this station. But it means a vast deal more than that in inconvenience to the travelling public and financial loss in many ways. It means that the station remains in darkness, no tickets can be sold for the night train, no baggage can be put on or off, no express, perishable or otherwise, can be secured by that night train. It means that travellers for surrounding points cannot take their baggage home with them and will have to make a second trip to the station for it. Only the ordinary conductor's ticket can be purchased on the train with the usual percentage added and the usual, indignation added of applying for the usual ten cent refund.

There is a pretty indignant population in this section over the new regulation. This is not confined to Flesherton alone, the order affecting every citizen of the townships of Artemesia and half of Osprey. Perishable express coming by night goes on to Owen Sound and returns next day; Saturdays it would not return until Monday. Farmers who wish repairs for implements cannot get them the same day if ordered by phone and baggage cannot be taken home with night travellers.

These things will provoke strong protests. On Saturday Artemesia Council heard of the new order and forthwith passed aresolution condemning the order and strong petitions of protest will be sent in to the Railway Board, which it is hoped will have the effect of restoring the old order of things. The commercial travellers are also hit hard and are putting up a strong kick. The thing looks like a penny wise and pound foolish innovation.

Barred Rock Eggs For Sale

Pure bred Barred Rocks eggs for sale. Fowl from Guelph Agricultural Iiststitution. Fifty cents per setting of thirteen. —HAROLD McLEAN, Flesherton.

Horses Wanted

Mr. M. Segal of Toronto will be in Flesherton on Thursday, Friday and Saturday of this week to purchase horses for the government, also good working horses. Good prices paid.

David Laughlin, a Caledon farmer, was found dead in bed at his home. Deceased lived with his nephew, Cyrus McClure, who left him in bed when he went to the barn to do the chores. When McClure returned to the house he found that the old gentleman was still in bed and upon a closer investigation was horrified to find that he was dead. He had been suffocated by gas fumes from a defective coal stove. Laughlin was about 55 years of age and unmarried.

GUNPOWDER PLANTS.

Many Precautions Must Be Taken to Avoid Accidents.

Workers in gunpowder plants whenever a storm comes up adjourn to the watch houses surrounding the plant proper and enjoy themselves till the storm is over.

Lightning is not the only danger dreaded in gunpowder plants, however. Metal is dreaded—its hard surface may cause explosions—and hence on the workmen's clothes the buttons must all be of bone.

The workmen's clothes must be pocketless so that they may not carry matches or knives, and a workman, no matter how dandified his tastes, must not wear turned up trousers since in turnups grit is harbored, and grit in a gunpowder mill is as dangerous almost as fire.

In all the buildings of these plants not a nail head or any sort of iron material is exposed. The roofs, too, are made very slight, so that in the event of an explosion they will blow off easily. The doors all open outward to make escape easy, and the plant is usually surrounded with a stream of water, into which the hands are trained to dive at the first sign of danger.—Cincinnati Commercial Enquirer.

COCKSHUT DISC DRILLS

Thorough cultivation of your land. Careful selection of seed and a dependable Seed Drill are the three essentials to good Crops. Every farmer realizes the importance of the first two, but many overlook the third. There is just as much difference between different Drills and the work they do as there is between various qualities of grain.

Cockshut Disc Drills are made on Principles proven correct by many years of actual service in the field. They work well, wear well and are easy on horses. Every working part is fitted with a large oil cup, so it gets ample lubrication and makes the Cockshut the easiest running Drill on the Market. We have a special Cockshut Drill Booklet and will be glad to give you a copy on request.

D. McTavish - - Flesherton.
