W H. Thurston- Editor

Artemesia Council

Artemesia Council met on May 6, the Reeve in the chair, members all present. Minutes of last meeting were read and confirmed. Communications as follows were presented : Lewis Sheardown, affidavit of having sheep killed by dogs ; David Harrow, affidavit of having sheep killed by dogs and valuation by H. Piper, inspector ; Report of Messrs. McKenzie, Bacheler and Stinson on the advisability of deviating 40 sideroad from South Line north, estimating that to do so would cost approximately $3500, also reporting on the approaches to bridge at lot 38, con. 2 S.D.R., and bridge at Gillies' Lake, South Line ; letter from Dominion Railway Commission in answer to resolution re Flesherton station ; the Advance, account for printing, assessment rolls and supplies, $26.23 ; T. J. Stinson, account for work attending to bridges, etc. ; R. McDowell C. E., account for balance service on 8th line, bridges, etc.

Bylaw No. 8, 1919, to borrow $2000, was introduced and passed.

Mathewson— Bacheler — That David Harrow be paid $16 for sheep killed by dogs, the same being certified by H. Piper, inspector—Carried.

Bacheler—Stinson—That the account of W. H. Thurston of $26.23, for assessment rolls, advertising and supplies be paid—Carried.

Cameron — Mathewson — That Mr. Stinson be paid $7 of his bill for committee work, the Reeve be paid $5 for 2½ days' committee work, and Mr. Bacheler $4 for two days' committee work—Carried.

Bacheler—Cameron—That the Reeve and Clerk execute the contract with T. Mercer for supply of electric power and light when the Commission has furnished a satisfactory form of contract—Carried.

Cameron—Mathewson—That in the matter of request of Messrs. Lyons and Neillson re tile ditch at lot 190, con. 2 S.W., Mr. Bacheler be requested to examine the ditch in question and report at next meeting of this Council—Carried.

Cameron—Mathewson That the scale of wages to be paid by commissioners this year be as follows : Man and team on grader, $3.50 per day ; man and team ordinary work, $3.25 per day ; men per day, $1.75—Carried.

Cameron—Mathewson—That the report of committee appointed to examine 40 sideroad and bridges on South Line, being the Reeve and Messrs. Bacheler and Stinson, be received, and the Council accept the recommendation of the committee, and the suggested improvements be made to the bridges in question. With regard to 40 sideroad, this Council considers the cost of making the road and bridge too large for the work to be done at the present time. The Reeve and Mr Stinson be a committee to do the work on the bridge and $100 is hereby granted towards the building of approaches to Pritchard's bridge.—Carried.

Cameron — Bacheler — That special grants to supplement the former appropriations be made as follows : On Collingwood road east of 25 sideroad, $75 ; 25 sideroad north to and in Eugenia, $75 ; and north of Eugenia $50, to be expended in grading and gravelling ; on townline Artemesia and Proton $100 if Proton will expend an equivalent ; $50 from Ceylon to Flesherton, and $25 east of Flesherton to Beecroft's hill—Carried.

Mathewson—Cameron—That the clerk hand over to Mr. Gorley his agreement for work on certain streets in Eugenia, he having fulfilled the conditions.—Carried.

Cameron—Stinson—That the Reeve, Mr. Bacheler and the mover be a committee to examine bridges at Saugeen Junction and Eugenia and report at June meeting on their condition—Carr'd.

Cameron—Bacheler — That the first sitting of the Court of Revision on the assessment of 1916 be held at 10 o'clock a.m. on the third day of June, 1916—Carried.

Council adjourned.

The Horse Question

Is the farmer justified in believing that the firm tone of the horse market and the present high prices for live stock rest upon a secure foundation ? May he look forward with any confidence to the next season's or next year's market ? Should he prepare, as against an advertised shortage and high prices for all classes of farm animals, by breeding a larger number of mares or of cows, sheep, hogs and poultry ? We are confident that the farmer has never been in a more secure position than the present, as regards the extension of breeding operations, but, to enable him to form more easily his own conclusions, the following facts are submitted ;

Since the outbreak of the war, the British Remount Commission has purchased in Canada 15,000 horses. 8,000 have been bought by French contractors and 25,000 by the Canadian Department of Militia. The Depsrtment of Militia is now engaged in buying an additional thousand head. The British Remount Commission has purchased over 700 since March and is buying daily in Montreal. French contractors are anxious to obtain supplies and are arranging to buy all that are available both in the East and in the West. It is understood that, as a result of the purchases already made, army buyers are finding it increasingly difficult, both in United States and Canada, to readily secure the number of horses which they require, particularly the type suitable for heavy cavalry or heavy artillery.

In addition to the purchases for army accout, commercial activities from two distinct quarters has exerted a very evident influence upon the Canadian horse market during the last three or four months. Since the beginning of the year, 6,000 horses reached Winnipeg Stock Yards from Eastern Canada and 5,917 were shippad from the same yards westward, mostly to Saskatchewan. During the months of January, February and March, 1,805 horses were exported to the United States. A few hundred more went forward to the same market in April. The horses exported were good farm chunks weighing from 1,300 to 1,500 lbs. As high as $500 a pair were paid for animals possessing extra quality and conformation. This new movement in the horse market is having its effect upon prices all over Canada.

Buyers report that the better classes of drafters and farm chunks are getting scarce and hard to buy. The same holds true of good big roadsters and saddlers. The noticeable scarcity of good horses of these descriptions illustrates the fact that demand has already overtaken supply and makes it very evident that all the really good sound mares should be bred this year. It cannot be too stronply emphasized, however, that they should be mated only with strictly high class sires. The number of horses rejected by army buyers clearly indicates that there is no place for the unsound horse or for the unfit. Such animals have been, are now and always will be a drug on the market. Breed to the best if you would have the best. Unsound or malformed mares are just as bad as unsound stallions. It is easier to raise a good animal than a poor one. Manage the work on the farm this spring in order that the best mare on the farm may be regularly returned to the horse. Next year, a good crop of sound, healthy colts will be as good as a bank account. Canada is likely to enter shortly the commercial export market and that market will require all you can produce.

Village of Flesherton

COURT OF REVISION

Notice is hereby given that the first setting of the Court of Revision on the assessment roll of 1916 for the said municipality, will be held on Thursday, the 1st day of June at 8 o'clock p.m.
God Save the King. W. J. BELLAMY, Clerk.

Township of Artemesia

COURT OF REVISION

Notice is hereby given that the first sittings of the Court of Revision on the Assessment Roll of 1916, will be held in the Town hall on Saturday the third day of June 1916 at 10 o'clock a.m.
God save the King.
W. J. BELLAMY, Clerk.

Florence Reid was granted a divorce on May 1st at Detroit from Robt. Cook, formerly of Orangeville, on charges of cruelty and non-support.

Rev. Mr. Morris, pastor of Trinity church, Durham, has accepted the call to St. Paul's church, Shelburne.

Mr. W. H. Trimble, an Amaranth farmer, had a noteworthy increase in his flock of sheep this spring. Twelve of his ewes gave birth to triplets—36 lambs altogether.
